IT IS SO!

Farm land is bound to raise in price before ong. Now is the time to buy. I have a number of good improved farms to sell or trade. Can give possession any time. Money to loan at 6 and 7 per cent. interest. If you want to buy a home, don't forget to look at my list of houses and beautiful lots in all parts of the city. Respectfully,

LOUIS F. CURDES,

Home Phone 622. 8 & 9 Pixley-Long Block.

BABY'S FACE

LOOKED LIKE RAW MEAT.

Our baby's face and neck was all raw meat, and something awful to look at. The way that child suffered, mother and child never had any rest day or night as it constantly itched, and the blood used to flow down her cheeks. We had doctors and the dispensary with no result. By using CUTICURA RESOLVENT, CUTICURA (ointment), and CUTICURA SOAP, the *child was entirely healed.*

Mrs. GARNJOSS, 213 Nassau Ave., Brooklyn.

MOTHERS, to know that a warm bath with CUTICURA SOAP, and a single anointing with CUTICURA, will afford instant relief in the most distressing of itching, burning, and scaly, infantile humors of the skin and scalp, with loss of hair, and not to use them, is to fail in your duty.

Sold throughout the world. POTTER DRUG AND CHEM. CORP., Props., Boston. How to Cure Baby Humors, free.

## HOME FOR SOLDIERS

### Great Volunteer Armies to be Mustered Out.

### One Hundred Thousand Men Will Quit the Service.

### All Facilities of the Railroads are Employed.

#### Many Regiments Will Go to the Capitals of Their States, Others to Knoxville and Lexington.

WASHINGTON, Aug. 23.—It is expected that the order for mustering out 100,000 men of the volunteer forces will be issued tomorrow. The list of troops to be mustered out is nearly complete, but some changes no doubt will be made before the order is finally signed. This will reduce materially the number of troops in the different camps.

The third corps, which has been commanded be General Wade, has been ordered from Chickamauga to Huntsville, Ala. One regiment will be retained at Chickamauga, under General Boynton.

### ORDERS TO ABANDON CHICKAMAUGA PARK.

CHICKAMAUGA, National Military Park, Aug. 23.—The war department has ordered General Breckenridge to abandon Camp Thomas, at Chickamauga park, and the general is using every means to comply with the order as rapidly as possible. The various regiments have received orders to pack up and be ready to get out on short notice, and all have gone about obeying orders in a systematic and rapid manner. As fast as railroads can furnish transportation the men will move.

A large number of the regiments have been ordered to their state capitals. The others will be sent to Knoxville, Lexington and Huntsville, Ala. Many of the regiments of the second and third divisions of the First corps are already moving to Knoxville and Lexington and as soon as possible all the regiments of the Third corps not ordered home will go to Huntsville. Gen. Breckenridge, the commander of Camp Thomas, will go to Knoxville or Lexington. He states that he has not yet received definite information as to which of the two camps he will be ordered. All that wil be left at Camp Thomas will be the hospitals where the men are too sick to be moved and one regiment which will act as a guard. It is not known where the light artillery and Colonel Grigsby's rough riders will be sent as no orders relating to them have been issued. The First Maine infantry broke camp and left for home today.

### PRESIDENT HEARS FROM DEWEY AND MERRITT.

WASHINGTON, Aug. 23.—The following dispatches from Admiral Dewey and Major General Merritt, acknowledging the president's congratulations on the fall of Manila, were made public today at the white house:

"Manila—To President McKinley, Washington, D. C.: On behalf of squadron and myself I thank you most heartily for the congratulations and thanks you were pleased to express. It will always be a source of pride to us all to have received such commendation. Your cable will be published on board the ships of the squadron tomorrow.
"GEORGE DEWEY."

From General Merritt:

"Manila—To the President, Washington, D. C.: For my troops and myself accept my sincerest acknowledgements for your generous praise of the success of our campaign. America may well be proud of the troops. MERRITT."

### SPAIN DECORATES FIVE FRENCHMEN.

MADRID, Aug. 23.—7 a. m.—The Official Gazette, which publishes this morning a decree conferring decorations upon M. Cambon, the French ambassador at Washington, M. Patuenotre, the French ambassador at Madrid and M. Delcasse, the French minister of foreign affairs, names also for decoration M. Thiebaut, first secretary of the French embassy at Washington, and M. De Granpre and J. Becufve, both of the French embassy at Washington.

Another decree appoints the Spanish military commissioners for Cuba and Porto Rico.

### ADMIRAL SCHLEY HAS BEEN SICK.

WESTPORT, Conn., Aug. 23.—Rear Admiral W. S. Schley, who has been indisposed at the Saugatuck residence of R. S. Wortley, his son-in-law, was feeling much improved when a representative of the Associated Press called this morning. The distinguished officer could not be seen. His physician had given strict orders for his patient's close seclusion. Mr. Wortley, however, announced that the admiral had passed a comfortable night and this morning was so far improved as to render it possible for him to leave his room and breakfast with the family.

Later in the day it is proposed to take the admiral on a carriage drive. The report that the patient is suffering from a Santiago-contracted fever is announced to be erroneous. Dr. J. Gregory stated this morning that no symptoms of fever have been discovered. He characterizes it as nervous exhaustion and the reaction incident upon a sudden relief from the exciting events of the past few months.

Admiral Schley purposes to go to Washington tomorrow if possible.

### ARE PROMOTED FOR GALLANT CONDUCT.

WASHINGTON, Aug. 23.—The president today made the following promotions in the navy for "eminent and conspicuous conduct in battle:" Lieutenants Benjamin Tappan and Thomas M. Brumby to be advanced five numbers in the list of lieutenants, Ensigns Harry H. Caldwell and Wm. P. Scott to be advanced five numbers in the list of ensigns, Naval Cadet Wm. R. White to be advanced five numbers in the list of naval cadets performing service at sea.

The president also advances Acting Carpenter James I. Haley to be a carpenter in the navy.

### MUCH SICKNESS AMONG PORTO RICAN TROOPS.

PONCE, Porto Rico, Aug. 23.—Noon.—Illness among the American troops is on the increase, and there are now nearly a thousand cases of malaria and dysentery, with a few of typhoid fever. There is absolutely no recuperating property in the climate, and Surgeon General Greenleaf has urgently recommended that the sick be sent north as rapidly as possible.

It is reported that there is yellow fever at San Juan, but Surgeon General Greenleaf's advices do not confirm the rumor.

Last night the heavens seemed ablaze to the eastward and the fire alarm was given out. A detachment of the signal corps went as far as Santa Isabel, but found all quiet there. The fire was not located.

The yacht May, carrying Mrs. Van Rensselaer's party and Lieut-Col. John W. Clous, who has been designated as secretary and recorder of the commission on the government of Cuba, sailed for Havana today.

## A TUNNEL HORROR.

### Eight Laborers Killed Near Pittsburg.

#### A Cave-in in the Carnegie Tunnel Sends Half a Score of Italians to Eternity.

PITTSBURG, Pa., Aug. 23.—Eight men were killed, possibly ten, and five more injured, two fatally, at the Carnegie tunnel on the Chartiers division of the Panhandle railway last night. The accident was due to the wall of the tunnel caving in on a number of workmen. The dead are:

John Jones, foreman, married and lived at Ashton, Va.

Felix Mills, laborer, married and lived at Glendale, Pa.

Six unknown, all foreigners.

Five men were injured. One of these, a negro, name unknown, was taken to the West Penn hospital in a dying condition. One of the others is also expected to die. The men were part of a gang of sixty-eight employed by Contractor Casparius, from Columbus, Ohio.

They were engaged in tearing out the tunnel on the Chartiers valley branch of the Pan Handle railroad, just west of the town of Carnegie.

The work is being done entirely at night, in order not to interfere with traffic during the day. It has progressed for a month without accident, and was nearing completion.

Last night the gang of workmen were engaged in loading the train used in hauling out the dirt from the tunnel. A blast had been set off about an hour before.

The men were preparing to pull down the west wall of the tunnel, had fixed a rope for this purpose and were preparing to drill some holes in it for blasting. Suddenly the wall fell over on them. Every man standing at that end of the big excavation was buried alive.

Without an instant's hesitation the other workmen at once began the work of rescue.

Felix Mills was one of the first taken out. He was still living and was sent to his home in Glendale. He died there about three hours later.

The unknown colored man was next reached. A special train brought him to the West Penn hospital at once, but it was not thought he will live. The bodies were recovered rapidly after that.

Seven of the men were taken out dead. The others are yet unaccounted for and are supposed to be under a great pile of rock at the eastern end of the tunnel.

Most of the men employed on the work are Italians. They go by numbers instead of names and nothing is known of their family relations. Their fellow workmen were too busy this morning seeking for more dead to identify any of the bodies.

## A PYTHIAN PARADE.

### Uniformed Knights March at Indianapolis.

### Six Thousand Men Participate in the Review.

### Greatest Military Spectacle Seen at the Capital.

#### The Meeting of the Supreme Lodge Inaugurated—Reports of Supreme Officers Presented.

INDIANAPOLIS, Aug. 23.—The supreme lodge Knights of Pythias began its biennial session at the hall of the house of representatives at the state capital this morning. The supreme officers were escorted from headquarters at the Denison to the state house by the supreme representatives and a special guard of honor from the uniform rank. The rooms were beautifully decorated with the Pythian colors and emblems of the order and the galleries which were thrown open at an early hour were, soon crowded with the wealth and fashion of the city. Caleb S. Denny, ex-mayor of Indianapolis, who is chairman of the citizens' executive committee, called the meeting to order.

Mayor Taggart, in a brief address, welcomed the supreme lodge and hoped that its session would be of great value to the order throughout the world. On behalf of the state of Indiana, Governor James A. Mount welcomed the lodge, and on behalf of the grand lodge of Indiana, Grand Chancellor Union B. Hunt made an address of welcome. Supreme Chancellor Colgrove replied for the supreme lodge in a speech of about ten minutes. One or two other prominent members of the order made remarks, and at 11 o'clock the supreme lodge settled down to business after the galleries had been cleared.

The supreme lodge is in poor financial condition, having less than $10,000 on hand, and this fact has caused some of the members to severely criticise the present supreme officers, and some of these charges found their way into the public press, causing a great sensation. The supreme lodge late yesterday afternoon appointed an investigating committee to ascertain who furnished the charges to the papers and it is the intention to expel the offending member, not only from the supreme lodge but from the order, and there is talk of suits against the papers that printed the charges. It is this condition of affairs that has caused a determination on the part of the supreme lodge to change the manner of raising revenues for the supreme lodge.

It is the intention to have passed at the beginning of each supreme lodge meeting an appropriation bill similar to the bills passed by congress and the state legislatures and to raise this money a tax will be levied on each member of the order. There is considerable opposition to this plan and a hot fight is anticipated. The officers of the supreme lodge will be elected Thursday morning and a hard fight is being made against the present incumbents but it is thought they will be re-elected except that Charles E. Shively, of Richmond, Ind., is leading for the position of vice chancellor.

There are about 45,000 strangers in the city, of whom 15,000 are in uniform. More than 8,000 members of subordinate lodges are in attendance.

The great Pythian parade this afternoon was witnessed by 75,000 people. About 13,000 members of the uniform rank, and 6,000 members of the subordinate lodges participated. The parade was reviewed by the supreme and grand officers and the officers of the state and city. It was the largest secret society parade ever held in this city. There is a strong fight between Louisville, Ky., and Detroit, Mich., for the next session of the supreme lodge and delegations from both cities have opened headquarters and are making things exceedingly lively.

The annual reports of the supreme officers were read this afternoon, after which the lodge adjourned to witness the parade.

The annual report of the supreme chancellor, Phillip T. Colgrove, of Michigan, contained the following:

"Pythianism has found an abiding place in every part of this great North American continent. While in our upward career we have not reached the zenith, yet we have come to a place where our growth numerically must necessarily be less. During the past ten years our growth has been nothing short of phenomenal, and we have not been prepared to confront the fact that our order should ever reach the time when its growth should be less rapid. We cannot deny the fact that we are brought face to face with a condition that requires the united effort, the highest intelligence and the thoughtful consideration of every member of this body."

The report of R. L. C. White, supreme keeper of records and seal, was in part as follows:

"The total number of subordinate lodges December 31, 1897, was 6,683, and the total number of members 468,269—a net gain during the calender year of forty-six lodges and a net loss of 1,022 members; and a net gain during the years 1896 and 1897 of 179 lodges and 3,730 members. We sustained a net loss of membership during the past year—the first since 1878. But, when we take into consideration the depressed financial condition of the country, we should congratulate ourselves that the loss was not larger. We have done as well as any of the fraternal organizations, and better than most of them."

The report of the board of control, Endowment rank, stated that the progress and continued success of the rank had been exceedingly gratifying in every particular. During the past biennial term there had been added 859 new sections and 18,869 new members, with insurance to the amount of $27,895,000. There are now 3,347 sections with 53,579 members carrying an endowment of $100,000,000. The last quarter ending June 30, 1898, gave promise for the present year, the books showing 93 new sections formed, 2,227 new members added and endowments secured to the amount of $3,100,500. During the last two years there had been paid to the beneficiaries of the deceased members $2,182,500 making the total paid to widows and orphans in twenty-one years, $12,445,000.

## THE MONIED MEN.

### Bankers' Association Meets in Denver.

#### Large Attendance at the Twenty-Eighth Annual Session—President Hendrix's Address.

DENVER, Col., Aug. 23.—The twenty-fourth annual meeting of the American Bankers' association convened at 10 o'clock today at the Broadway theatre. Most of the 500 delegates expected were in their seats when President Joseph C. Hendrix rapped for order. Chancellor W. F. McDowell, of Denver University, invoked Divine blessing.

After roll call Governor Alva Adams, of Colorado, welcomed the association to the state. Governor Adams, himself a bank president, made a rather lengthy address in which he good naturedly criticised many of the methods of modern banking. He advocated a postal savings banking system and a government guarantee for all deposits in national banks. He predicted an era of prosperity to follow the season of uncertainty produced by the war with Spain and a great widening of operations and influence of American financiers.

Joseph A. Thatcher, president of the Denver Clearing house, delivered an address of welcome on behalf of Denver bankers.

President Hendrix spoke in response to the words of welcome, following those remarks with his annual address to the association.

President Kendrix spoke in part as follows:

"The hard times are over; popular discontent has vanished, and the great North American chase for the dollar—first to get it, then to spend it—is in full cry. The only thing that we know with certainty about hard times is that they at last come to an end. Our most recent period of depression ended so suddenly that we can hardly realize the why and wherefore of it. At the beginning of this year the music we all love began once more. The first six months of 1898 has broken the record. We have never seen such bank clearings, never have had so many deposits and have never held so much gold as in that period. The railroads have never carried so much freight. Three-fourths of all the staples were higher on July 1st than they were the year before. The money circulation in the past year increased $197,400,000, and most of it was gold. The per capita circulation increased $2.17 for 74,522,000 people. Two great harvests have been cashed, and through the car windows coming here we saw a third getting ready. Less than 5 per cent. of the railroad mileage, out of 20 per cent. in 1894, remains in hands of receivers. Georgia has sold her peach crop for $2,000,000, and is awaiting the returns from the watermelons. And this is but half the story."

Concerning bankers President Hendrix said:

"Is banking a trade or a profession? That depends upon the banker. The man who worms along in a narrow groove gets a fixed vision and a contracted brain, and becomes a shopkeeper of money. To one of wider view, the function takes on the dignity of a profession. The field of usefulness is wide. The range of activity is great. To analyze accounts, to read markets, to understand aright the tides and the cross currents in the habits of money, to judge human nature, to detect the approaching financial storm, to guess the crisis in its passage, to arrange maturities, to sharply define commercial credits, to fortify against speculative borrowings, to steer clear of real estate, to stubbornly hold assets at the melting point against the tempation of fixed or slow investments, to remember that the best as well as the worst market has a tomorrow, to know the paying value of a goodly amount of cash, to be able to give his duty the benefit of every doubt, and to have the courage not to take more than the ordinary risk of business, is to know a banker's primer."

Continuing, the speaker called attention to the world's gold production as follows:

"Every banker has his eye on the enormous gold production of the world, in which Colorado is taking such a commanding position in this country. From the figures at hand it appears that the world's gold production for 1897 was $240,000,000, coinage value, and that in less than ten years the annual yield has doubled, and is now greater than the combined production of both gold and silver was ten years ago. If the increase continues we have a bigger question than we now appreciate. The estimate of the gold production for 1898, based on the large returns already in, is $275,000,000. The gold production of Colorado last year placed her first in the list of gold-producing states. Her gold product this year will probably exceed in value the silver product of 1890, the year the Sherman law was passed."

Secretary James R. Branch then read his annual report. The secretary, who appeared in his uniform of major of the Seventh United States immune infantry, was received with enthusiastic applause.

## COLORED MASONS.

### Seventeenth Annual Convocation Now in Session.

#### The Attendance is Large and the Interest in the Sessions is Great—The Program.

The seventeenth annual convention of the Colored Royal Arch Masons of the Kentucky district is in session in the rooms of the local lodge, in the Tri-State building. J. W. Coleman, of Louisville, deputy grand high priest, called the meeting to arder, and Grand High Priest N. N. Newman presided. Committees were appointed yesterday and the following officers were elected:

Most Eminent Grand High Priest Companion J. W. Coleman.

Deputy Grand High Priest—J. W. Hopkins.

Grand King—Companion S. M. Raines.

Grand Treasurer — Companion George Sutton.

Then followed the installation of officers and the discussion of business pertaining to the good of the order.

The officers in attendance are Sir W. H. Perry, most eminent grand commander; R. A. Brown, right eminent deputy grand commander; J. R. Springer, very eminent grand generalissimo; J. W. Coleman, very eminent grand captain general; A. J. Lee, very eminent grand prelate; M. Graham, V. E. S. W.; W. Pettiford, V. E. J. W.; George Sutton, very eminent grand treasurer; W. H. Bullitt, very eminent grand recorder; James Smith, district deputy grand commander.

The visitors are being entertained by Lincoln Commandery, No. 8. This evening there will be memorial service at the African M. E. church, beginning at 8:30, opening with prayer by Grand Prelate Lee and memorial address by W. H. Brown, of this city. After this the grand commandery will hold services.

Thursday afternoon there will be a picnic at Centlivre park, the principal features of which will be a base ball game between Fort Wayne and Logansport commanderies, and a prize drill. Seventy-five dollars will be given as first prize and $50 as second prize. Preceding the picnic there will be a parade of all local and visiting knights.

Tomorrow evening Lincoln commandery will entertain the visiting and other guests at a reception and banquet at White's hall. Sir G. W. Brown will officiate as toastmaster, and addresses will be delivered by George A. Carter, of Louisville; Percy R. Peters, W. W. Bullitt, W. W. A. Kenzie and others.

### THE GOOD OF IT.

#### London Newspapers Discuss the Canadian Commission and Its Purposes.

LONDON, Aug. 23.—The afternoon papers dwell upon the momentous subject of discussion before the Quebec convention and the gratitude the convention will deserve if, as expected, it succeeds in affecting a lasting settlement of the question at issue.

The Pall Mall Gazette says:

"The convention has an appreciable bearing upon international politics from the fact that the United States and Great Britain are giving the world so striking a demonstration of a desire for a complete mutual understanding. It is a visible sign to all that the two nations mean to bury their superficial differences for the sake of attaining a fundamental unanimity without which treaties and alliances, no matter how formal, cannot endure."

The Westminster Gazette says:

"The convention may easily prove to be the most important imperial event of the year. It offers the first opportunity of materializing the new and better sentiment between this country and the United States. Too much, however, should not be expected of the Canadians, who have scarcely yet become infected with the sentiments that have had free play in England during the war. We may expect them to stand out for what they conceive to be their rights, even at some inconvenience to politicians in London.

"On the other hand the United States senate, unless there has been a change in its spirt and temper, may refuse to ratify the concessions made by the American commissioners. We must be thankful if, in these circumstances, a substantial first step is taken toward Anglo-American good will."

## FOR THE NEW NAVY

### Bids Opened for Building of Torpedo Craft.

### Twenty-Eight Destroyers are to be Constructed.

### Also an Even Dozen Boats to Shoot Torpedoes.

#### All are to be Best in the World and a Speed Approaching Thirty Knots Will be Required.

WASHINGTON, Aug. 23.—The navy department opened bids at noon today for sixteen torpedo boat destroyers, and twelve torpedo boats, to cost in the aggregate not exceeding $6,900,000, as provided in the last naval appropriation act. These twenty-eight destroyers and torpedo boats constitute the largest single addition ever made to the navy. The destroyers are to be completed within eighteen months, and the torpedo boats within twelve months. According to the requirements of the department the destroyers are to have a guaranteed speed of twenty-eight knots, and the torpedo boats twenty-six knots. The destroyers are to be about 400 tons, and are to cost not more than $295,000 each, while the torpedo boats are to be about 150 tons and to cost not more than $170,000 each.

These destroyers will be the first vessels of that type added to our navy, except those improvised from yachts during the recent war exigency. They are to have twin screws, vertical engines and a bunker capacity for carrying at least 100 tons of coal, affording some protection to engines and boilers.

The vessels will be lighted throughout by electricity.

They are to be built staunch and strong, with good free board, good sea going qualities and designed to operate at high speed in a sea way.

The battery will be composed of seven rapid-firing guns. The ammunition required will weigh about seven tons. There will be mounted on the midship line two twenty-foot torpedo tubes to carry seventeen-foot torpedoes.

Berthing space will be required to accommodate a crew of sixty men and four officers, and provision space for twenty days.

The torpedo boats are of much the same design but will be smaller. Their coal capacity will be forty tons against 100 tons for the destroyers, and their berthing space for twenty-six men and three officers. The battery will be composed of three rapid-firing guns.

There will be mounted on deck three fifteen-foot torpedo tubes, with torpedoes.

Representatives of all the great ship-building firms were present when the bids were opened. The bids, plans, etc., were piled several feet high, and there promised to be much delay and confusion.

Some of the department officials thought it would take two weeks to get the bids fully tabulated as they took a wide range, owing to the department's call for two classes of propositions, one based strictly on the department's plans and specifications, and others based on the individual ideas of the builders, all essential requirements being followed.

The first bid was that of the Bath Iron Works, Bath, Me., for one torpedo boat—speed, twenty-nine and five-tenths knots—at $161,000, or four at $160,000 each; one destroyer of twenty-nine knots at $292,000; two at $281,000, or three at $280,500.

Union Iron works, San Francisco, Cali., destroyers, twenty-nine knots, one $294,000, two or three $285,000 each; also destroyers, under second-class, one $294,000, two $282,000, three $281,500.

Wolf & Sewicker, Portland, Ore., one torpedo boat, $170,000; two $165,000; three, $163,400; four, $162,500; also destroyers, 29¼ knots, one, $289,000; two, $285,000; three, $282,000; also destroyers one $295,000; two $291,000; three $289,000. Neither Cramp nor Herreshoff bid. It will take some time to decide which are the most advantageous bids.

### DREW A CROWD.

#### The Mackayes Please Audiences at the Park Theatre.

"La Mascotte" at the park theatre yesterday and last night was witnessed by a large audience, which included many of the most prominent citizens. A feature of the entertainment last night was a small crowd in the free section and the occupancy of every seat in the reserved section of the large auditorium. "The Mascot" was well rendered, each character being repsented in a manner which reflected credit upon the individual taking it.

Today and tonight "Olivette" will be presented, and as it has been many moons since this popular comic opera has been presented on a Fort Wayne stage, it will doubtless draw largely. Indeed, the reserved seat section on sale at Woodworth's has already been nearly sold out.

### CRUSHED TO DEATH.

#### Stephen Bohart Met a Violent Death at Huntertown.

Stephen Bohart, a twelve-year-old boy, was run over and killed at Huntertown Monday afternoon. He was playing on a hayrack, which was hitched in front of the house, and to which a team of spirited horses was attached. The horse frightened at some object and ran away. The boy was unable to maintain his hold on the swaying wagon, and fell from the rack to the ground. The wheels passed over his body, killing him instantly. His body was not much mangled, and death resulted from severe internal injuries. He was a particularly bright little fellow, and his tragic death has caused universal sadness. The lad was a stepson of Stephen Warcup. Mr. Warcup is a brother of Mrs. Thomas Wilkinson, of this city.

## SNATCHED A $5 BILL.

### One Lad Takes It From Another and Hides the Money.

#### Officer Romy Gets After the Lad and Recovers the Money in the Lafayette Street Sewer—Notes.

Yesterday afternoon a resident of the south side gave his ten-year-old boy a $5 bill and sent him to a grocery to buy some groceries. On his way to the store the lad met a boy named Gay, about his own age, and the latter snatched the $5 bill and ran away. The matter was reported and Officer Romy made an investigation. The Gay lad for a time denied that he snatched the money, but when the officer threatened to arrest him he acknowledged his guilt and told that he had thrown the money in the Lafayette street sewer. He went with Romy to the sewer, crawled down into it and soon found the bill. He was then taken home, where his mother was sick in bed. She begged the officer not to arrest the lad and he could not resist the sad pleadings of the poor mother. The money was returned to the owner.

TOOK HER PICTURE.

Dora Rollins and her paramour, Wallace Haynes, were this morning taken to the city building to have their pictures taken. The woman objected strenuously but it did her no good. Her portrait will now grace the rogue's gallery Superintendent Gorsline has in his possession.

POLICE COURT.

Thomas Shaughnessey was arrested last evening for an alleged attempt to rob the rooms over Ed Keever's Columbia street saloon. This morning Mayor Scherer bound him over to the circuit court in the sum of $200.

Two tramps arrested by Detective Sommers were sent to jail.

Emmet Whiteman, a drunk, was sent to jail also.

## A RIPE OLD AGE.

### Mrs. Katherine Bastian Lived Almost a Century.

#### She Died Monday Morning, Leaving Descendants to the Number of One Hundred—Funeral.

Monday morning at 8 o'clock, at the home of William Soest, in Marion township, occurred the death of Katherine Bastian, the aged mother of Mrs. Soest. Mrs. Bastian was ninety-one years of age and up to last Saturday was in apparently good health, except that the ravages of old age had made inroads upon her strength. On Saturday evening she was taken ill and grew worse until Monday morning, when she passed away. Mrs. Bastian was born in Germany and came to America in 1868, locating in Allen county, where she has resided ever since. She was the mother of nine children, six of whom are still living as follows: Mrs. William Soest, Mrs. William Adams, John Bastian, of Allen county, Jacob Bastian, and Mrs. Louis Soest, of this city, and Mrs. John Pfeiffer, of Elgin, Ill. Surviving her besides the children are thirty-one grandchildren and sixty-three great grand-children, making a total of one hundred living descendents.

The funeral will be held from the home of William Soest, nine miles from the city, tomorrow afternoon at 2 o'clock. The remains will be laid to rest in the Lutheran cemetery near by.

### LOCAL LINES.

George Fister, of Grand Crossing, Ill., is the guest of Miss Carrie Weldon.

Mrs. Geo. E. Crane is the guest of Mrs. E. L. Siver at Rest cottage, Rome City, Ind.

George H. Krudop, the coal merchant, and Henry Franke, have gone to St. Louis on business.

The L. Y. L. will picnic at Swinney park next Friday afternoon and evening. W. C. T. U. and families are invited.

F. M. Smith, the hardwere merchant, leaves tomorrow for Detroit. From the City of Straits he will go to Buffalo and then to his old home in Watertown, N. Y., where he will visit for a short time.

The semi-annual convention of the W. C. T. U. meets at Maysville next week. Members will be present at the next meeting, Tuesday afternoon, to make arrangements to attend.

Word has been received from Los Angeles, Cal., announcing that Mrs. Fannie Webber, formerly of this city, is dangerously ill in that city. Her eye-sight is almost gone. Mrs. Webber went to California for her health about two years ago.

## WHAT DOES IT MEAN?

### Fort Wayne Battery Will Not be Mustered Out.

### A Preference Expressed to Remain in the Service.

### Such is the Telegram Received by Governor Mount.

#### Rank and File Have Petitioned to be Mustered Out—One Hundred and Fifty-Seventh Will be Ordered Home.

INDIANAPOLIS, Aug. 23.—[Special.]—The Fort Wayne battery, now at Chickamauga park, will not be mustered out of service. A telegram from the company to the governor expresses preference to remain in the service.

Governor Mount has a telegram from Colonel Studebaker, of the One Hundred and Fifty seventh regiment at Fernandina, saying that the officers of the regiment were willing to await orders from the war department, but that the men were anxious to come home.

Governor Mount telegraphed immediately to the secretary of war for orders and the regiment will be ordered to Indianapolis immediately.

Elsewhere in this issue of THE SENTINEL is published a copy of a petition sent to Congressman Robinson asking that an effort be made to have the Twenty-eighth Indiana light battery, now in camp at Chickamauga Park, mustered out of service. The petition is signed by nearly all of the non-commissioned officers and a great majority of the rank and file of the company.

Congressman Robinson has telegraphed the substance of the petition to Washington and dispatched the document itself by mail.

In view of these facts the foregoing telegram received this afternoon by THE SENTINEL from its regular correspondent at Indianapolis arouses something more than interest.

It cannot be conceived that the members of the Twenty-eighth have signed two petitions, each diametrically opposite the other in purpose and purport, nor can it be credited that the members who signed the petition sent to Congressman Robinson have so soon and in anything like unanimity repented of their action. There will be curiosity to know who was assuming to speak for the Twenty-eighth Indiana battery in the telegram sent to Governor Mount.

## ZION'S CLASSIS

### Of the Reformed Church Holds a Sunday School Convention.

#### Teachers From all Parts of Indiana are in Attendance—Miss Irma Miller Delivered the Address of Welcome.

The Sunday school convention of the Zions classis of the Reformed church of the United States met this morning in the Salem Reformed church with delegates from all the Sunday schools of Northern Indiana. A great many teachers were present, all showing great interest in the work which lies before them and showing their love for their work—feeding the lambs in the fold of the Lord. They met for the purpose of discussing the best methods of carrying on the work of the Sunday school and of disseminating to children those truths which shall serve to keep them in the path of the righteous.

At 10 o'clock the meeting was called to order by the president, Rev. B. Ruf, of Berne, Ind. He conducted the devotional exercises which were inspiring and helpful for all. Having thus invoked the blessing from on high, the address of welcome, delivered by Miss Irma Miller of this city, was heard. The address was cordial and Rev. B. Ruf responded, after which the Rev. J. Bosh of this city, gave an excellent address on "The Necessity of Teachers' Meetings for the Purpose of Studying Sunday School Lessons." The address was masterful, containing many helpful and encouraging thoughts. A lively discussion followed, in which many more inspiring, uplifting thoughts found expression.

This afternoon the meeting will be continued and many addresses will be delivered.

### LOCAL LINES.

Misses Thersea and Lizzie Bott, of Taylor street, who have been visiting relatives in Willmette, Ill., have returned home.

Miss Kittie Burkmeyer has returned from a two weeks' visit at Philadelphia and Atlantic City. While there she was the guest of Mr. and Mrs. Ed. Smith, formerly of this city.

Born, to Mr. and Mrs. Robert Klaehn—a son. The little one was born last Saturday, and while the newspaper fraternity has noticed Bob's peculiar actions for a few days they never suspected the real cause. He hasn't had any sleep for three nights.

Try a Cyclone Magazine Camera. It carries plates.
Size 2 1-2 x 2 1-2 $3.50.
Size 3 1-4 x 4 1-4 $6.00.
Size 4 x 5 - - - $10.00.
A complete stock of amatuer Supplies.

TUESDAY, AUGUST 23, 1898.

## TONIGHT.

**Reception**—Colored Masons at A. M. E. church.
**Machinists' Union**—Regular meeting.
**Board of Safety**—Special meeting.
**City Council**—Regular meeting.
**Lodges**—Grand Fraternity; Hibernian Rifles; Fort Wayne, No. 155, B. P. O. E.; Fort Wayne lodge, No. 1, Daughters of Workmen; Edwards Camp No. 3127, Modern Woodmen; Wayne Castle, No. 2, Knights of the Golden Eagle; Degree of Honor, Nos. 2 and 22; Fort Wayne No. 116, K. of P.; St. Julian council No. 87, C. B. L.; Daniel O'Connell council, C. B. L.; Deborah, No. 110, D. of R.; Darius council, Princes of Jerusalem.
**Robison Park**—Mackey Opera company every afternoon and evening this week.

MARK HANNA has evidently resolved himself into a presence to be felt, not heard.

THE council can adjourn tonight with the consciousness of having "done the best it ever done" if the curfew ordinance is passed.

LET the volunteers be sent home. This republic must not require as a useless sacrifice the lives, or even the health of her brave sons.

THE liquid-orbed and gentle Hawaiians are now our fellow citizens. The next move will probably be to realize on the votes that are going to waste over there.

THE fact that inventors do not always enjoy the fruits of their ingenuity is recalled by the recent death of George B. Richmond, at Lansing, Mich. Mr. Richmond, says the New York Commercial Advertiser, was the original inventor of the electric telephone, which was in use before the Bell patent was filed. He never realized anything from his invention.

THE Evening News of Dayton, Ohio, has passed under new management, a syndicate of democratic politicians being now in control. The News made its salutatory Monday as a full-fledged democratic organ. It has heretofore been independent.

FROM conservative Boston comes the suggestion, printed in the Evening Transcript, that with the requisite change in the constitution Miss Helen Gould would make a more popular candidate for governor of New York than even "Teddy," and she could get there on the strength of her war record.

AGAIN the country hears that "the colored troops fought nobly." That has been their record in war. The tenth regument of regulars (colored) performed heroic service at Santiago. They participated in some of the fiercest fighting around the ancient Cuban capital in those first July days. Complete reports of their commanders will no doubt do them full justice.

VERILY your Uncle Samuel will be "the greatest on earth" when he gets all his islands annexed and under the flag. With the addition of the Malays of the Philippines and including the Chinese within the borders of the United States, the five great races of men will be gathered together into one great national family. That it will be a happy family is expecting too much harmony from so many voices.

THE resignation of Colonel Como, chief officer of the military staff of Captain General Macias, in Porto Rico, becomes significant when coupled with the fact that his action is due to his desire to remain in Porto Rico, instead of returning to Spain when the Spanish troops are withdrawn from the island, in accordance with the conditions of peace. That means he desires to remain under the protection of the American flag.

IT IS not generally known that the Suez canal, besides being a wonderful convenience for the freighters of the world and the mail of scattered humanity, is also a phenomenally successful project from a financial point of view. Earning annually about $13,000,000, it divides $12,000,000 among its stockholders, its operating expenses being but 9 per cent of its earnings, so that its stock, with a par value of 500 francs a share, now sells (and has for many years) in London and Paris, for 2,300 and 2,400 francs. It is safe to assume that a canal at Nicaragua, under American dominance, would be as successful.

**FALL HATS**

*From time immemorial the 1st of September has sounded the "sunset gun" of the straw. It's bad form--very--to wear a straw hat longer--"but that's another story"--what we want to say to you is that the Fall blocks are now all in--the stock's complete, and handsomer Hats we've never handled.*

THE

**Howard Derby Hat**

*For which we are sole agents in Fort Wayne, is without question the peer of any $5.00 agency Hat on the market--but when we control anything the price is bound to be the lowest, and that's why we sell the Howard for $3.00.*

*Our Hats at $2.00 come in both Derby and Fedora styles, and in all the newest shades--no $3.00 Hat in town can touch these in the salient point of style, quality and finish.*

*At $1.50 and even at $1.00 we show both Derby and Fedora Hats that are really price wonders. Dealing as we do directly with the manufacturers, we are enabled to save you the jobbers' profit.*

**LEHMAN'S,**

**34 and 36 Calhoun St.**

### BRING THE BOYS HOME.

A mass meeting has been called for tonight to unite our citizens in a petition to the war department that the volunteer soldiers from Fort Wayne be mustered out of service or at least that they be sent north. That meeting should be attended by every person who may find it convenient to go and it should speak with vigor.

The war is over. There will be no more fighting. For such garrison duty as may be necessary in Cuba and Porto Bico troops may easily be found when needed. There is no necessity to keep the volunteers away from the comfort of their homes, from the companionship of their friends and from the duties of their civic lives. In keeping these young men in service a day beyond the actual need of the government a useless sacrifice is being required.

Above and beyond these considerations, however, is the health of the volunteers. The southern camps where they are held are hotbeds of deadly malaria. Few of the soldiers may be said to be in good health. Many are very sick, some desperately and a few have died. Unless they are promptly sent north the death rate will increase alarmingly. The One Hundred and Fifty-seventh Indiana regiment, now at Fernandina, has been ordered into camp at Huntsville, Alabama. It is doubtful if any marked beneficial change will be found there. The boys should be sent north to Indiana. If they must remain in service until peace is formally declared they can serve the government as well from camp on the cool, wind swept, well-drained, health-giving hills about Fort Wayne as they can from the fever-infested swamps of the south.

Let the citizens of Fort Wayne speak for the more than three hundred young patriots who marched bravely from this city at the first trumpet-call to arms. The people of Fort Wayne want back every brave life that is yet spared. Peace has been purchased by other lives, no sacrifices are now needed to seal the pact.

Demand that "the boys" be sent home—sent home now.

## SWITZERLAND VS COLORADO

**Charles M. Hobbs' Matchless Lecture at Winona.**

The spirit of Stoddard has fallen upon Hobbs, was the feeling of not a few of the large audience which gathered in the Winona auditorium last Saturday evening to listen to the gifted lecturer from Denver. If Charles M. Hobbs can be induced to abandon his present important occupation as purchasing agent of the Denver and Rio Grande and devote himself entirely to the stereopticon lecture field he would confer an inestimable favor upon the vast traveling and vaster non-traveling public.

Those who have seen would see again with a keener and more intelligent relish than ever under the spell of his exquisite pictures, and still more exquisite word painting. Those who have not seen would leave his presence with a far more vivid and comprehensive appreciation of the world's choisest treasures of nature and art than many who think they have seen them.

Mr. Hobbs possesses the chief elements of the really great stereopticon lecturer. He is discriminating in a rare degree in his subjects. He is exceedingly accurate. He wields the king's English with a master tongue. He combines with the practicle turn of mind of the railway official a rare sensitiveness of spirit which enables him to peer into the very heart of the beautiful.

He did not in the slightest sense depreciate the marvelous beauty and sublimity of the wonderland of Europe. He did, however, what his audience had probably never seen effected before. He opened their eyes to the matchless sublimity of our still more wonderful American wonderland.

The closing of the lecture was unique and the very finale itself was simply inspiring. In a series of striking illustrations he gathered up the great commercial, agricultural, mineral and other wealth producing qualities of Colorado. As these facts passed before his listeners they could have exclaimed:

"Colorado could have no greater advertisement than the repetition of this lecture throughout the east."

The very closing scene of the lecture, the mountain of the Holy Cross, was burned into all hearts forever by the eloquent words of the speaker and the deep sweet strains of the organ in "Rock of Ages," which is indeed the true foundation of Colorado's greatness and of our greater America.

**Berry Street Church Social.**

The choir of the Berry Street M. E. church will give an ice cream social, with musical accompaniments, at the home of G. L. Wefel, 161 High street, this evening. The following program will be rendered:

1. Overture—"American Forever" ........ E. T. Paull
Orchestra.
2. "Hail Glorious Country" ........ Donizetti
Choir.
3. "Night, Lovely Night" ........ Berger
Choir.
4. Overture—"Piquadame" ........ Suppe
Orchestra.
5. Trinity M. E. Church Choir ........ Selected
6. "Song of the Viking" ........ Faning
Choir.
7. "Bridal Chorus" ........ Cowen
Choir.
8. Selection ........
Orchestra.
9. "The Heavens are Telling" ........ Hayden
Choir.

**Bucklen's Arnica Salve.**

The best salve in the world for cuts, bruises, sores, ulcers, salt rheum, fever sores, tetter, chapped hands, chilblains, corns, and all skin eruptions, and positively cures piles, or no pay required. It is guaranteed to give perfect satisfaction or money refunded. Price 25 cents per box. For sale by Dreier & Bro.

The Hartzell ice cream is absolutely pure. Office, 103 East Wayne street. 16-eod

## MAYOR PROTESTS

**Against Keeping the Fort Wayne Boys in the South.**

**He Wrote Letters to Secretary Alger and Governor Mount—Battery Boys Want to Come Back.**

Mayor Scherer yesterday wrote letters to Secretary of War Alger and Governor Mount protesting against keeping the Indiana soldiers in the south any longer. In his letters the mayor requests that some arrangements be made to bring the One Hundred and Fifty-seventh Indiana regiment away from Fernandina, Fla. Other citizens have also written letters and Colonel Oakley and others have called a meeting to be held tomorrow evening to protest against keeping the Fort Wayne boys in the extreme south any longer.

Congressman J. M. Robinson is in receipt of the following petition from the members of the Twenty-eighth artillery, now encamped at Chickamauga, near Lytle, Ga.:

CAMP GEO. H. THOMAS, Chickamauga Park, Lytle, Ga., August 19. —When the United States was plunged in war with the Spanish nation and our president called for volunteers to sustain our position we came forward eagerly to the support of our flag, our country, and our national honor.

We have waited patiently but anxiously to be ordered to the front to stand by the American flag in conflict with the enemy. But since that is impossible, as actual hostilities have ceased and victory is ours, we have no desire to leave our homes and friends and sacrifice our business interests to go to a distant land to do garrison duty, unless it is a necessity, and which to not do would embarrass our country, which we have no thought of doing.

Therefore, we the undersigned members of the Twenty-eighth battery, volunteer light artillery, do petition that we be mustered out of the service of the United States as soon as possible:

Sergt. Geo. T. B. Durfee.
Sergt. Charles C. Mungen.
Sergt. J. E. Casten.
Sergt. Edward J. Dierkes.
Corp. John F. Vordermark.
Corp. C. P. Haag.
Corp. Geo. W. Zollinger.

Frank Hensel, John Sheffer, Birchard Wilson, H. F. McNutt, Andy Christen, Henry A. Zollinger, Merald C. Boyer, Chas. Webster, Marshall Hewitt, Wm. H. Murphy, C. S. Naker, Arthur Suter, E. C. Buck, John Murphy, Clem J. Noll, W. M. C. Rodgers, John L. Jones, Jos. E. Pettit, W. E. Brown, Roy Southard, Harry H. Knoll, Martin D. Wright, J. Leslie Buckes, George Knecht, Jesse Snyder, Dayton H. Jenness, Jack Fromuth, Chas. J. Eckart, Delmore Bowser, Harry J. Young, W. Sackos, Herman Schroeder, C. F. Hohnholz, Edward Mangersson, James Murphy, Victor A. Blaising, Herbert S. Hollopeter, Chas. Soest, Wm. Broeking, Walter Freese, Edward Lasher, C. H. Wilcox, J. F. Sullivan, Hugh Hartman, Morgan Harrod, Rad Blackburn, Herman Bradmiller, Chas. S. S. White, Geo. A. Scheid, Geo. Karriger, Frank P. Sherbondy, W. B. Carson, John C. Hazelet, Joe P. Smith, J. M. Bringsthall, Chas. Nowelstein, Henry C. Moriarity, G. W. Wehrmeister, Frank O. Johnson, Jacob B. Zuber, Martin Nagel, W. H. Butler, Harvey S. Banks, Thomas A. Shepherd, George H. Schafer, Rollie Gorrell, Fred J. Ranney, P. Walsh, Guy O. Farquharson, Stephan Swank, Jerry Surfus, Jos. B. Seaman, J. F. Freese, William Browand, Samuel L. Grabner, John F. Bartles, Harry Eckart, Frank W. Reese, George J. Murphy, G. Clink, Fred C. Gumper, Alvin P. Double, John J. Geary, Halle D. Stocks, R. W. Erickson, Omar J. Brubaker, Earl Meyers, Royal Tilberry, L. Charles Jocquel, Frank Shafer, Edward Wefel, Charles J. Nolan, Otto E. Didion, M. Motherwell, Paul J. Hafner, John S. Harper, Harry Lindeman, Charles H. Geake, T. F. Merilatt, Solomon Ely, Geo. Jully, A. Redelsheimer, Charles B. Shreve, Frank DeTurk, Frank W. Thiebold, Paul C. Carle, William Bierbaum, Jos. B. O'Connell, Harry V. Edgar, B. L. Ritchin.

Accompanying the petition was a letter requesting the congressman to use his efforts to secure the discharge of the company. Mr. Robinson notified the authorities at Washington by telegraph that he had the petition, which was later forwarded to the war department.

**The Fifteenth Anniversary.**

The fifteenth anniversary of the Reformed Orphans' home will be celebrated on Thursday, the 25th of August, in the usual manner, to which the public is cordially invited. The ladies of the Reformed churches of the city will serve dinner and supper in their usual cheerful manner in the large dining rooms at the home, while booths containing refreshments will be erected in the beautiful grove in the rear of the institution. Music will be furnished by the Goeglein band. Rev. Dr. Bachmann, of Cincinnati, and Rev. Keller, of Orrville, will be the speakers of the day. A number of visitors are expected from Toledo, and other neighboring cities. Will not our friends near by also come and enjoy the festivities with us?

The street car company will bring the visitors to the end of their line at the Driving park, and 'busses will be in waiting to convey them to the home. Come one, come all!

JOHN RETTIG,
Superintendent.

## BIG TIME AT AUBURN.

**Grand Carnival and Peace Jubilee Commences in Two Weeks.**

As many of our citizens as possible should visit Auburn during her grand carnival and peace jubilee, September 7, 8 and 9. Last year her carnival was a grand success and the program for this carnival should insure a crowded city. Some of the principal features are the royal illuminated pageants, parades of character, floats built by professionals, beautiful flower parade, given by the ladies, Pain's world renowned fireworks, including a remarkable collection of set pieces, mammoth bombs and novelties, open air vaudeville, electrical fountain and search lights, mammoth peace arch, masked festivity of children, the battle of Santiago de Cuba—a sham battle by 250 soldiers and artillerymen, with specially painted scenery and pyrotechnic effects. The best of band music and grand electrical displays. Special trains and half fare on all railroads.

## UNDER OLD GLORY.

**Stars and Stripes Now Float Over Hawaii.**

**Impressive Scenes Attend the Formal Transfer of the Islands to the United States.**

WASHINGTON, Aug. 23.—The state department has received the following from the late minister to Honolulu, Sewall, announing the raising of the American flag over Hawaii:

"HONOLULU, Aug. 16.—Day, State Department.—Flag raised Friday, the 12th, noon. Ceremonies of transfer produced excellent impression. SEWALL."

IMPRESSIVE CEREMONIES.

HONOLULU, Aug. 12.—Via San Francisco, Aug. 23.—Precisely at 11:52 o'clock today the Hawaiian flag descended from the flagstaffs on all the government building and at exactly 11:55 the stars and stripes floated on the tropical breeze from every official flagstaff.

The ceremony of today was a most impressive one. To hear the strains of "Hawaii Ponoi" for the last time as a national anthem; to hear the bugle blow taps as the Hawaiian ensign sank from its position, and to notice the emotion of many who had been born under it and had lived their lives under it, was solemn.

But then came the bright call for the raising of old glory, and the strains of "The Star Spangled Banner" broke forth as that banner was unfurled to the breeze.

Then the cheers broke forth and eyes that had been dim for a few minutes became bright and lightened up when the stars and stripes blew out.

The ceremonies began with the departure of the First regiment of the National Guard of Hawaii from its drill shed at 9:50 this morning. The parade was headed by a detachment of twenty-six police under command of Captain Kane and Lieutenant Warren. Then came the Hawaiian band and drum corps.

The regiment marched to the boat landing to escort the troops from the Philadelphia and Mohican, which were already drawn up on shore. The United States forces were commanded by Lieutenant Commander Stevens, and consisted of one company of marines and two of blue jackets from the Mohican and an artillery detachment of two guns and forty-two men. The naval detachment was headed by the flagship's band.

The ceremonies opened with prayer by Rev. G. L. Peterson, pastor of the First Methodist church of this city.

United States Minister Sewall then rose and addressing President Dole, who had risen, presented him with a certified copy of the joint resolution of congress annexing the Hawaiian islands to the United States.

President Dole answered, acknowledging the making of a treaty of political union, and formally yielded to Minister Sewall, as the representative of the government of the United States, the sovereignty and public property of the Hawaiian islands.

Mr. Sewall replied:

"Mr. President: In the name of the United States I accept the transfer of the sovereignty and property of the Hawaiian government. The admiral commanding the United States naval forces in these waters will proceed to perform the duty intrusted to him."

The Hawaiian band played "Hawaii Ponoi," the national anthem. Colonel Fisher gave the order to the national guard battery stationed on the executive grounds in command of Lieutenant Ludwig, to fire the national salute of twenty-one guns, which was also repeated by the Philadelphia.

As the echo of the last gun reverberated in the hills a bugle sounded and the national ensign of Hawaii came slowly down until it reached the ground, never to go up again.

There was a short pause and then the admiral nodded slightly to Lieutenant Winterhalter, who gave the order "colors, roll off."

The flagship band struck up the well-known strains of "The Star Spangled Banner," and as the stars and stripes slowly ascended there was breathless suspense. But as it reached the top cheers broke forth from the crowds below and salutes of twenty-one guns were again fired by the Hawaiian battery and the Philadelphia.

**The Spanish War is Over.**

The people of Greater America will now be in a position to pay more attention to domestic affairs transpiring in our midst, among which we know of none more interesting to contemplate than the Trans-Mississippi and International Exposition, popularly recognized as our Omaha Exposition. The Columbian Exposition at Chicago in 1893 may have been of greater proportions, but we are assured the Great Omaha Exposition is, in all essential particulars, possessed of equal merit. Reduced rates are authorized via the Nickel Plate road every day. Look out for special train excursions at low rates on dates to be announced later.

17-18-23-24

When in Rome City stop at Spring Beach Hotel. Rates, $1.50 per day. Special rates by the week. 23-eod-tf

## ANOTHER GAME WON.

**Mansfield's Cripples Were Not in It With the Hoosiers.**

**Brodie Was Effective Until the Game Was Won, When He Let Down—Toledo Won—Notes.**

The Mansfield cripples played another game with the Fort Waynes yesterday and were easily defeated. Tillie McShane is out of the game and while he is able to limp about he will probably not be allowed to get back at third for some days. Dr. Brott is playing the third sack and Kellum is taking care of right field as good as anybody can. Brodie and Kostal were pitted against each other and "Smoke" pitched the best game, although one more hit is credited against him than Kostal. He kept the visitors' hits well scattered until the seventh when he weakened a little. There was no time in the nine innings when the Haymakers had a chance to win out. Griffin did fine work at short again, while the fielding of Norcom was execrable. Fisher was back in the game and Colgan made the decisions. There was far less kicking than for two or three weeks past. Score:

FORT WAYNE.

**Other Inter-State Games.**

TOLEDO, 5; GRAND RAPIDS, 1.

TOLEDO, Ohio, Aug. 23—The game was won by the local team by very timely batting. Keenan was a puzzler for the furniture makers, and while Harper was not hit hard the hits came when they meant runs. Myers, who has fallen off in batting for some time, led with three two-baggers and did much toward winning the game. The score:

Toledo.......0 0 0 1 0 1 2 1 0— 5
Gr. Rapids...0 0 0 0 1 0 0 0 0— 1

Base hits—Toledo, 9; Grand Rapids, 5. Errors—Grand Rapids, 4. Batteries—Keenan and Arthur; Harper and Cote. Umpire—John Keefe.

DAYTON, 6; SPRINGFIELD, 4.

SPRINGFIELD, Ohio, Aug. 23.—Pitcher Crabill allowed the visitors one single in the first six innings, but weakened in the seventh. Reiman opened the inning with a home run, followed by four singles, winning the game. The score:

Dayton ......0 0 0 0 0 0 4 2 *— 6
Springfield...2 0 0 0 0 0 1 0 1— 4

Base hits—Springfield, 6; Dayton, 8. Errors—Springfield, 5. Batteries—Crabill and Graffius; Brown and Lattimer. Umpire—Donovan.

YOUNGSTOWN, 6; NEW CASTLE, 2.

YOUNGSTOWN, Ohio, Aug. 23.—Knepper was in the box for the home team and pitched a fine game. The visitors were unable to hit him at any stage. Rickert was fined by Umpire Lally for abusing him. The score:

Youngstown. 0 1 1 2 1 0 1 0 0— 6
New Castle...2 0 0 0 0 0 0 0 0— 2

Base hits—Youngstown, 11; New Castle, 5. Errors—Youngstown, 2; New Castle, 3 Batteries—Youngstown, Knepper and Schrecongost; New Castle, C. Smith and Zinram. Umpire—Lally.

St. Joseph, 7; Detroit, 3.

NOTES.

Colgan is umpiring here again and has some control of the players.

Norcom has won seven and lost seven games for Fort Wayne. Herr has won thirteen and lost fifteen.

Now that Tom Campbell has been released Patterson and O'Meara will probably alternate behind the bat and in the field.

The last game at home during August will be played tomorrow. There should be a big crowd to give the boys a royal send-off for their fine playing recently.

The hit the grand stand applauds is the long fly that is almost invariably pulled bown. The bleachers have a better eye for a ball as a rule and are much quicker to appreciate a swift, clean play. There is a knowledge of the intricacies of the game displayed in the cheap seats that might frequently give points to the press box. The man who comes to sit on the bleachers also comes to see the game; he is not there to spend the afternoon or give his best girl an airing. He roots a good deal and jollies the players, but he is a ball fan right.

Mansfield News: "The so-called 'official' standing recently sent out by the president of the league isn't correct, as it gives New Castle one victory too many and one defeat too few, gives Dayton one victory too few and one defeat two many, Fort Wayne one defeat too many and Toledo one victory too few. But the president does manage to give correctly the won and lost for Springfield, Grand Rapids, Mansfield and Youngstown. There are opportunities for sixteen errors, but the president accepts but six of them."

The Brooklyn league team passed through Fort Wayne on Pennsylvania train No. 8 last evening en route from Chicago to Pittsburg. Brodie and Flood were at the depot to greet some of the players with whom they are acquainted.

The French Town Juniors defeated the Bob Whites yesterday by a score of 26 to 1. The feature of the game was the batting of the French Town Juniors. Batteries—French Town Juniors, Smith, Koons and Longfield; Bob Whites, Menefee and Hayes.

"Cy Swaim threatened to divorce a bunch of base ball fans from their breath last fall," says Cy Young in the Washington Post. "Cy's farm is located a few miles from my patch of ground and one day last October he came over to my house and induced me to go over to Dennison and play for a picked team that be had organized for the purpose of beating his brother's team. 'You play first base for four or five innings and I'll pitch. Then I will take your place on first and you pitch. Is it a go, Cy?' said the other Cy. I said it was a go, and we started for Dennison. Cy's brother had a husky looking lot of lads on his team, and they swung at Cy's speedy slants with the free and easy movement of a rail splitter employed in chopping down a tree. But they discovered Cy's curves for about ten hits in the first three innings, and the Dennison crowd got after Cy. 'You're a big Rube. So you pitched in Washington, did you? Why, you had better go back and toss fodder to the calves Cy,' was one of the cheerful compliments hurled at Cyrus. This was the unkindest cut of all. There was a man on the third base when this allusion to the calf was made. But Cy didn't care a tinker's cuss for that man on third. He turned and hurled the ball in the direction whence the gag about the calf and the Rube came. Then he walked off the diamond, expectorated in the hollow of his hand, flourished his first, and bawled: 'Come on, gurl dern yer. Who's a Rube? If I had three shells or a gold brick here, we would find out who is the Rube in the party. I'll lick yer all in a bunch, or I'll take yer single-handed, or my name an't Hillary Swaim.' I led Cy back to the pitcher's rubber, sent him to first base in the next inning, and finished up the game on the rubber. We won by one run, and that was all the satisfaction that Cy wanted."

## MUST PAY TAXES.

**Prosecutor Will Prosecute Those Who Fail to Do So.**

**County Treasurer Hunter Has Submitted a List of Those Persons Who are Delinquent.**

County Treasurer Hunter has turned over to the prosecuting attorney a list of those persons who are delinquent in taxes for three years or longer. The treasurer finds it impossible to collect from many persons who are able to pay and have their property in their wife's name. The buyers of property sold for delinquent taxes will not purchase certain kinds of property because the title cannot be made clear and the treasurer is confident that a few prosecutions will compel many of these delinquents to settle and will increase the revenues of the county and city several thousands of dollars.

A GARDENER ROBBED.

Last evening some thief or thieves entered the home of Michael Spitz a gardener who lives about one mile north of Centlivre's, and stole $30 in cash, which Mr. Spitz had in the house. The prowlers overlooked or did not care to take a certificate of deposit for $400, which was lying near the money. Sheriff Melching was notified of the crime and has been watching a suspected party all day.

COURT NOTES.

In the superior court Jennie Hibler makes application for a divorce from Anthony Hibler. P. B. Colerick penned the complaint.

John Zurbuch and Carrie M. E. Zurbuch have been given a temporary order by Judge Dawson restraining Constable Kennelly from taking possession of certain real estate alleged to have been purchased by Mr. Zurbuch from Emmet Martin.

## FIRST SESSION.

**International Arbitration Commission Assembles in Quebec.**

QUEBEC, Aug. 23.—At noon today the first meeting of the international arbitration commission was called at the parliament building. Nothing was done beyond the preliminary work of organization. This was followed by an informal reception by the city officials and an address of welcome delivered by the mayor of the city.

An informal meeting of the American commissioners was held last evening in Senator Fairbank's rooms, but nothing definite as to the work of the commission was decided upon.

Mr. Dingley has not yet arrived but is expected hourly. Senator Gray, of Delaware, came in from Montreal late last night.

Dallas Coleman, of Delaware county, Ohio, who has been visiting his uncle, J. M. Stahl, of this city, for the past two weeks, started for his home this morning. He made the trip on his wheel, starting from Ashley, August 9, at 9 a. m., reaching this city at 12:45 p. m. the next day, a distance of 158 miles.

**$2.00 to Chicago and return, via Pennsylvania, next Sunday. Train leave at 3:55 a. m.** 3w,t,f,s, tf

### SPANISH VS. GREEK.

**Ex-Secretary Hoke Smith Advocates Its Teaching in Place of the Classics.**

Hon. Hoke Smith of Atlanta was at the Riggs last evening. Mr. Smith lately was a subject of comment in the press of the country because he favored making the study of Spanish optional with Greek in the boys' high school of his city. Mr. Smith's idea is based on the utilitarian proposition that a knowledge of the language of Spain, which is a live tongue, is worth immeasurably more to a youth than the ability to read the odes of Horace, the orations of Cicero, or even the soul-stirring poetry of old Homer.

"It is an acknowledged fact," said he, "that men soon forget the classics after they retire from college. Ten years after the exit of the brightest student from his alma mater, he is unable to interpret a line from Ovid, and you had as well ask him to translate a sentence in Sanscrit as to explain the meaning of a passage from Euripides. Outside of the mental training developed in their study time put on the ancient languages is worse than wasted. We don't care a fig for Spain or the Spaniards, but that shouldn't blind us to the fact that the speech of the enemy is the dominant tongue of countries contiguous to us and with which we expect to establish the closest trade relations. It is the language of Mexico, of the Central American republics, of nearly all the South American governments, and of the West Indies. The English, German, and French merchants who have made big fortunes by opening houses in all these countries use the speech of the people, and in that way have an enormous advantage over our own citizens who on going down there find themselves handicapped by being able to speak nothing save English. It is better to train our young men in those things that may be of service to them in maturer life, and the knowledge of a modern language must be regarded not only as an accomplishment, but as part of a thorough business equipment. As our next door neighbors speak Spanish, and as we want to sell them the bulk of the goods they buy instead of having them continue to buy of Europe, it seems the part of common sense that American boys should be taught Spanish in the regular curriculum of our public schools."—Washington Post.

**The Flight of Time.**

"Who was that young man who stood out at the front gate so long last night?" asked Mabel's father. "That was Herbert," she replied as she wiped the corner of her eye. "He came to say good-bye forever." "Humph! I thought he must have some such ambition, and it's a good thing I slammed the shutters. He said good-bye for two hours and a quarter as it was."—Washington Star

**Deepest Hole in the Earth.**

The deepest hole in the earth is at Schladebach, near Ketschau, Germany. It is 5,735 feet in depth and is for geological research only. The drilling was begun in 1880, and stopped six years later because the engineers were unable with their instruments to go deeper. This hole was expensive, as its cost was $53,000.

**Care for the Sparrows.**

I do not find any sparrows with large storehouses, or any swallows with a great quantity of grain laid up for the morrow, and yet I have never taken up a sparrow that has been starved to death, and seldom or ever do you find a swallow that has perished of cold. God "careth for them; and are ye not much better than they?"—C. H. Spurgeon.

**Neighborly Interest.**

"It's kind of encouragin'," said Farmer Corntassel, "to hear o' Joe Backtigger sort o' gittin' up to date." "But hes arguin' agin the annexation of Hawaii, which is all past an' done." "I know it. But its a good sign. It shows his gittin' his mind off o' '16 to 1.'"—Washington Star.

**The Dog of It.**

"So you call your dog Dewey, do you? It seems to me that he's a very homely looking cur to be honored with such a name." "But Dewey is an especially appropriate name for this dog." "How so?" "It doesn't matter what he happens to be doing, he's always ready to suspend operations for breakfast."—Chicago News.

**A Chinese Typewriter.**

The Rev. Sheffield, a Presbyterian minister at Tung Chow, has invented a typewriter for the Chinese language. This machine is capable of writing 4,000 characters, which are carried around the circumference of numerous type-wheels. It requires the depression of two keys in order to print a simple character.

**Heroic Resolve.**

"Any war spirit out your way?" asked the grocer. "You bet," answered Farmer Green. "Only last week the wimmern got together at the schoolhouse and passed a resolution to not wear no Paris-made gownds."—Indianapolis Journal.

**A Narrow Escape.**

Thankful words written by Mrs. Ada E. Hart, of Groton, S. D. "Was taken with a bad cold which settled on my lungs; cough set in and finally terminated in consumption. Four doctors gave me up, saying I could live but a short time. I gave myself up to my Savior, determined if I could not stay with my friends on earth, I would meet my absent ones above. My husband was advised to get Dr. King's New Discovery for Consumption, Coughs and Colds. I gave it a trial, took in all eight bottles. It has cured me, and thank God I am saved and now a well and healthy woman." Trial bottles free at Dreier & Bros.' drug store. Regular size 50c and $1.00. Guaranteed or price refunded.

**The Sure La Grippe Cure.**

There is no use suffering from this dreadful malady if you will only get the right remedy. You are having pain all through your body, your liver is out of order, have no appetite, no life or ambition, have a bad cold, in fact are completely used up. Electric Bitters is the only remedy that will give prompt and sure relief. They act directly on your liver, stomach and kidneys, tone up the whole system and make you feel like a new being. They are guaranteed to cure or price refunded. For sale at Dreier & Bros.' drug store, only 50 cents per bottle.

"Our Nation in War."

YOUNG WOMEN desiring to make their home at the new
**Y. W. C. A. Rooms,**
**49 and 51 W. Berry Street.,**
Should apply at once. Miss Johnson has charge of the rooms to be rented and may be seen after 5 o'clock at the association house West Berry Street.

## STRONG STATEMENTS.

**Three Women Relieved of Female Troubles by Mrs. Pinkham.**

From Mrs A. W. SMITH, 59 Summer St., Biddeford, Me.:

"For several years I suffered with various diseases peculiar to my sex. Was troubled with a burning sensation across the small of my back, that all-gone feeling, was despondent, fretful and discouraged; the least exertion tired me. I tried several doctors but received little benefit. At last I decided to give your Lydia E. Pinkham's Vegetable Compound a trial. The effect of the first bottle was magical. Those symptoms of weakness that I was afflicted with, vanished like vapor before the sun. I cannot speak too highly of your valuable remedy. It is truly a boon to woman."

From Mrs. MELISSA PHILLIPS, Lexington, Ind., to Mrs. Pinkham:

"Before I began taking your medicine I had suffered for two years with that tired feeling, headache, backache, no appetite, and a run-down condition of the system. I could not walk across the room. I have taken four bottles of the Vegetable Compound, one box of Liver Pills and used one package of Sanative Wash, and now feel like a new woman, and am able to do my work."

From Mrs. MOLLIE E. HERBEL, Powell Station, Tenn.:

"For three years I suffered with such a weakness of the back. I could not perform my household duties. I also had falling of the womb, terrible bearing-down pains and headache. I have taken two bottles of Lydia E. Pinkham's Vegetable Compound and feel like a new woman. I recommend your medicine to every woman I know."

**Victory on Our Banners.**

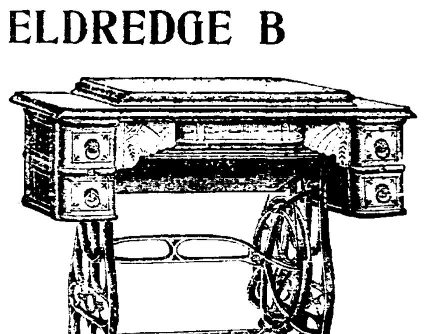

The position of the American symbol of victory on an article of our craft is meant to signify just what you already have guessed. Our work has been successful and victory has indeed perched on our banners. What others have found true of us you will also.

# A BIG AFFAIR

## Is the Excursion to Petoskey Today.

**The Grand Rapids Road Takes Nearly 200 of Our Citizens North—Shop and Rail.**

The excursion to Petoskey and Macinac Island today over the Grand Rapids and Indiana road was well patronized by Fort Wayne citizens. The morning train carried eighty-eight Petoskey passengers and twelve Macinac passengers, and from the number of inquiries by telephone and otherwise Agent Ross was led to believe that at least seventy-five more would leave on the afternoon train. This excursion started from Fort Wayne. Next Tuesday the company will run another, starting the train from Richmond and taking on excursionists at all points en route until Grand Rapids is reached.

COAL DOCK LABORER HURT.

Fred Foss is lying at his home, 12 Custer street, with injuries received while working upon the Nickel Plate coal docks. At noon yesterday he fell from the top of one of the big engine tanks to the bottom of the cinder pit, a distance of sixteen feet, and striking upon the draw bar heads of a car in the descent. He was picked up in a dazed condition and taken home, where Dr. J. M. Dinnen found that his injuries were a bad cut in the head and bruised and sprained back and hips. Mr. Foss will be unable to work for some days.

BIG ORDERS FOR CARS.

Within the past sixty days the receivers of the Baltimore and Ohio have ordered almost 6,000 new freight cars, of which the Pullman company is building 1,000 box and 1,000 drop-end gondolas; the Michigan Peninsular 3,000 box cars, and the South Baltimore car works 200 box cars, 500 hopper coal cars and fifteen four-wheel cabooses, making a total of 22,735 freight cars ordered in less than two years. These cars are all of modern construction, are fully equipped with air brakes and automatic couplers, and average 60,000 pounds capacity. It is estimated that fully 85 per cent. of the Baltimore and Ohio freight cars have air brakes and automatic couplers in accordance with the inter-state commerce law.

A FAST RUN.

Last week a train consisting of an engine, four coaches and a Pullman palace car broke the Philadelphia and Reading record for speed. The record run was made between Elizabeth and Jenkintown, a distance of sixty-nine miles, which was covered in sixty-one minutes, including the time consumed in twice slowing up for water, once near Bound Brook, and once on the Delaware river bridge. Some of the miles were reeled off in thirty-eight seconds. When the train left Jersey City it was eighteen minutes late; when it pulled into the station at Jenkintown it was exactly on time. The ordinary running time for the full ninety-two miles is one hour and fifty-eight minutes; the time for the full trip on Monday, including the run between Jersey City and Elizabeth, as well as between Elizabeth and Jenkintown, was one hour and forty minutes.

WEHRENBERG & BUSCHING GOT THE CONTRACT.

When Charles R. Wermuth, the contractor, figured upon the cost of building the Hoagland school for the purpose of submitting a bid, he forgot to include painting and consequently his bid was the lowest of the dozen or more submitted. When he discovered his error he refused to take the contract and the next lowest bidder, Messrs. Wehrenberg & Busching, were awarded the contract for the erection of the building for $21,210. Wermuth's bid was for $23,232. Work upon the building will commence at once.

**General and Local Gossip.**

John Connors, of the Pittsburg blacksmith shop, is sick and off duty.

The Baltimore and Ohio has created the position of "commandant manager."

Nickel Plate Conductor J. R. Meyers is taking a lay off to attend to some private business.

Fireman John Vasseriat, of the Nickel Plate, has gone to Bellevue to spend a vacation with friends.

Machinist Frank Saffen has recovered from his recent illness and is again at work in the Bass shops.

After a week at his old home in Michigan, Nickel Plate Brakeman F. Magill has resumed his duties on the road.

E. M. Briggs, of New York, is here taking measurements for the winter suits of the Pennsylvania trainmen.

The Wabash in the second week of August, shows an increase in earnings over the corresponding week of 1897 of $4,021.

John Sanders, of the Pittsburg paint shop, went to Maples, Ind., this morning to assist his father, who is a farmer, with his threshing.

E. H. C. Bruns, who was taken sick last May, has recovered sufficiently to resume his place in the Pittsburg shops. He is a cab builder.

The Western Union linemen, who have been working here for the past four or five weeks, finished their task today and tomorrow will go to Quincy, Ill., to take up a similar one. There are twelve men in the party.

Homer Carpenter this morning resumed his place at the desk in the office of the Electric corporation, after a most pleasant two weeks' vacation.

J. F. Nolan, trainmaster of the eastern end of the Indianapolis division of the Panhandle, has removed his headquarters from Bradford to Columbus.

Engineer Peter McGuire, of the Pittsburg, who has been sick for several weeks, suffered a relapse last night, and is again confined to bed nearly all the time.

The Wabash has secured the contract for hauling west one hundred new street cars that the John Stephenson company, of Troy, N. Y., is building for Chicago lines.

Thomas Pritchard, a moulder at the Bass works, who has been in poor health for some time, has gone to Northern Michigan in the hopes of receiving physical benefits.

Hiram Crego, conductor of the first Pullman car run, which was in 1858, from Chicago to Freeport, is now a switchman in the Panhandle yards at Chicago. He is sixty years old.

James Nicholson, yard foreman of the Nickel Plate, has gone to Buffalo, N. Y., to join and accompany his wife home. The lady has been visiting there the past week or two.

The Illinois Central Sunday run a business men's excursion from New Orleans and Memphis to Chicago at a $10 rate, and it required seven special trains to carry the excursionists.

The semi annual meeting of the American Association of General Ticket and Passenger Agents will be held at Detroit October 18, when action will be taken on using safety ticket paper.

It is said that in adopting its present system of looking after fuel supplies, the Wabash has effected a saving of $165,000 during the past fiscal year. George M. Burns has charge of this department.

Thomas Stonebrook, painter employed in the Pittsburg shops, is very sick. His little son has been quite ill, and the worry and loss of sleep brought on the illness which has prostrated Mr. Stonebrook.

The Fort Wayne Spoke company is preparing to ship a car load of wheel material to the Standard Wheel company at Sandusky, Ohio. Business in the wheel line has been steadily improving for the past year.

Conductor Andy Dawson has returned from Donaldson, where he spent a week fishing. He was successful to a remarkable degree and several of his Fort Wayne friends are indebted to him for a nice mess of fish.

Conductor M. E. Baum and Brakeman C. M. Tindall have resumed their respective duties on the Nickel Plate after attending the funeral of Mrs. Baum at Seneca, Ohio. The dead lady was a sister of Mr. Tindall's.

A special carrying Vice President Wood, of the Pennsylvania lines, on Friday, in running from Chicago to Pittsburg, made the run from Bradford to Columbus, eighty-three miles, in ninety-seven minutes, stopping once for water.

It is learned that an important meeting of the traffic managers of the Vanderbilt lines will be held this week at Buffalo to arrange the minor details for consolidating the eight fast freight lines operating on the Vanderbilt systems.

Fenimore Elliott, who has been under quarantine restriction for two weeks on account of scarlet fever at his home, expects to go to work again in a day or two. The patient, a little girl, has recovered, and the premises were fumigated yesterday.

Harry Shives, one of the members of a hammer crew at the Bass blacksmith shop, was struck on the breast yesterday with a piece of iron and severely injured. He was taken to his home on Charles street, where Dr. A. J. Kesler attended him.

H. C. Moderwell, of the Nickel Plate, will entertain the local freight agents at his home this evening. Notwithstanding the great competition for business the freight agents of Fort Wayne are a social set, and these meetings are most enjoyable affairs.

The bans of Charles F. Dunn and Miss Celia McMahon were announced for the first time from the pulpit of the Cathedral last Sunday morning. Mr. Dunn is a machinist in the Pittsburg shops and Miss McMahon is the daughter of a well known citizen of Detroit. The wedding will take place September 7 and after an eastern tour, the bride and groom will return here and go to housekeeping in the south side.

On October 1 the the Santa Fe will again try the experiment of establishing a line of steamers between San Diego and China and Japan. The management thinks it a more opportune time to establish such a line than was its first experiment in that direction.

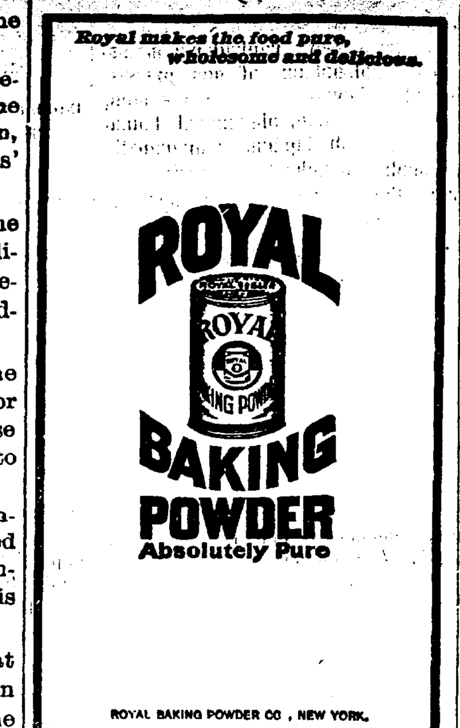

It is interesting to note that the Baldwin locomotive works have just completed the first engine for England. For years the works have been building locomotives for British provinces and colonies, but this is the first foothold one of them has secured for the island itself.

Ed. Hall, a fireman on the Grand Rapids and Indiana road, who has been suffering with appendicitis for some time, is getting better, and will probably recover without undergoing a surgical operation. He is still confined to his bed, however. Mr. Hall resides on Wallace street.

Ed. Alway is probably one of the worst afflicted of the many hay fever subjects in Fort Wayne. He was so ill yesterday and the preceding day that he was unable to leave his bed, and is but little better today. Mr. Alway is a car repairer, employed in the Nickel Plate yards.

T. P. McArdle, a local conductor on the Pennsylvania road, is the most popular conductor in the city, if we are to judge by the vote on the lantern at the Bloomingdale Catholic church fair. He received 1,615 votes. Other contestants were William Docterman, 1,005 votes, and C. Bell, 683½ votes.

The Chicago-St. Paul roads have hit the Canadian Pacific another hard blow. At this season of the year there is always an exodus of farm laborers from eastern Canada to Manitoba, and this year it is larger than ever before. Over 3,000 passengers of this class have been hauled in one week. Formerly the Canadian Pacific had a monopoly of this business; now the American lines have gone in as competitors and have succeeded in diverting a large per cent. of travel via Chicago and St. Paul.

# RACES AT DUBUQUE.

## Lena N. Won the 2:12 Pace in Straight Heats.

**Querist Forced to Trot in 2:12 3-4—Great Event Will be the 2:07 Pace Today—Searchlight Will Start.**

DUBUQUE, Iowa, Aug. 23.—The Nutwood park meeting opened under bright skies and a torrid heat with an attendance of 1,000 or more. Lena N. took the 2:12 pace without extending herself, but otherwise the sport was first-class.

McHenry was behind Alice Dorman, the favorite in the 2:40 trot, and was forced to drive her out the first two heats. The third went to Aggie Medium and then McMillan took the race. McHenry made a great effort in the final heat, but the bay horse was game and steady and carried the mare off her feet near the wire.

Querist, in the 2:28 trot, had Cutting to beat in every heat, and was obliged to step the last in 2:12¾, thus passing out of Cutting's class. Cutting was started back of the field in the second, but finished at the throat latch of the Montana horse.

The 2:07 pace today will be the big event of the meeting. Searchlight is barred in the pools, though Sally Toler, Lady Nottingham, Badge, and other fast ones will start.

The summaries:

2:12 pace; purse, $1,500.

# CURFEW WON'T RING

## But the Ordinance Will Pass the City Council.

**Committee Will Recommend Against the Bell and Whistle, but in Favor of the Law.**

The committee on rules, regulations and ordinances at a meeting last night decided to recommend the passage of the curfew ordinance with the section providing for the ringing of a bell or the sounding of a whistle stricken out. This means that children must keep informed as to the hour. The committee was unanimous in its recommendations and this fact insures the passage of the ordinance, as the biggest opposition to its passage heretofore was by some of the members of this committee.

CITY LIGHTING.

The city lighting contract will come up before the council tonight for consideration. The board of works will submit a communication, which will probably explain that they cannot enter into a contract with the Jenney Electric Light and Power company to furnish light at $85 a lamp. An effort is being made by certain councilmen to make some provision for a municipal plant and when this is done many members who now oppose the $100 contract will support it.

APPROPRIATIONS.

Mayor Scheres will submit to the city council this evening his recommendations for appropriations with which to run the departments of the city during the next year. The sum total asked for will be $228,000, only $10,000 more than was appropriated last year. A little pruning was done by the mayor and Comptroller Berghoff in all the departments.

BOARD OF WORKS.

The board of public works yesterday received from the engineer plans for the following improvements:

For a sewer in the alley between Fletcher avenue and Grant avenue, from Penn street to the alley north; sewer in the alley between Alliger and Penn streets, from Fletcher avenue to Grant avenue.

For paving the alley between Baker street and Brooklyn avenue, from Calhoun street to the first alley west.

For constructing sidewalks on Poplar street, both sides, and grading that thoroughfare, from Fox avenue to the alley west of Oakley street.

For building sidewalks on the south side of Columbia avenue, from Old Fort street to the east line of lot 28, Lakeside Park addition.

The board approved all the plans and passed resolutions for the improvements as specified.

A communication from the council, instructing the board to erect a public drinking fountain on the Barr street market place, was received and place on file. The board approved the contract and bond of Haiber & Schwartzkopf for constructing sidewalk intersections on the newly paved south side streets and the bonds of J. W. Haiber and W. R. Smick, for relaying sidewalks by private contract.

The board has sent to all plumbers, gas fitters, sewer and water works contractors, copies of the ordinance recently passed by the council, requiring the issuance of permits before streets or alleys can be torn up for any improvements. The board will enforce the ordinance.

MUNICIPAL NOTES.

A remonstrance signed by R. T. McDonald, George DeWald, P. A. Randall, Edward Seidel and others has been filed with City Clerk Monning against the removal of the street railway tracks from Columbia street.

The sheet asphalt is being laid on Hoagland avenue and the concrete is being put down on Calhoun street. President Williams, of the Alcatraz company, was here and says the work will be completed by September 20th.

**Mass Meeting Tonight.**

The following call was issued last evening:

The citizens of Fort Wayne are requested to meet in mass meeting at the city hall this evening at 7:30 p. m. to take some action which may result in our soldier boys of northern Indiana, who are not to be sent to the front, in being transferred from their present unwholesome quarters, where many of them are suffering from sickness and want of sufficient medical attendance and supplies, to our own state at Indianapolis, or better still, to Fort Wayne, where they can be properly cared for until they are mustered out. Ladies are requested to attend.

C. B. OAKLEY,
F. W. KEIL,
ALLAN H. DOUGALL.

**Magnificent Train Service**

Of the Union Pacific from Council Bluffs or Kansas City makes it the popular line to all points in Nebraska, Kansas, Colorado, Wyoming, Utah and the Pacific coast. Three trains daily from Council Bluffs. Two trains daily from Kansas City. Pullman Palace Double Drawing Room Sleepers, Buffet Smoking and Library Cars, Free Reclining Chair Cars, Dining Cars. Meals a la carte.

For time tables, folders, illustrated books, pamphlets descriptive of the territory traversed, or any information, apply to your local agent, who can sell you a ticket via the Union pacific, or address

J. H. JUNE,
Trav. Pass. Agent, Union Pacific Railroad Co., Room 9, Jackson Place, Indianapolis, Ind. aug8tf

Dr. A. L. Jones, of Lima, Ohio, formerly of this city, was married Saturday to Miss Hattie Wilson, of Defiance. Miss Wilson has many friends in this city. Mr. and Mrs. Jones will go to housekeeping in Lima immediately.

**Which Rides?**

When a man is sick his work rides *him* instead of he riding his work. His daily task instead of being the means which supports and carries him on to comfort and prosperity becomes an overwhelming burden weighing him down. He has no strength, no ambition. He feels that there is nothing left but for him to stagger along until the awful pressure of disease and trouble at last crushes him to earth.

The prosperous man is the one who keeps the upper hand of his work, because he is strong, capable and energetic. Dr. Pierce's Golden Medical Discovery has brought the best kind of prosperity to thousands of weighed-down, over-burdened men and women by giving them the physical strength and stamina to carry on their work forcefully and easily.

"For the last three years," says Mr. J. C. Morgan, of Monongah, Marion Co., W. Va., in a letter to Dr. Pierce, "I have been a constant sufferer from indigestion complicated with complaints that generally accompany such cases. Always after eating there would be a formation of gas and a heavy load in my stomach. I would belch up my food after eating; bowels were very irregular; I would imagine I saw objects floating before my eyes. I had pain across my back. About December, 1896, I began feeling much worse than usual and was beginning to think I would have to suffer the remainder of my life. I was greatly discouraged. I described my case to Dr. Pierce's staff of physicians and they directed me to begin at once taking the 'Golden Medical Discovery' according to directions. I did so, and am happy to state I experienced most gratifying results, as all the unpleasant feelings have entirely left me. I have now a very good appetite, relish my food, and am pleased to say I feel once more like my former self. I recently walked a distance of one hundred and ten miles in about four days."

No remedy relieves constipation so quickly and effectively as Dr. Pierce's Pleasant Pellets.

Mrs. J. M. Gouty is visiting her daughter, Mrs. W. A. Morras, at Franklin.

Miss Carrie Kanne, of No. 170 Madison street, has gone to Lima to visit friends.

Mr. and Mrs. L. O. Hull and daughters are spending a few days at Rome City.

The Lakeside Aid society met this afternoon with Mrs. Hulburd, on Columbia avenue.

Bertha Wiebke is in Detroit visiting with Mrs. Samuel Mosshammer for a couple of weeks.

Mrs. A. Lullerman and daughter, of New Bremen, Ohio, are the guests of relatives in this city.

Miss Mary Krause, of Chicago, is spending the week with Miss Lena Leuczyuski, of St. Martin's street.

Mr. and Mrs. Joseph Gair and daughter, Miss Emma, of Chicago, are visiting Mr. and Mrs. Frank Benoy.

Chris. Paul was taken to St. Joseph hospital, where an operation for rupture of a blood vessel was performed.

Mr. and Mrs. Thomas Shull, Miss Mollie Shull and Miss Chella McDirman, of Montpelier, visited in Fort Wayne yesterday.

Mr. and Mrs. A. C. Perry, of No. 423 South Lafayette street, have gone to the lakes about Angola for a two weeks' outing.

Lieutenant Frank Alderman, of the Twenty-eighth Indiana artillery, is in the city visiting his parents, Mr. and Mrs. Frank Alderman.

George Cummerow, the attorney, arrived in the city this morning and will enter into a law partnership with Phil B. Colerick. Mr. Cummerow will make his home with his sister, Mrs. A. Rogge.

The following building permits have been issued: Mrs. Julia Denninger, dwelling on east half of lot 221, Hanna's addition, $1,000; H. Lepper, dwelling on east half of lot 296, Hanna's addition, $1,200.

Frank Bogash left for Glens Falls, N. Y., last evening. His namesake is entered in the fast pace there this week and Frank will drive him. They will make the grand circuit before Mr. Bogash returns to Fort Wayne.

Mrs. J. Longfield, of No. 67 Charles street, gave a picnic at Robison park this afternoon in honor of her two nieces from Youngstown, Ohio, Misses Bertha and Rose Miller, and Miss Alice Conrad, of Defiance, Ohio.

The committee on statuary for the new court house will meet next Friday evening in the parlors of the Wayne hotel. They will discuss with Architect Tolan some of the historical statues to be placed on the court house.

Two of the prominent members of the Mackay Opera company, now appearing in the Robison park theater, have decided to unite their destinies for the future and the marriage of Miss Kitty Marcellus to Al. Walle will take place tomorrow.

The second section of the Ladies' society of the Bethany church will tomorrow evening give a lawn social at the corner of Rumsey and Jessie streets. Should the weather be unfavorable the social will be held at the home of Mrs. Case on Jessie street.

At the recent session of the American Bar association, at Atlantic City, the Hon. Wm. P. Breen was elected a member of the general council for Indiana, and Mr. John Morris, jr., was chosen a member of the local council for the state. Both are places of distinction.

One of the finest peaches raised in the county was shown THE SENTINEL by Councilman Hench. It was of the early Crawford variety and measured in circumference one way 7½ inches and another 7¼ inches. The beauty about this peach is that there are several more on the tree from which it was plucked.

The Sunday school workers of Fort Wayne should not fail to hear Miss Harlow. Her whole life has been devoted to Sunday school work, and she is by common consent ranked as the leading instructor in this country. She will give two sessions each day, morning and evening, at the Baptist church.

Miss Bessie Hedekin gave a conundrum party yesterday which was a great success. There was about sixty invitations issued and nearly all responded. The yard was beautifully decorated in the national colors and the guests were entertained by answering conundrums by the name of some flowers—which was a good deal of thinking for the young ladies. The prize was won by Miss Allen, who is the guest of Mrs. Henry Freeman. The ladies from out of town who were present were Miss Grace McCarthy, of Carthage, Mo.; Miss Blanche Turner, of Wheeling, W. Va.; Miss Maud Gusman, of Huntington; Miss Allen, of New York city.

**Soft Summer Drinks.**

The Greatest Grocery proposes to take advantage of the "hot wave" and close out all summer drinks and beverages.

THE GREATEST GROCERY

**Walther League Orchestra tomorrow afternoon and evening at Swinney Park.**

N. L. Jackman, of Waterloo, was in the city today.

James B. Williams, of Huntington, is in the city.

The city council meets in regular session this evening.

Mrs. Jane Chinworth and daughter, Ida, have gone to Auburn for a few days.

Stephen Stutesman is off duty at the Randall on account of an attack of rheumatism.

Mrs. A. Pressler, of Lakeside, has gone to Indianapolis to make a visit of several weeks.

Mrs. Nirdlinger, at one time a resident of Fort Wayne, is in the city visiting relatives.

Miss Julia Emanuel and Miss Belle Graham have returned from a two weeks' visit in Cleveland.

Misses Laura Walter and Emma Sinclair came home last evening, after a ten days' outing at Rome City.

The Fort Wayne Theosophical society will meet Thursday evening in Vordermark hall, No. 32 Calhoun street.

The Misses Constance and Hazel Keplinger, daughters of Harry Keplinger, are visiting their aunt at Bucyrus, Ohio.

Mechecanuochqua tribe of Red Men will hold a smoker tomorrow evening, at which all of the ex-members are invited.

Monday the family of Gottlieb Brudi, living east of town, near New Haven, celebrated the fifty-ninth anniversary of Mrs. Brudi's birth. They had arranged several surprises, all of which were well carried out. The climax was reached about 9 o'clock, when the Walther League double quartet, of this city, appeared at the home of the unsuspecting celebrant, and by their artistic rendering of numerous appropriate selections, both vocal and instrumental, beguiled the hours until midnight. An elaborate luncheon was served at 11 o'clock.

## IN COLD ALASKA.

**Harry H. Edgerton Writes Home to Relatives.**

Sends Some Pictures Taken by Himself and a Number of Relics Plucked From the Hills.

Harry H. Edgerton has written an interesting letter from Alaska to relatives in Fort Wayne. The letter is dated Camp No. 7, Skaguay Trail, July 30. Mr. Edgerton says that he has completed his labors as an engineer for the government, and is preparing to do some prospecting for himself. He anticipated leaving Skaguay for Lake Bennett on August 5. From the latter place he intended to take boats down the Youkon toward Dawson, a trip which would consume at least twenty days. Mr. Edgerton then proposed to strike out into the woods and wilderness for himself, and explained to the relatives that another letter would not be received from him for perhaps one year.

He sent home a number of pictures taken by himself of scenes along the route he traveled. There were two of Brackett's wagon road along White Pass, one showing the cold, dreary space for miles ahead and another a small bridge built through a ravine. Another picture showed Mr. Edgerton busy at work over a wash tub on wash day. There was a picture where he was coasting down a big hill covered with snow at Fork Falls on June 26. Another picture taken of Brackett's road along White Pass showed Mr. Edgerton's dog as the only creature alive. As relics Mr. Edgerton sent specimens of moss and flowers, among the latter some Johnny-jump-ups. The claws of an eagle and four rattles taken from a rattlesnake were also amongst the relics shown THE SENTINEL reporter by A. H. Bittenger this morning. Mr. Edgerton said he could not send nuggets as the miners would not part with them until they had been taken to an assay office.

## RETURNING FROM WINONA.

**A Large Number of Ministers are in Fort Wayne.**

A large number of ministers arrived on the noon train today from Winona, where they were attending the Bible conference.

They all report it the most successful conference yet held at Winona. The new man this year, Dr. Campbell Morgan, of London, is said to be the greatest preacher on the Winona platform. Next year they have the promise of Dwight L. Moody, John Wanamaker and F. B. Meyers, of London. The attendance this year was greater than ever before and the ministers all returned feeling that they had been greatly benefitted by the conference and will come back next year in larger numbers. Among the preachers in the city today were Rev. Dr. Johnson, of South Bend; Rev. Dr. Morehead, of Xenia, Ohio; Rev. George A McIntosh, of Kendallville; Rev. J. D. Bailey, of Bluffton.

## THE MARKETS.

Mrs. W. T. Marks is visiting her sister in Van Wert, Ohio.

Miss Maud Jamieson, of Douglass avenue, left yesterday for Noblesville to visit relatives.

Miss Ina Michael, of Fremont, Ind., is the guest of Miss May Johnson, of West Creighton avenue.

Hon. R. C. Bell is entertaining his brother, L. C. Bell, and his nephew, W. C. Bell, of Arkansas City, Ark.

Mr. and Mrs. F. J. Bott and Mr. and Mrs. Lewis Schmoe have returned from a trip around the lakes.

Mrs. P. C. Bliss, of Grand Junction, Col., is the guest of her father, Salem Hartzhorn, 135 Holman street.

The directors of the Home Telephone company will meet in adjourned session on Thursday afternoon.

Miss Urma Seavey has joined Miss Anna Harris at Indianapolis and is enjoying a visit with Miss Harris' relatives.

Miss Bertha Bauerman, of Monroeville, is the guest of Miss Ida Deppler, of No. 112 North Harrison street, for this week.

Reuben Webb and family have arrived in the city from Glenn Springs, Col., to spend the winter with Mrs. A. M. Webb, of this city.

J. Lynch, of Baltimore, who has been visiting his nieces, Mrs. J. Smith and Mrs. W. Burtsfield, of the north side, left this morning for the east.

Mrs. Sol Buckels, of Duluth, Mont., who has been in the city for several days, left yesterday for Toledo to visit her brother, Nelson Mauncer.

At a meeting of the Caledonian society last evening, it was decided to postpone their annual picnic and games until a later day, to be announced hereafter.

Willard Plogsterth, the traveling salesman of Indianapolis, formerly with Root & Co., of this city, is ill at the home of his parents on East Creighton avenue.

## SCHOOL WILL BEGIN.

**Scholars of St. Augustine's Academy Will Commence Their Studies September 6.**

Another scholastic year for the pupils of St. Augustine's academy will begin on Tuesday, September 6, and after a long and pleasant vacation the students will, no doubt, be in prompt readiness to resume their studies, and application to the various ornamental branches, pursued with every advantage at the academy.

The curriculum of study is complete in twelve grades, comprising all the essentials not only for a thorough education, but even for the highest attainments in those branches which give culture, refinement and ability of research to young lady graduates who complete the course of study and receive diplomas from this institution.

The national graded course of music is the one pursued and in its various requirements is complete in seven grades. The history of music is taught in connection with selections from the best masters. Theory is taught in class or privately to pupils who wish to avail themselves of these advantages. The system of technique is the same as that followed and adopted by the best conservatories. Vocal music and the various stringed instruments will also receive special attention from competent instructresses.

The art department will be in readiness from September 6 and the various branches will be arranged for the convenience of all. Oil, pastel, crayon, water colors, drawing, portrait and china painting will be taught.

**Children's picnic and ice cream social at Swinney Park tomorrow afternoon and evening.**

Now a treat for boys and girls. New '98 bicycles for boys and girls, $15; never before sold for less than $30—and remember our auction sale of Bellis bicycles, Thursday 2 p. m. and 8 p. m.

A. C. KATT,
41 W. Berry Street.

Mr. Wyman L. Officer, of Chicago, has been secured to take charge of the shorthand department of the Peoples' Fort Wayne Business college, and will arrive in the city in a few days. Mr. Officer comes highly recommended as an instructor and business man. His recommendations are from some of the largest schools in the United States as well as from railroad companies, banks, etc. Those desiring to enter at the opening of the fall term should endeavor to make arrangements at an early date. Office open evenings, Odd Fellows' Blk.

House Phone 822. 8 & 9 Pixley-Long Block.

BABY'S FACE
LOOKED LIKE RAW MEAT.
Our baby's face and neck was all raw meat, and something awful to look at. The way that child suffered, mother and child never had any rest day or night as it constantly itched, and the blood used to flow down her cheeks. We had doctors and the dispensary with no result. By using CUTICURA REMEDIES, CUTICURA (ointment), and CUTICURA SOAP, the child was entirely healed.
Mrs. GARNJOBST, 218 Nassau Ave., Brooklyn.
Millions of mothers know that a warm bath with CUTICURA SOAP, and a single anointing with CUTICURA, will afford instant relief in the most distressing of itching, burning, and scaly humours of infancy and childhood, of the skin and scalp, with loss of hair, and nothing else will. Sold throughout the world. POTTER DRUG AND CHEM. CORP., Props., Boston. How to Cure Baby Humors, free.

## HOME FOR SOLDIERS

**Great Volunteer Armies to be Mustered Out.**

**One Hundred Thousand Men Will Quit the Service.**

**All Facilities of the Railroads are Employed.**

**Many Regiments Will Go to the Capitals of Their States, Others to Knoxville and Lexington.**

WASHINGTON, Aug. 23.—It is expected that the order for mustering out 100,000 men of the volunteer forces will be issued tomorrow. The list of troops to be mustered out is nearly complete, but some changes no doubt will be made before the order is finally signed. This will reduce materially the number of troops in the different camps.

The third corps, which has been commanded be General Wade, has been ordered from Chickamauga to Huntsville, Ala. One regiment will be retained at Chickamauga, under General Boynton.

### ORDERS TO ABANDON CHICKAMAUGA PARK.

CHICKAMAUGA, National Military Park, Aug. 23.—The war department has ordered General Breckenridge to abandon Camp Thomas, at Chickamauga park, and the general is using every means to comply with the order as rapidly as possible. The various regiments have received orders to pack up and be ready to get out on short notice, and all have gone about obeying orders in a systematic and rapid manner. As fast as railroads can furnish transportation the men will move.

A large number of the regiments have been ordered to their state capitals. The others will be sent to Knoxville, Lexington and Huntsville, Ala. Many of the regiments of the second and third divisions of the First corps are already moving to Knoxville and Lexington and as soon as possible all the regiments of the Third corps not ordered home will go to Huntsville. Gen. Breckenridge, the commander of Camp Thomas, will go to Knoxville or Lexington. He states that he has not yet received definite information as to which of the two camps he will be ordered. All that will be left at Camp Thomas will be the hospitals where the men are too sick to be moved and one regiment which will act as a guard. It is not known where the light artillery and Colonel Grigsby's rough riders will be sent as no orders relating to them have been issued. The First Maine infantry broke camp and left for home today.

### PRESIDENT HEARS FROM DEWEY AND MERRITT.

WASHINGTON, Aug. 23.—The following dispatches from Admiral Dewey and Major General Merritt, acknowledging the president's congratulations on the fall of Manila, were made public today at the white house:

"Manila—To President McKinley, Washington, D. C.: On behalf of squadron and myself I thank you most heartily for the congratulations and thanks you were pleased to express. It will always be a source of pride to us all to have received such commendation. Your cable will be published on board the ships of the squadron tomorrow.

"GEORGE DEWEY."

From General Merritt:

"Manila—To the President, Washington, D. C.: For my troops and myself accept my sincerest acknowledgements for your generous praise of the success of our campaign. America may well be proud of the troops. MERRITT."

### SPAIN DECORATES FIVE FRENCHMEN.

MADRID, Aug. 23.—7 a. m.—The Official Gazette, which publishes this morning a decree conferring decorations upon M. Cambon, the French ambassador at Washington, M. Patuenotre, the French ambassador at Madrid and M. Delcasse, the French minister of foreign affairs, names also for decoration M. Thiebaut, first secretary of the French embassy at Washington, and M. De Granpre and J. Beoufve, both of the French embassy at Washington.

Another decree appoints the Spanish military commissioners for Cuba and Porto Rico.

### ADMIRAL SCHLEY HAS BEEN SICK.

WESTPORT, Conn., Aug. 23.—Rear Admiral W. S. Schley, who has been indisposed at the Saugatuck residence of R. S. Wortley, his son-in-law, was feeling much improved when a representative of the Associated Press called this morning. The distinguished officer could not be seen. His physician had given strict orders for his patient's close seclusion. Mr. Wortley, however, announced that the admiral had passed a comfortable night and this morning was so far improved as to render it possible for him to leave his room and breakfast with the family.

Later in the day it is proposed to take the admiral on a carriage drive. The report that the patient is suffering from a Santiago-contracted fever is announced to be erroneous. Dr. J. Gregory stated this morning that no symptoms of fever have been discovered. He characterizes it as nervous exhaustion and the reaction incident upon a sudden relief from the exciting events of the past few months.

Admiral Schley purposes to go to Washington tomorrow if possible.

### ARE PROMOTED FOR GALLANT CONDUCT.

WASHINGTON, Aug. 23.—The president today made the following promotions in the navy for "eminent and conspicuous conduct in battle:" Lieutenants Benjamin Tappan and Thomas M. Brumby to be advanced five numbers in the list of lieutenants, Ensigns Harry H. Caldwell and Wm. P. Scott to be advanced five numbers in the list of ensigns, Naval Cadet Wm. R. White to be advanced five numbers in the list of naval cadets performing service at sea.

The president also advances Acting Carpenter James I. Haley to be a carpenter in the navy.

### MUCH SICKNESS AMONG PORTO RICAN TROOPS.

PONCE, Porto Rico, Aug. 23.—Noon.—Illness among the American troops is on the increase, and there are now nearly a thousand cases of malaria and dysentery, with a few of typhoid fever. There is absolutely no recuperating property in the climate, and Surgeon General Greenleaf has urgently recommended that the sick be sent north as rapidly as possible.

It is reported that there is yellow fever at San Juan, but Surgeon General Greenleaf's advices do not confirm the rumor.

Last night the heavens seemed ablaze to the eastward and the fire alarm was given out. A detachment of the signal corps went as far as Santa Isabel, but found all quiet there. The fire was not located.

The yacht May, carrying Mrs. Van Rensselaer's party and Lieut.-Col. John W. Clous, who has been designated as secretary and recorder of the commission on the government of Cuba, sailed for Havana today.

## A TUNNEL HORROR.

**Eight Laborers Killed Near Pittsburg.**

**A Cave-in in the Carnegie Tunnel Sends Half a Score of Italians to Eternity.**

PITTSBURG, Pa., Aug. 23.—Eight men were killed, possibly ten, and five more injured, two fatally, at the Carnegie tunnel on the Chartiers division of the Panhandle railway last night. The accident was due to the wall of the tunnel caving in on a number of workmen. The dead are:

John Jones, foreman, married and lived at Ashton, Va.

Felix Mills, laborer, married and lived at Glendale, Pa.

Six unknown, all foreigners.

Five men were injured. One of these, a negro, name unknown, was taken to the West Penn hospital in a dying condition. One of the others is also expected to die. The men were part of a gang of sixty-eight employed by Contractor Casparius, from Columbus, Ohio.

They were engaged in tearing out the tunnel on the Chartiers valley branch of the Pan Handle railroad, just west of the town of Carnegie.

The work is being done entirely at night, in order not to interfere with traffic during the day. It has progressed for a month without accident, and was nearing completion.

Last night the gang of workmen were engaged in loading the train used in hauling out the dirt from the tunnel. A blast had been set off about an hour before.

The men were preparing to pull down the west wall of the tunnel, had fixed a rope for this purpose and were preparing to drill some holes in it for blasting. Suddenly the wall fell over on them. Every man standing at that end of the big excavation was buried alive.

Without an instant's hesitation the other workmen at once began the work of rescue.

Felix Mills was one of the first taken out. He was still living and was sent to his home in Glendale. He died there about three hours later.

The unknown colored man was next reached. A special train brought him to the West Penn hospital at once, but it was not thought he will live. The bodies were recovered rapidly after that.

Seven of the men were taken out dead. The others are yet unaccounted for and are supposed to be under a great pile of rock at the eastern end of the tunnel.

Most of the men employed on the work are Italians. They go by numbers instead of names and nothing is known of their family relations. Their fellow workmen were too busy this morning seeking for more dead to identify any of the bodies.

## A PYTHIAN PARADE.

**Uniformed Knights March at Indianapolis.**

**Six Thousand Men Participate in the Review.**

**Greatest Military Spectacle Seen at the Capital.**

**The Meeting of the Supreme Lodge Inaugurated—Reports of Supreme Officers Presented.**

INDIANAPOLIS, Aug. 23.—The supreme lodge Knights of Pythias began its biennial session at the hall of the house of representatives at the state capital this morning. The supreme officers were escorted from headquarters at the Denison to the state house by the supreme representatives and a special guard of honor from the uniform rank. The rooms were beautifully decorated with the Pythian colors and emblems of the order and the galleries which were thrown open at an early hour were, soon crowded with the wealth and fashion of the city. Caleb S. Denny, ex-mayor of Indianapolis, who is chairman of the citizens' executive committee, called the meeting to order.

Mayor Taggart, in a brief address, welcomed the supreme lodge and hoped that its session would be of great value to the order throughout the world. On behalf of the state of Indiana, Governor James A. Mount welcomed the lodge, and on behalf of the grand lodge of Indiana, Grand Chancellor Union B. Hunt made an address of welcome. Supreme Chancellor Colgrove replied for the supreme lodge in a speech of about ten minutes. One or two other prominent members of the order made remarks, and at 11 o'clock the supreme lodge settled down to business after the galleries had been cleared.

The supreme lodge is in poor financial condition, having less than $10,000 on hand, and this fact has caused some of the members to severely criticise the present supreme officers, and some of these charges found their way into the public press, causing a great sensation. The supreme lodge late yesterday afternoon appointed an investigating committee to ascertain who furnished the charges to the papers and it is the intention to expel the offending member, not only from the supreme lodge but from the order, and there is talk of suits against the papers that printed the charges. It is this condition of affairs that has caused a determination on the part of the supreme lodge to change the manner of raising revenues for the supreme lodge.

It is the intention to have passed at the beginning of each supreme lodge meeting an appropriation bill similar to the bills passed by congress and the state legislatures and to raise this money a tax will be levied on each member of the order. There is considerable opposition to this plan and a hot fight is anticipated. The officers of the supreme lodge will be elected Thursday morning and a hard fight is being made against the present incumbents but it is thought they will be re-elected except that Charles E. Shively, of Richmond, Ind., is leading for the position of vice chancellor.

There are about 45,000 strangers in the city, of whom 15,000 are in uniform. More than 8,000 members of subordinate lodges are in attendance.

The great Pythian parade this afternoon was witnessed by 75,000 people. About 13,000 members of the uniform rank, and 6,000 members of the subordinate lodges participated. The parade was reviewed by the supreme and grand officers and the officers of the state and city. It was the largest secret society parade ever held in this city. There is a strong fight between Louisville, Ky., and Detroit, Mich., for the next session of the supreme lodge and delegations from both cities have opened headquarters and are making things exceedingly lively.

The annual reports of the supreme officers were read this afternoon, after which the lodge adjourned to witness the parade.

The annual report of the supreme chancellor, Phillip T. Colgrove, of Michigan, contained the following:

"Pythianism has found an abiding place in every part of this great North American continent. While in our upward career we have not reached the zenith, yet we have come to a place where our growth numerically must necessarily be less. During the past ten years our growth has been nothing short of phenomenal, and we have not been prepared to confront the fact that our order should ever reach the time when its growth should be less rapid. We cannot deny the fact that we are brought face to face with a condition that requires the united effort, the highest intelligence and the thoughtful consideration of every member of this body."

The report of R. L. C White, supreme keeper of records and seal, was in part as follows:

"The total number of subordinate lodges December 31, 1897, was 6,653, and the total number of members 468,269—a net gain during the calender year of forty six lodges and a net loss of 1,022 members; and a net gain during the years 1896 and 1897 of 179 lodges and 6,730 members. We sustained a net loss of membership during the past year—the first since 1878. But, when we take into consideration the depressed financial condition of the country, we should congratulate ourselves that the loss was not larger. We have done as well as any of the fraternal organizations, and better than most of them."

The report of the board of control Endowment rank, stated that the progress and continued success of the rank had been exceedingly gratifying in every particular. During the past biennial term there had been added 839 new sections and 18,809 new members, with insurance to the amount of $27,805,000. There are now 3,347 sections with 50,579 members carrying an endowment of $109,000,000. The last quarter ending June 30, 1898, gave promise for the present year, the books showing 93 new sections formed, 2,227 new members added and endowments secured to the amount of $3,100,500. During the last two years there had been paid to the beneficiaries of the deceased members $2,182,500 making the total paid to widows and orphans in twenty-one years, $12,445,000.

## THE MONIED MEN.

**Bankers' Association Meets in Denver.**

**Large Attendance at the Twenty-Eighth Annual Session—President Hendrix's Address.**

DENVER, Col., Aug. 23.—The twenty-fourth annual meeting of the American Bankers' association convened at 10 o'clock today at the Broadway theatre. Most of the 500 delegates expected were in their seats when President Joseph C. Hendrix rapped for order. Chancellor W. F. McDowell, of Denver University, invoked Divine blessing.

After roll call Governor Alva Adams, of Colorado, welcomed the association to the state. Governor Adams, himself a bank president, made a rather lengthy address in which he good naturedly criticised many of the methods of modern banking. He advocated a postal savings banking system and a government guarantee for all deposits in national banks. He predicted an era of prosperity to follow the season of uncertainty produced by the war with Spain and a great widening of operations and influence of American financiers.

Joseph A. Thatcher, president of the Denver Clearing house, delivered an address of welcome on behalf of Denver bankers.

President Hendrix spoke in response to the words of welcome, following those remarks with his annual address to the association.

President Kendrix spoke in part as follows:

"The hard times are over; popular discontent has vanished, and the great North American chase for the dollar—first to get it, then to spend it—is in full cry. The only thing that we know with certainty about hard times is that they at last come to an end. Our most recent period of depression ended so suddenly that we can hardly realize the why and wherefore of it. At the beginning of this year the music we all love began once more. The first six months of 1898 has broken the record. We have never seen such bank clearings, never have had so many deposits and have never held so much gold as in that period. The railroads have never carried so much freight. Three-fourths of all the staples were higher on July 1st than they were the year before. The money circulation in the past year increased $197,100,000, and most of it was gold. The per capita circulation increased $2.17 for 74,000,000 people. Two great harvests have been cashed, and through the car windows coming here we saw a third getting ready. Less than 5 per cent. of the railroad mileage, out of 20 per cent. in 1894, remains in hands of receivers. Georgia has sold her peach crop for $3,000,000, and is awaiting the returns from the watermelons. And this is but half the story."

Concerning bankers President Hendrix said:

"Is banking a trade or a profession? That depends upon the banker. The man who worms along in a narrow groove gets a fixed vision and a contracted brain, and becomes a shopkeeper of money. To one of wider view, the functions of banks are the dignity of a profession. The field of usefulness is wide. The range of activity is great. To analyze accounts, to read markets, to understand aright the tides and the cross currents in the habits of money, to judge human nature, to detect the approaching financial storm, to guess the crisis in its passage, to arrange maturities, to sharply define commercial credits, to fortify against speculative borrowings, to steer clear of real estate, to stubbornly hold assets at the melting point against the temptation of fixed or slow investments, to remember that the best as well as the worst market has a tomorrow, to know the paying value of a goodly amount of cash, to be able to give his duty the benefit of every doubt and to have the courage not to take more than the ordinary risk of business, is to know a banker's primer."

Continuing, the speaker called attention to the world's gold production as follows:

Every banker has his eyes on the remarkable gold production of the world in which Colorado is taking such a commanding position in this country. From the figures at hand it appears that the world's gold production for 1897 was $11,000,000, coinage value, and that in less than ten years the annual yield has doubled, and is now greater than the combined production of both gold and silver was ten years ago. If the increase continues we have a prospect greater than we now appreciate. The estimate of the gold production of Colorado last year placed her first in the list of gold-producing states. Her gold product this year and probably next in value the silver product of 1893, the year the Sherman law was passed."

Secretary James R. Branch then read his annual report. The secretary, who appeared in his uniform of major of the Seventh United States immune infantry, was received with enthusiastic applause.

## COLORED MASONS.

**Seventeenth Annual Convocation Now in Session.**

**The Attendance is Large and the Interest in the Sessions is Great—The Program.**

The seventeenth annual convention of the Colored Royal Arch Masons of the Kentucky district is in session in the rooms of the local lodge, in the Tri-State building. J. W. Coleman, of Louisville, deputy grand high priest, called the meeting to order, and Grand High Priest N. N. Newman presided. Committees were appointed yesterday and the following officers were elected:

Most Eminent Grand High Priest Companion J. W. Coleman.

Deputy Grand High Priest—J. W. Hopkins.

Grand King—Companion S. M. Raines.

Grand Treasurer — Companion George Sutton.

Then followed the installation of officers and the discussion of business pertaining to the good of the order.

The officers in attendance are Sir W. H. Perry, most eminent grand commander; R. A. Brown, right eminent deputy grand commander; J. E. Springer, very eminent grand generalissimo; J. W. Coleman, very eminent grand captain general; A. J. Lee, very eminent grand prelate; M. Graham, V. E. S. W.; W. Pettiford, V. E. J. W.; George Sutton, very eminent grand treasurer; W. H. Bullitt, very eminent grand recorder; James Smith, district deputy grand commander.

The visitors are being entertained by Lincoln Commandery, No. 8. This evening there will be memorial service at the African M. E. church, beginning at 8:30, opening with prayer by Grand Prelate Lee and memorial address by W. H. Brown, of this city. After this the grand commandery will hold services.

Thursday afternoon there will be a picnic at Centilvre park, the principal features of which will be a base ball game between Fort Wayne and Logansport commanderies, and a prize drill. Seventy-five dollars will be given as first prize and $50 as second prize. Preceding the picnic there will be a parade of all local and visiting knights.

Tomorrow evening Lincoln commandery will entertain the visiting and other guests at a reception and banquet at White's hall. Sir G. W. Brown will officiate as toastmaster, and addresses will be delivered by George A. Carter, of Louisville; Percy R. Peters, W. W. Bullitt, W. A. Kenzie and others.

### THE GOOD OF IT.

**London Newspapers Discuss the Canadian Commission and Its Purposes.**

LONDON, Aug. 23.—The afternoon papers dwell upon the momentous subject of discussion before the Quebec convention and the gratitude the convention will deserve if, as expected, it succeeds in affecting a lasting settlement of the question at issue.

The Pall Mall Gazette says:

"The convention has an appreciable bearing upon international politics from the fact that the United States and Great Britain are giving the world an striking a demonstration of a desire for a complete mutual understanding. It is a visible sign to all that the two nations mean to bury their superficial differences for the sake of attaining a fundamental unanimity without which treaties and alliances, no matter how formal, cannot endure."

The Westminster Gazette says:

"The convention may easily prove to be the most important imperial event of the year. It offers the first opportunity of materializing the new and better sentiment between this country and the United States. Too much, however, should not be expected of the Canadians, who have scarcely yet become infected with the sentiments that have had free play in England during the war. We may expect them to stand out for what they conceive to be their rights, even at some inconvenience to politicians in London.

"On the other hand the United States senate, unless there has been a change in its spirit and temper, may refuse to ratify the concessions made by the American commissioners. We must be thankful if, in these circumstances, a substantial first step is taken toward Anglo American good will."

## FOR THE NEW NAVY

**Bids Opened for Building of Torpedo Craft.**

**Twenty-Eight Destroyers are to be Constructed.**

**Also an Even Dozen Boats to Shoot Torpedoes.**

**All are to be Fast in the World and a Speed Approaching Thirty Knots Will be Required.**

WASHINGTON, Aug. 23.—The navy department opened bids at noon today for sixteen torpedo boat destroyers, and twelve torpedo boats, to cost in the aggregate not exceeding $6,000,000, as provided in the last naval appropriation act. These twenty-eight destroyers and torpedo boats constitute the largest single addition ever made to the navy. The destroyers are to be completed within eighteen months, and the torpedo boats within twelve months. According to the requirements of the department the destroyers are to have a guaranteed speed of twenty eight knots, and the torpedo boats twenty-six knots. The destroyers are to be about 400 tons, and are to cost not more than $500,000 each, while the torpedo boats are to be about 150 tons and to cost not more than $170,000 each.

These destroyers will be the first vessels of that type added to our navy, except those improvised from yachts during the recent war exigency. They are to have twin screws, vertical engines and a bunker capacity for carrying at least 100 tons of coal, affording some protection to engines and boilers.

The vessels will be lighted throughout by electricity.

They are to be built staunch and strong, with good free board, good sea going qualities and designed to operate at high speed in a sea way.

The battery will be composed of seven rapid-firing guns. The ammunition required will weigh about seven tons. The guns will be mounted on the midship line two twenty-foot torpedo tubes to carry seventeen-foot torpedoes.

Berthing space will be required to accommodate a crew of sixty men and four officers, and provision space for twenty days.

The torpedo boats are of much the same design but will be smaller. Their coal capacity will be forty tons against 160 tons for the destroyers, and their berthing space for twenty-six men and three officers. The battery will be composed of three rapid-firing guns.

There will be mounted on deck three fifteen-foot torpedo tubes, with torpedoes.

Representatives of all the great ship-building firms were present when the bids were opened. The bids, plans, etc., were piled several feet high, and there promised to be much delay and confusion.

Some of the department officials thought it would take two weeks to get the bids fully tabulated as they took a wide range, owing to the department's call for two classes of propositions, one based strictly on the department's plans and specifications, and others based on the individual ideas of the builders, all essential requirements being followed.

The first bid was that of the Bath Iron Works, Bath, Me., for one torpedo boat—speed, twenty-nine and five tenths knots—at $131,000, or four at $160,000 each; one destroyer of twenty-nine knots at $237,000; two at $281,000, or three at $280,500.

Union Iron works, San Francisco, Cal., destroyers, twenty-nine knots, one $294,000, two or three $[illegible] each; also destroyers, under second class, one $294,000, two $[illegible], three $281,500.

Wolf & Sowicker, Portland, Ore., one torpedo boat, $170,000; two $165,000; three $160,000; four, $162,500; also destroyers, 29½ knots, one, $289,000; two, $285,000; three, $282,000; also destroyers one $295,000; two $291,000; three $280,000. Neither Cramp nor Herreshoff bid. It will take some time to decide which are the most advantageous bids.

### DREW A CROWD.

**The Mackayes Please Audiences at the Park Theatre.**

"La Mascotte" at the park theatre yesterday and last night was witnessed by a large audience, who thoroughly enjoyed one of the most prominent comics. A feature of the entertainment last night was a small crowd in the free section and the occupancy of every seat in the reserved section of the large auditorium. "The Mascot" was well rendered, each character being represented in a manner which reflected credit upon the individual taking it.

Today and tonight "Olivette" will be presented, and as it has been many moons since this popular comic opera has been presented on a Fort Wayne stage, it will doubtless draw largely. Indeed, the reserved seat section on sale at Woodworth's has already been nearly sold out.

### CRUSHED TO DEATH.

**Stephen Robart Met a Violent Death at Huntertown.**

Stephen Robart, a twelve-year-old boy, was run over and killed at Huntertown Monday afternoon. He was playing on a hayrack, which was hitched in front of the house, to which a team of spirited horses was attached. The horses frightened at some point and ran away. The boy was unable to maintain his hold on the swaying wagon, and fell from the rack to the ground. The wheels passed over his body, killing him instantly. His body was not much mangled, and death resulted from some internal injuries. He was a particularly bright little fellow, and his tragic death has caused universal sadness. The lad was a stepson of Stephen Wareup. Mr. Ward is a brother of Mrs. Thomas Wilkinson, of this city.

## SNATCHED A $5 BILL.

**One Lad Takes It From Another and Hides the Money.**

**Officer Romy Gets After the Lad and Recovers the Money in the Lafayette Street Sewer—Notes.**

Yesterday afternoon a resident of the south side gave his ten-year-old boy a $5 bill and sent him to a grocery to buy some groceries. On his way to the store the lad met a boy named Gay, about his own age, and the latter snatched the $5 bill and ran away. The matter was reported and Officer Romy made an investigation. The Gay lad for a time denied that he snatched the money, but when the officer threatened to arrest him he acknowledged his guilt and told that he had thrown the money in the Lafayette street sewer. He went with Romy to the sewer, crawled down into it and soon found the bill. He was then taken home, where his mother was sick in bed. She begged the officer not to arrest the lad and he could not resist the sad pleadings of the poor mother. The money was returned to the owner.

TOOK HER PICTURE.

Dora Rollins and her paramour, Wallace Haynes, were this morning taken to the city building to have their pictures taken. The woman objected strenuously but it did her no good. Her portrait will now grace the rogue's gallery Superintendent Gorsline has in his possession.

POLICE COURT.

Thomas Shaughnessey was arrested last evening for an alleged attempt to rob the rooms over Ed Keever's Columbia street saloon. This morning Mayor Scherer bound him over to the circuit court in the sum of $200.

Two tramps arrested by Detective Summers were sent to jail.

Emmet Whiteman, a drunk, was sent to jail also.

## A RIPE OLD AGE.

**Mrs. Katherine Bastian Lived Almost a Century.**

**She Died Monday Morning, Leaving Descendants to the Number of One Hundred—Funeral.**

Monday morning at 8 o'clock, at the home of William Soest, in Marion township, occurred the death of Katherine Bastian, the aged mother of Mrs. Soest. Mrs. Bastian was ninety-one years of age and up to last Saturday was in apparently good health, except that the ravages of old age had made inroads upon her strength. On Saturday evening she was taken ill and grew worse until Monday morning, when she passed away. Mrs. Bastian was born in Germany and came to America in 1818, locating in Allen county, where she has resided ever since. She was the mother of nine children, six of whom are still living as follows: Mrs. William Soest, Mrs. William Adams, John Bastian, of Allen county, Jacob Bastian, and Mrs. Louis Soest, of this city, and Mrs. John Pfeiffer, of Elgin, Ill. Surviving her besides the children are thirty-one grandchildren and sixty-three great grandchildren, making a total of one hundred living descendents.

The funeral will be held from the home of William Soest, nine miles from the city, tomorrow afternoon at 2 o'clock. The remains will be laid to rest in the Lutheran cemetery near by.

### LOCAL LINES.

George Fister, of Grand Crossing, Ill., is the guest of Miss Carrie Weldon.

Mrs. Geo. E. Crane is the guest of Mrs. E. L. Siver at Rest cottage, Rome City, Ind.

George H. Krudop, the coal merchant, and Henry Franke, have gone to St. Louis on business.

The L. Y. L. will picnic at Swinney park next Friday afternoon and evening. W. C. T. U. and families are invited.

F. M. Smith, the hardware merchant, leaves tomorrow for Detroit. From the City of Straits he will go to Buffalo and then to his old home in Watertown, N. Y., where he will visit for a short time.

The semi annual convention of the W. C. T. U. meets at Maysville next week. Members will be present at the next meeting, Tuesday afternoon, to make arrangements to attend.

Word has been received from Los Angeles, Cal., announcing that Mrs Fannie Webber, formerly of this city, is dangerously ill in that city. Her eye-sight is almost gone. Mrs. Webber went to California for her health about two years ago.

## WHAT DOES IT MEAN?

**Fort Wayne Battery Will Not be Mustered Out.**

**A Preference Expressed to Remain in the Service.**

**Such is the Telegram Received by Governor Mount.**

**Bands and Fife Have Petitioned to be Mustered Out—One Hundred and Fifty-Seventh Will be Ordered Home.**

INDIANAPOLIS, Aug. 23.—Special.—The Fort Wayne battery, now at Chickamauga park, will not be mustered out of service. A telegram from the company to the governor expresses preference to remain in the service.

Governor Mount has a telegram from Colonel Studebaker, of the One Hundred and Fifty-seventh regiment at Fernandina, saying that the officers of the regiment were willing to await orders from the war department, but that the men were anxious to come home.

Governor Mount telegraphed immediately to the secretary of war for orders and the regiment will be ordered to Indianapolis immediately.

Elsewhere in this issue of THE SENTINEL is published a copy of a petition sent to Congressman Robinson asking that an effort be made to have the Twenty-eighth Indiana light battery, now in camp at Chickamauga Park, mustered out of service. The petition is signed by nearly all of the non-commissioned officers and a great majority of the rank and file of the company.

Congressman Robinson has telegraphed the substance of the petition to Washington and dispatched the document itself by mail.

In view of these facts the foregoing telegram received this afternoon by THE SENTINEL from its regular correspondent at Indianapolis arouses something more than interest.

It cannot be conceived that the members of the Twenty-eighth have signed two petitions, each diametrically opposite the other in purpose and purport, nor can it be credited that the members who signed the petition sent to Congressman Robinson have so soon and in anything like unanimity repented of their action. There will be curiosity to know who was assuming to speak for the Twenty-eighth Indiana battery in the telegram sent to Governor Mount.

## ZION'S CLASSIS

**Of the Reformed Church Holds a Sunday School Convention.**

**Teachers From all Parts of Indiana are in Attendance—Miss Irma Miller Delivered the Address of Welcome.**

The Sunday school convention of the Zions classis of the Reformed church of the United States met this morning in the Salem Reformed church with delegates from all the Sunday schools of Northern Indiana. A great many teachers were present, all showing great interest in the work which lies before them and showing their love for their work—feeding the lambs in the fold of the Lord. They met for the purpose of discussing the best methods of carrying on the work of the Sunday school and of disseminating to children those truths which shall serve to keep them in the path of the righteous.

At 10 o'clock the meeting was called to order by the president, Rev. B. Ruf, of Berne, Ind. He conducted the devotional exercises which were inspiring and helpful for all. Having thus invoked the blessing from on high, the address of welcome, delivered by Miss Irma Miller of this city, was heard. The address was cordial and Rev. B. Ruf responded, after which the Rev. J. Bush of this city, gave an excellent address on "The Necessity of Teachers' Meetings for the Purpose of Studying Sunday School Lessons." The address was masterful, containing many helpful and encouraging thoughts. A lively discussion followed, in which many more inspiring, uplifting thoughts found expression.

This afternoon the meeting will be continued and many addresses will be delivered.

### LOCAL LINES.

Misses Thorsen and Lizzie Bott, of Taylor street, who have been visiting relatives in Willmette, Ill., have returned home.

Miss Kittie Burkmeyer has returned from a two weeks' visit at Philadelphia and Atlantic City. While there she was the guest of Mr. and Mrs. Ed. Smith, formerly of this city.

Born, to Mr. and Mrs. Robert Klaehn—a son. The little one was born last Saturday, and while the newspaper fraternity has noticed Bob's peculiar actions for a few days they never suspected the real cause. He hasn't had any sleep for three nights.

## TONIGHT

Reception—Colored Masons at A M E church
Machinists' Union—Regular meeting
Board of Safety—Special meeting
City Council—Regular meeting
Lodges—Grand Fraternity Hibernian Rifles, Fort Wayne, No 155, B P O E, Fort Wayne lodge No 1, Daughters of Workmen, Edwards Camp No 3127, Modern Woodmen, Wayne Castle, No 2 Knights of the Golden Eagle Degree of Honor, Nos 2 and 22 Fort Wayne No 116, K of P St Julian council No 87 C B L Daniel O'Connell council, C B L Deborah, No 110 D of R, Darius council, Princes of Jerusalem
Robison Park—Mackey Opera company every afternoon and evening this week

MARK HANNA has evidently resolved himself into a presence to be felt, not heard

THE council can adjourn tonight with the consciousness of having "done the best it ever done" if the curfew ordinance is passed

LET the volunteers be sent home This republic must not require as a useless sacrifice the lives or even the health of her brave sons

THE liquid orbed and gentle Hawaiians are now our fellow citizens. The next move will probably be to realize on the votes that are going to waste over there

THE fact that inventors do not always enjoy the fruits of their ingenuity is recalled by the recent death of George B Richmond, at Lansing, Mich Mr Richmond, says the New York Commercial Advertiser, was the original inventor of the electric telephone which was in use before the Bell patent was [illegible] He never realized a [illegible] from his invention

The Evening News of [illegible] has passed under the [illegible] agent [illegible] being [illegible] The News [illegible] day is a full fledged [illegible] organ [illegible]

From conservative Boston comes the suggestion printed in the Evening Transcript, that with the requisite change in the constitution Miss Helen Gould would make [illegible] for [illegible] New York than even Teddy [illegible] she could get there [illegible] her war record

Again the country hears that the [illegible] been their record in [illegible] The tenth regiment of regulars [illegible] performed heroic [illegible] at Santiago They [illegible] some of the fiercest fighting around the ancient Cuban capital in those first July days Complete reports of their commanders will no doubt do them full justice

Verily your Uncle Samuel will be the greatest on earth when he gets all his islands annexed and under the flag With the addition of the Malays of the Philippines and including the Chinese within the borders of the United States the five great races of men will be gathered together into one great national family That it will be a happy family is expecting too much harmony from so many voices

THE resignation of Colonel Coello, chief officer of the military staff of Captain General Macias in Porto Rico becomes significant when coupled with the fact that his action is due to his desire to remain in Porto Rico, instead of returning to Spain when the Spanish troops are withdrawn from the island in accordance with the conditions of peace That means he desires to remain under the protection of the American flag

IT is not generally known that the Suez canal besides being a wonderful convenience for the freighters of the world and the mail of scattered humanity is also a phenomenally successful project from a financial point of view Earning annually about $13,000 000, it divides $12 000 000 among its stockholders its operating expenses being but 2 per cent of its earnings, so that its stock, with a par value of 500 francs a share now sells and has for many years in London and Paris, for 2 300 and 2,400 francs It is safe to assume that a canal at Nicaragua under American dominance, would be as successful

FALL HATS

*From time immemorial the 1st of September has sounded the "sunset gun" of the straw. It's bad form--very--to wear a straw hat longer--"but that's another story"--what we want to say to you is that the Fall blocks are now all in--the stock's complete, and handsomer Hats we've never handled.*

THE

Howard Derby Hat

*For which we are sole agents in Fort Wayne, is without question the peer of any $5.00 agency Hat on the market--but when we control anything the price is bound to be the lowest, and that's why we sell the Howard for $3.00.*

*Our Hats at $2.00 come in both Derby and Fedora styles, and in all the newest shades--no $3.00 Hat in town can touch these in the salient point of style, quality and finish.*

*At $1.50 and even at $1.00 we show both Derby and Fedora Hats that are really price wonders. Dealing as we do directly with the manufacturers, we are enabled to save you the jobbers' profit.*

LEHMAN'S,

34 and 36 Calhoun St.

### BRING THE BOYS HOME

A mass meeting has been called for tonight to [illegible] citizens in a [illegible] the war department that [illegible] soldiers from Fort Wayne [illegible] This meeting should be attended by [illegible] and it [illegible] it should speak with vigor

The war is over There will be no [illegible] For such garrison duty as may be necessary in Cuba and Porto Rico troops may easily be [illegible] There is no necessity to keep the volunteers away from the comfort of their homes, from the companionship of their friends and from the line of their civil lives In keeping these young men in service a day beyond the actual need of the government a useless sacrifice is being required

Above and beyond these considerations [illegible] is the health of the volunteers The southern camps where they are held are hot beds of deadly malaria Few of the soldiers may be said to be in good health Many are very sick, some desperately and a few have died Unless they are promptly sent north the death rate will increase alarmingly The One Hundred and Fifty seventh Indiana regiment now at Fernandina has been ordered into camp at Huntsville, Alabama It is doubtful if any marked beneficial change will be found there The boys should be sent north to Indiana If they must remain in service until peace is formally declared they can serve the government as well from camp on the cool, wind swept, well drained, health giving hills about Fort Wayne as they can from the fever infested swamps of the south

Let the citizens of Fort Wayne speak for the more than three hundred young patriots who marched bravely from this city at the first trumpet-call to arms The people of Fort Wayne want back every brave life that is yet spared Peace has been purchased by other lives, no sacrifices are now needed to seal the pact

Demand that 'the boys' be sent home—sent home now

## SWITZERLAND VS COLORADO

### Charles M Hobbs Matchless Lecture at Winona

The spirit of Stoddard has fallen upon Hobbs was the feeling of not a few of the large audience which gathered in the Winona auditorium last Saturday evening to listen to the gifted lecturer from Denver If Charles M Hobbs can be induced to abandon his present important occupation as purchasing agent of the Denver and Rio Grande and devote himself entirely to the stereopticon lecture field he would confer an inestimable favor upon the vast traveling and vaster non traveling public

Those who have seen would see again with a keener and more intelligent relish than ever under the spell of his exquisite pictures, and still more exquisite word painting Those who have not seen would leave his presence with a far more vivid and comprehensive appreciation of the world's choicest treasures of nature and art than many who think they have seen them

Mr Hobbs possesses the chief elements of the really great stereopticon lecturer He is discriminating in a rare degree in his subjects He is exceedingly accurate He wields the king's English with a master tongue He combines with the practical turn of mind of the railway official a rare sensitiveness of spirit which enables him to peer into the very heart of the beautiful.

He did not in the slightest sense deprecate the marvelous beauty and sublimity of the wonderland of Europe He did, however, what his audience had probably never seen effected before He opened their eyes to the matchless sublimity of our still more wonderful American wonderland

The closing of the lecture was unique and the very finale itself was simply inspiring In a series of striking illustrations he gathered up the great commercial, agricultural, mineral and other wealth producing qualities of Colorado As these facts passed before his listeners they could have exclaimed:

'Colorado could have no greater advertisement than the repetition of this lecture throughout the east "

The very closing scene of the lecture, the mountain of the Holy Cross, was burned into all hearts forever by the eloquent words of the speaker and the deep sweet strains of the organ in 'Rock of Ages' which is indeed the true foundation of Colorado's greatness and of our greater America.

### Berry Street Church Social

The choir of the Berry Street M. E church will give an ice cream social, with musical accompaniments at the home of G L. Wefel, 10 High street, this evening The following program will be rendered

[illegible] American [illegible] S T Paull
Barcarolle Orchestra Donizetti
[illegible]
Overture [illegible] Suppe
[illegible]

The Hartzell ice cream is absolutely pure Office 103 East Wayne street 1f eod

## MAYOR PROTESTS

### Against Keeping the Fort Wayne Boys in the South.

He Wrote Letters to Secretary Alger and Governor Mount Battery Boys Want to Come Back

Mayor Scherer yesterday wrote letters to Secretary of War Alger and Governor Mount protesting against keeping the Indiana soldiers in the south any longer In his letters the mayor requests that some arrangements be made to bring the One Hundred and Fifty seventh Indiana regiment away from Fernandina, Fla Other citizens have also written letters and Colonel Oakley and others have called a meeting to be held tomorrow evening to protest against keeping the Fort Wayne boys in the extreme south any longer

Congressman J M Robinson is in receipt of the following petition from the members of the Twenty eighth artillery now encamped at Chickamauga, near Lytle Ga

CAMP GEO H THOMAS Chickamauga Park Lytle Ga, August 19—When the United States was plunged in war with the Spanish nation and our president called for volunteers to sustain our position we came forward eagerly to the support of our flag, our country, and our national honor

We have waited patiently but anxiously to be ordered to the front to stand by the American flag in conflict with the enemy But since that is impossible, as actual hostilities have ceased and victory is ours, we have no desire to leave our homes and friends and sacrifice our business interests to go to a distant land to do garrison duty, unless it is a necessity, and which to not do would embarrass our country, which we have no thought of doing

Therefore we the undersigned members of the Twenty eighth battery, volunteer light artillery, do petition that we be mustered out of the service of the United States as soon as possible

Accompanying the petition was a letter requesting the congressman to use his efforts to secure the discharge of the company Mr Robinson notified the authorities at Washington by telegraph that he had the petition, which was later forwarded to the war department

### The Fifteenth Anniversary.

The fifteenth anniversary of the Reformed Orphans' home will be celebrated on Thursday, the 25th of August, in the usual manner, to which the public is cordially invited The ladies of the Reformed churches of the city will serve dinner and supper in their usual cheerful manner in the large dining rooms at the home, while booths containing refreshments will be erected in the beautiful grove in the rear of the institution Music will be furnished by the Goeglein band Rev Dr Bachmann, of Cincinnati, and Rev Keller of Orrville, will be the speakers of the day A number of visitors are expected from Toledo, and other neighboring cities Will not our friends near by also come and enjoy the festivities with us?

The street car company will bring the visitors to the end of their line at the Driving park, and busses will be in waiting to convey them to the home Come one, come all'

JOHN RETTIG,
Superintendent

## BIG TIME AT AUBURN

### Grand Carnival and Peace Jubilee Commences in Two Weeks

As many of our citizens as possible should visit Auburn during her grand carnival and peace jubilee, September 7, 8 and 9 Last year her carnival was a grand success and the program for this carnival should insure a crowded city Some of the principal features are the royal illuminated pageants, parades of character, floats built by professionals beautiful flower parade given by the ladies, Pain's world renowned fireworks including a remarkable collection of set pieces [illegible] open air vaudeville [illegible] electrical fountain and search lights [illegible] peace arch, masked fest [illegible] children the battle of Santiago de Cuba—a sham battle by [illegible] soldiers and artillery [illegible] painted scenery and pyrotechnic effects The best of band music and grand electrical displays Special trains and half fare on all railroads

## UNDER OLD GLORY.

### Stars and Stripes Now Float Over Hawaii.

Impressive Scenes Attend the Formal Transfer of the Islands to the United States

WASHINGTON, Aug 23—The state department has received the following from the late minister to Honolulu Sewall, announcing the raising of the American flag over Hawaii

HONOLULU Aug 12—Day, State Department—Flag raised Friday, the 12th, noon Ceremonies of transfer produced excellent impression SEWALL "

IMPRESSIVE CEREMONIES

HONOLULU, Aug 12—Via San Francisco, Aug 22—Precisely at 11 57 o'clock today the Hawaiian flag descended from the flagstaffs on all the government building and at exactly 11 57 the stars and stripes floated on the tropical breeze from every official flagstaff

The ceremony of today was a most impressive one To hear the strains of 'Hawaii Ponoi" for the last time as a national anthem to hear the bugle blow taps as the Hawaiian ensign sank from its position, and to notice the emotion of many who had been born under it and had lived their lives under it, was solemn

But then came the bright call for the raising of old glory, and the strains of "The Star Spangled Banner " broke forth as that banner was unfurled to the breeze

Then the cheers broke forth and eyes that had been dim for a few minutes became bright and lightened up when the stars and stripes blew out

The ceremonies began with the departure of the First regiment of the National Guard of Hawaii from its drill shed at 9 30 this morning The parade was headed by a detachment of twenty six police under command of Captain Kane and Lieutenant Warren Then came the Hawaiian band and drum corps

The regiment marched to the boat landing to escort the troops from the Philadelphia and Mohican, which were already drawn up on shore The United States forces were commanded by Lieutenant Commander Stevens, and consisted of one company of marines and two of blue jackets from the Mohican and an artillery detachment of two guns and forty two men The naval detachment was headed by the flagship's band

The ceremonies opened with prayer by Rev G L Peterson, pastor of the First Methodist church of this city

United States Minister Sewall then rose and addressing President Dole, who had risen, presented him with a certified copy of the joint resolution of congress annexing the Hawaiian islands to the United States

President Dole answered, acknowledging the making of a treaty of political union, and formally yielded to Minister Sewall, as the representative of the government of the United States, the sovereignty and public property of the Hawaiian islands

Mr Sewall replied

'Mr President In the name of the United States I accept the transfer of the sovereignty and property of the Hawaiian government The admiral commanding the United States naval forces in these waters will proceed to perform the duty intrusted to him "

The Hawaiian band played "Hawaii Ponoi," the national anthem Colonel Fisher gave the order to the national guard battery stationed on the executive grounds in command of Lieutenant Ludwig, to fire the national salute of twenty-one guns, which was also repeated by the Philadelphia

As the echo of the last gun reverberated in the hills a bugle sounded and the national ensign of Hawaii came slowly down until it reached the ground, never to go up again

There was a short pause and then the admiral nodded slightly to Lieutenant Winterhalter, who gave the order "colors, roll off "

The flagship band struck up the well-known strains of "The Star Spangled Banner, " and as the stars and stripes slowly ascended there was breathless suspense But as it reached the top cheers broke forth from the crowds below and salutes of twenty one guns were again fired by the Hawaiian battery and the Philadelphia

### The Spanish War is Over

The people of Greater America will now be in a position to pay more attention to domestic affairs transpiring in our midst, among which we know of none more interesting to contemplate than the Trans Mississippi and International Exposition, popularly recognized as our Omaha Exposition The Columbian Exposition at Chicago in 1893 may have been of greater proportions, but we are assured the Great Omaha Exposition is in all essential particulars, possessed of equal merit Reduced rates are authorized via the Nickel Plate road every day Look out for special train excursions at low rates on dates to be announced later

## ANOTHER GAME WON.

### Mansfield's Cripples Were Not in It With the Hoosiers

Brodie Was Effective Until the Game Was Won When He Let Down Toledo Won Notes

The Mansfield cripples played another game with the Fort Waynes yesterday and were easily defeated Tillie McShane is out of the game and while he is able to limp about he will probably not be allowed to get back at third for some days Dr Brott is playing the third sack and Kellum is taking care of right field as good as anybody can Brodie and Kostal were pitted against each other and 'Smoke' pitched the best game although one more hit is credited against him than Kostal He kept the visitors' hits well scattered until the seventh when he weakened a little There was no time in the nine innings when the Haymakers had a chance to win out Griffin did fine work at short again while the fielding of Norcom was execrable Fisher was back in the game and Colgan made the decisions There was far less kicking than for two or three weeks past Score

NOTES.

Colgan is umpiring here again and has some control of the players.

Norcom has won seven and lost seven games for Fort Wayne. Herr has won thirteen and lost fifteen.

Now that Tom Campbell has been released Patterson and O'Meara will probably alternate behind the bat and in the field

The last game at home during August will be played tomorrow There should be a big crowd to give the boys a royal send-off for their fine playing recently

The hit the grand stand applauds is the long fly that is almost invariably pulled down The bleachers have a better eye for a ball as a rule and are much quicker to appreciate a swift, clean play. There is a knowledge of the intricacies of the game displayed in the cheap seats that might frequently give points to the press box The man who comes to sit on the bleachers also comes to see the game, he is not there to spend the afternoon or give his best girl an airing He roots a good deal and jollies the players, but he is a ball fan right.

Mansfield News "The so-called official standing recently sent out by the president of the league isn't correct, as it gives New Castle one victory too many and one defeat too few, gives Dayton one victory too few and one defeat two many, Fort Wayne one defeat too many and Toledo one victory too few But the president does manage to give correctly the won and lost for Springfield, Grand Rapids, Mansfield and Youngstown There are opportunities for sixteen errors, but the president accepts but six of them "

The Brooklyn league team passed through Fort Wayne on Pennsylvania train No 8 last evening en route from Chicago to Pittsburg Brodie and Flood were at the depot to greet some of the players with whom they are acquainted

The French Town Juniors defeated the Bob Whites yesterday by a score of 26 to 1 The feature of the game was the batting of the French Town Juniors Batteries—French Town Juniors, Smith, Koons and Longfield, Bob Whites, Menefee and Hayes

"Cy Swaim threatened to divorce a bunch of base ball fans from their breath last fall " says Cy Young in the Washington Post "Cy's farm is located a few miles from my patch of ground and one day last October he came over to my house and induced me to go over to Dennison and play for a picked team that he had organized for the purpose of beating his brother's team. 'You play first base for four or five innings and I'll pitch Then I will take your place on first and you pitch. Is it a go, Cy?' said the other Cy I said it was a go, and we started for Dennison Cy's brother had a husky looking lot of lads on his team, and they swung at Cy's speedy slants with the free and easy movement of a rail splitter employed in chopping down a tree But they discovered Cy's curves for about ten hits in the first three innings, and the Dennison crowd got after Cy 'You're a big Rube. So you pitched in Washington, did you? Why, you had better go back and toss fodder to the calves Cy,' was one of the cheerful compliments hurled at Cyrus. This was the unkindest cut of all There was a man on the third base when this allusion to the calf was made But Cy didn't care a tinker's cuss for that man on third He turned and hurled the ball in the direction whence the gag about the calf and the Rube came Then he walked off the diamond, expectorated in the hollow of his hand, flourished his fist, and bawled 'Come on, gurl dern yer Who's a Rube? If I had three shells or a gold brick here, we would find out who is the Rube in the party I'll lick yer all in a bunch, or I'll take yer single handed, or my name ain't Hillary Swaim ' I led Cy back to the pitcher's rubber, sent him to first base in the next inning, and finished up the game on the rubber We won by one run, and that was all the satisfaction that Cy wanted "

## MUST PAY TAXES.

### Prosecutor Will Prosecute Those Who Fail to Do So.

County Treasurer Hunter Has Submitted a List of Those Persons Who are Delinquent.

County Treasurer Hunter has turned over to the prosecuting attorney a list of those persons who are delinquent in taxes for three years or longer. The treasurer finds it impossible to collect from many persons who are able to pay and have their property in their wife's name. The buyers of property sold for delinquent taxes will not purchase certain kinds of property because the title cannot be made clear and the treasurer is confident that a few prosecutions will compel many of these delinquents to settle and will increase the revenues of the county and city several thousands of dollars

A GARDENER ROBBED

Last evening some thief or thieves entered the home of Michael Spitz a gardener who lives about one mile north of Centlivre's, and stole $30 in cash, which Mr. Spitz had in the house. The prowlers overlooked or did not care to take a certificate of deposit for $400, which was lying near the money. Sheriff Melching was notified of the crime and has been watching a suspected party all day.

COURT NOTES.

In the superior court Jennie Hibler makes application for a divorce from Anthony Hibler. P. B. Colerick penned the complaint

John Zurbuch and Carrie M E Zurbuch have been given a temporary order by Judge Dawson restraining Constable Kennelly from taking possession of certain real estate alleged to have been purchased by Mr Zurbuch from Emmet Martin.

## FIRST SESSION.

### International Arbitration Commission Assembles in Quebec.

QUEBEC, Aug 23—At noon today the first meeting of the international arbitration commission was called at the parliament building Nothing was done beyond the preliminary work of organization This was followed by an informal reception by the city officials and an address of welcome delivered by the mayor of the city.

An informal meeting of the American commissioners was held last evening in Senator Fairbank's rooms, but nothing definite as to the work of the commission was decided upon

Mr Dingley has not yet arrived but is expected hourly. Senator Gray, of Delaware, came in from Montreal late last night

Dallas Coleman, of Delaware county, Ohio, who has been visiting his uncle, J. M Stahl, of this city, for the past two weeks, started for his home this morning He made the trip on his wheel, starting from Ashley, August 9, at 9 a. m, reaching this city at 1. 45 p. m the next day, a distance of 158 miles.

$2.00 to Chicago and return, via Pennsylvania, next Sunday. Train leave at 3:55 a. m. dw,t f s, tf

## SPANISH VS GREEK.

### Ex-Secretary Hoke Smith Advocates Its Teaching in Place of the Classics.

Hon Hoke Smith of Atlanta was at the Riggs last evening Mr Smith lately was a subject of comment in the press of the country because he favored making the study of Spanish optional with Greek in the boys high school of his city Mr Smith's idea is based on the utilitarian proposition that a knowledge of the language of Spain which is a live tongue is worth immeasurably more to a youth than the ability to read the odes of Horace the orations of Cicero or even the soul-stirring poetry of old Homer

It is an acknowledged fact ' said he that men soon forget the classics after they retire from college Ten years after the exit of the brightest student from his alma mater he is unable to interpret a line from Ovid and you had as well ask him to translate a sentence in Sanscrit as to explain the meaning of a passage from Euripides. Outside of the mental training developed in their study time put on the ancient languages is worse than wasted We don't care a fig for Spain or the Spaniards but that shouldn't blind us to the fact that the speech of the enemy is the dominant tongue of countries contiguous to us and with which we expect to establish the closest trade relations It is the language of Mexico of the Central American republics, of nearly all the South American governments and of the West Indies The English German and French merchants who have made big fortunes by opening houses in all these countries use the speech of the people and in that way have an enormous advantage over our own citizens who on going down there find themselves handicapped by being able to speak nothing save English It is better to train our young men in those things that may be of service to them in maturer life, and the knowledge of a modern language must be regarded not only as an accomplishment but as part of a thorough business equipment As our next door neighbors speak Spanish and as we want to sell them the bulk of the goods they buy instead of having them continue to buy of Europe it seems the part of common sense that American boys should be taught Spanish in the regular curriculum of our public schools ' —Washington Post.

### The Flight of Time

Who was that young man who stood out at the front gate so long last night?" asked Mabel's father That was Herbert she replied as she wiped the corner of her eye He came to say good bye forever ' "Humph' I thought he must have some such ambition and it's a good thing I slammed the shutters He said good-bye for two hours and a quarter as it was "—Washington Star

### Deepest Hole in the Earth.

The deepest hole in the earth is at Schladebach near Ketschau Germany It is 5 735 feet in depth and is for geological research only The drilling was begun in 1880 and stopped six years later because the engineers were unable with their instruments to go deeper This hole was expensive, as its cost was $53 000.

### Care for the Sparrows

I do not find any sparrows with large storehouses or any swallows with a great quantity of grain laid up for the morrow and yet I have never taken up a sparrow that has been starved to death, and seldom or ever do you find a swallow that has perished of cold God careth for them, and are ye not much better than they?"—C. H. Spurgeon.

### Neighborly Interest.

'It's kind of encouragin'," said Farmer Corntassel 'to hear o Joe Backtigger sort o gittin' up to date ' But hes arguin agin the annexation of Hawaii which is all past an' done" "I know it But its a good sign It shows his gittin his mind off o '16 to 1.'"—Washington Star

### The Dog of It.

"So you call your dog Dewey, do you? It seems to me that he's a very homely looking cur to be honored with such a name ' 'But Dewey is an especially appropriate name for this dog" 'How so?' It doesn't matter what he happens to be doing he's always ready to suspend operations for breakfast —Chicago News.

### A Chinese Typewriter.

The Rev Sheffield, a Presbyterian minister at Tung Chow has invented a typewriter for the Chinese language This machine is capable of writing 4 000 characters which are carried around the circumference of numerous type-wheels It requires the depression of two keys in order to print a simple character.

### Heroic Resolve.

"Any war spirit out your way?" asked the grocer. "You bet" answered Farmer Green 'Only last week the wimmern got together at the schoolhouse and passed a resolution to not wear no Paris-made gownds"—Indianapolis Journal

### A Narrow Escape.

Thankful words written by Mrs Ada E Hart, of Groton, S D "Was taken with a bad cold which settled on my lungs; cough set in and finally terminated in consumption Four doctors gave me up, saying I could live but a short time I gave myself up to my Savior, determined if I could not stay with my friends on earth, I would meet my absent ones above. My husband was advised to get Dr King's New Discovery for Consumption, Coughs and Colds I gave it a trial, took in all eight bottles It has cured me, and thank God I am saved and now a well and healthy woman " Trial bottles free at Dreier & Bros ' drug store Regular size 50c and $1 00 Guaranteed or price refunded

### The Sure La Grippe Cure.

There is no use suffering from this dreadful malady if you will only get the right remedy You are having pain all through your body, your liver is out of order, have no appetite, no life or ambition, have a bad cold, in fact are completely used up. Electric Bitters is the only remedy that will give prompt and sure relief They act directly on your liver, stomach and kidneys, tone up the whole system and make you feel like a new being They are guaranteed to cure or price refunded For sale at Dreier & Bros ' drug store, only 50 cents per bottle

"Our Nation in War "

YOUNG WOMEN desiring to make their home at the new
Y. W. C. A. Rooms,
49 and 51 W. Berry Street,
Should apply at once Miss Johnson has charge of the rooms to be rented and may be seen after 5 o'clock at the association house West Berry Street.

## STRONG STATEMENTS.

### Three Women Relieved of Female Troubles by Mrs. Pinkham.

From Mrs A W SMITH, 59 Summer St, Biddeford, Me.

"For several years I suffered with various diseases peculiar to my sex. Was troubled with a burning sensation across the small of my back, that all-gone feeling, was despondent, fretful and discouraged; the least exertion tired me. I tried several doctors but received little benefit. At last I decided to give your Lydia E. Pinkham's Vegetable Compound a trial. The effect of the first bottle was magical Those symptoms of weakness that I was afflicted with, vanished like vapor before the sun. I cannot speak too highly of your valuable remedy. It is truly a boon to woman "

From Mrs. MELISSA PHILLIPS, Lexington, Ind, to Mrs. Pinkham:

'Before I began taking your medicine I had suffered for two years with that tired feeling headache, backache, no appetite and a run down condition of the system. I could not walk across the room I have taken four bottles of the Vegetable Compound, one box of Liver Pills and used one package of Sanative Wash and now feel like a new woman, and am able to do my work "

From Mrs MOLLIE E. HERREL, Powell Station, Tenn.:

"For three years I suffered with such a weakness of the back, " could not perform my household duties. I also had falling of the womb, terrible bearing down pains and headache I have taken two bottles of Lydia E. Pinkham's Vegetable Compound and feel like a new woman. I recommend your medicine to every woman I know."

# A BIG AFFAIR

## Is the Excursion to Petoskey Today.

### The Grand Rapids Road Takes Nearly 200 of Our Citizens North—Shop and Rail.

The excursion to Petoskey and Macinac Island today over the Grand Rapids and Indiana road was well patronized by Fort Wayne citizens. The morning train carried eighty-eight Petoskey passengers and twelve Macinac passengers, and from the number of inquiries by telephone and otherwise Agent Ross was led to believe that at least seventy-five more would leave on the afternoon train. This excursion started from Fort Wayne. Next Tuesday the company will run another, starting the train from Richmond and taking on excursionists at all points en route until Grand Rapids is reached.

COAL DOCK LABORER HURT.

Fred Foss is lying at his home, 12 Custer street, with injuries received while working upon the Nickel Plate coal docks. At noon yesterday he fell from the top of one of the big engine tanks to the bottom of the cinder pit, a distance of sixteen feet, and striking upon the draw bar heads of a car in the descent. He was picked up in a dazed condition and taken home, where Dr. J. M. Dinnen found that his injuries were a bad cut in the head and bruised and sprained back and hips. Mr. Foss will be unable to work for some days.

BIG ORDERS FOR CARS.

Within the past sixty days the receivers of the Baltimore and Ohio have ordered almost 6,000 new freight cars, of which the Pullman company is building 1,000 box and 1,000 drop end gondolas; the Michigan Peninsular 3,000 box cars, and the South Baltimore car works 200 box cars, 500 hopper coal cars and fifteen four-wheel cabooses, making a total of 22,735 freight cars ordered in less than two years. These cars are all of modern construction, are fully equipped with air brakes and automatic couplers, and average 60,000 pounds capacity. It is estimated that fully 85 per cent. of the Baltimore and Ohio freight cars have air brakes and automatic couplers in accordance with the inter-state commerce law.

A FAST RUN.

Last week a train consisting of an engine, four coaches and a Pullman palace car broke the Philadelphia and Reading record for speed. The record run was made between Elizabeth and Jenkintown, a distance of sixty-nine miles, which was covered in sixty-one minutes, including the time consumed in twice slowing up for water, once near Bound Brook, and once on the Delaware river bridge. Some of the miles were reeled off in thirty eight seconds. When the train left Jersey City it was eighteen minutes late; when it pulled into the station at Jenkintown it was exactly on time. The ordinary running time for the full ninety-two miles is one hour and fifty-eight minutes; the time for the full trip on Monday, including the run between Jersey City and Elizabeth, as well as between Elizabeth and Jenkintown, was one hour and forty minutes.

WEHRENBERG & BUSCHING GOT THE CONTRACT.

When Charles R. Wermuth, the contractor, figured upon the cost of building the Hoagland school for the purpose of submitting a bid, he forgot to include painting and consequently his bid was the lowest of the dozen or more submitted. When he discovered his error he refused to take the contract and the next lowest bidder, Messrs. Wehrenberg & Busching, were awarded the contract for the erection of the building for $24,210. Wermuth's bid was for $23,232. Work upon the building will commence at once.

General and Local Gossip.

John Connors, of the Pittsburg blacksmith shop, is sick and off duty.

The Baltimore and Ohio has created the position of "commandant manager."

Nickel Plate Conductor J. R. Meyers is taking a lay off to attend to some private business.

Fireman John Vasseriat, of the Nickel Plate, has gone to Bellevue to spend a vacation with friends.

Machinist Frank Saffon has recovered from his recent illness and is again at work in the Bass shops.

After a week at his old home in Michigan, Nickel Plate Brakeman F. Magill has resumed his duties on the road.

E. M. Briggs, of New York, is here taking measurements for the winter suits of the Pennsylvania trainmen.

The Wabash in the second week of August, shows an increase in earnings over the corresponding week of 1897 of $4,021.

John Sanders, of the Pittsburg paint shop, went to Maples, Ind., this morning to assist his father, who is a farmer, with his throshing.

E. H. C. Brune, who was taken sick last May, has recovered sufficiently to resume his place in the Pittsburg shops. He is a cab builder.

The Western Union linemen, who have been working here for the past four or five weeks, finished their task today and tomorrow will go to Quincy, Ill., to take up a similar one. There are twelve men in the party.

Homer Carpenter this morning resumed his place at the desk in the office of the Electric corporation, after a most pleasant two weeks' vacation.

J. F. Nolan, trainmaster of the eastern end of the Indianapolis division of the Panhandle, has removed his headquarters from Bradford to Columbus.

Engineer Peter McGuire, of the Pittsburg, who has been sick for several weeks, suffered a relapse last night, and is again confined to bed nearly all the time.

The Wabash has secured the contract for hauling west one hundred new street cars that the John Stephenson company, of Troy, N. Y., is building for Chicago lines.

Thomas Pritchard, a moulder at the Bass works, who has been in poor health for some time, has gone to Northern Michigan in the hopes of receiving physical benefits.

Hiram Crego, conductor of the first Pullman car run, which was in 1858, from Chicago to Freeport, is now a switchman in the Panhandle yards at Chicago. He is sixty years old.

James Nicholson, yard foreman of the Nickel Plate, has gone to Buffalo, N. Y., to join and accompany his wife home. The lady has been visiting there the past week or two.

The Illinois Central Sunday run a business men's excursion from New Orleans and Memphis to Chicago at a $10 rate, and it required seven special trains to carry the excursionists.

The semi annual meeting of the American Association of General Ticket and Passenger Agents will be held at Detroit October 18, when action will be taken on using safety ticket paper.

It is said that in adopting its present system of looking after fuel supplies, the Wabash has effected a saving of $165,000 during the past fiscal year. George M. Burns has charge of this department.

Thomas Stonebrook, painter employed in the Pittsburg shops, is very sick. His little son has been quite ill, and the worry and loss of sleep brought on the illness which has prostrated Mr. Stonebrook.

The Fort Wayne Spoke company is preparing to ship a car load of wheel material to the Standard Wheel company at Sandusky, Ohio. Business in the wheel line has been steadily improving for the past year.

Conductor Andy Dawson has returned from Donaldson, where he spent a week fishing. He was successful to a remarkable degree and several of his Fort Wayne friends are indebted to him for a nice mess of fish.

Conductor M. E. Baum and Brakeman C. M. Tindall have resumed their respective duties on the Nickel Plate after attending the funeral of Mrs. Baum at Seneca, Ohio. The dead lady was a sister of Mr. Tindall's.

A special carrying Vice President Wood, of the Pennsylvania lines, on Friday, in running from Chicago to Pittsburg, made the run from Bradford to Columbus, eighty-three miles, in ninety-seven minutes, stopping once for water.

It is learned that an important meeting of the traffic managers of the Vanderbilt lines will be held this week at Buffalo to arrange the minor details for consolidating the eight fast freight lines operating on the Vanderbilt systems.

Fenimore Elliott, who has been under quarantine restriction for two weeks on account of scarlet fever at his home, expects to go to work again in a day or two. The patient, a little girl, has recovered, and the premises were fumigated yesterday.

Harry Shives, one of the members of a hammer crew at the Bass blacksmith shop, was struck on the breast yesterday with a piece of iron and severely injured. He was taken to his home on Charles street, where Dr. A. J. Kesler attended him.

H. C. Moderwell, of the Nickel Plate, will entertain the local freight agents at his home this evening. Notwithstanding the great competition for business the freight agents of Fort Wayne are a social set, and these meetings are most enjoyable affairs.

The bans of Charles F. Dunn and Miss Celia McMahon were announced for the first time from the pulpit of the Cathedral last Sunday morning. Mr. Dunn is a machinist in the Pittsburg shops and Miss McMahon is the daughter of a well known citizen of Detroit. The wedding will take place September 7 and after an eastern tour, the bride and groom will return here and go to housekeeping in the south side.

On October 1 the the Santa Fe will again try the experiment of establishing a line of steamers between San Diego and China and Japan. The management thinks it a more opportune time to establish such a line than was its first experiment in that direction.

It is interesting to note that the Baldwin locomotive works have just completed the first engine for England. For years the works have been building locomotives for British provinces and colonies, but this is the first foothold one of them has secured for the island itself.

Ed. Hall, a fireman on the Grand Rapids and Indiana road, who has been suffering with appendicitis for some time, is getting better, and will probably recover without undergoing a surgical operation. He is still confined to his bed, however. Mr. Hall resides on Wallace street.

Ed. Alway is probably one of the worst afflicted of the many hay fever subjects in Fort Wayne. He was so ill yesterday and the preceding day that he was unable to leave his bed, and is but little better today. Mr. Alway is a car repairer, employed in the Nickel Plate yards.

T. P. McArdle, a local conductor on the Pennsylvania road, is the most popular conductor in the city, if we are to judge by the vote on the lantern at the Bloomingdale Catholic church fair. He received 1,615 votes. Other contestants were William Docterman, 1,105 votes, and C. Bell, 683½ votes.

The Chicago-St. Paul roads have hit the Canadian Pacific another hard blow. At this season of the year there is always an exodus of farm laborers from eastern Canada to Manitoba, and this year it is larger than ever before. Over 3,000 passengers of this class have been hauled in one week. Formerly the Canadian Pacific had a monopoly of this business; now the American lines have gone in as competitors and have succeeded in diverting a large per cent. of travel via Chicago and St. Paul.

# RACES AT DUBUQUE.

## Lena N. Won the 2:12 Pace in Straight Heats.

### Querist Forced to Trot in 2:12 3-4—Great Event Will be the 2:07 Pace Today—Searchlight Will Start.

DUBUQUE, Iowa, Aug. 23.—The Nutwood park meeting opened under bright skies and a torrid heat with an attendance of 1,000 or more. Lena N. took the 2:12 pace without extending herself, but otherwise the sport was first-class.

McHenry was behind Alice Dorman, the favorite in the 2:40 trot, and was forced to drive her out the first two heats. The third went to Aggie Medium and then McMillan took the race. McHenry made a great effort in the final heat, but the bay horse was game and steady and carried the mare off her feet near the wire.

Querist, in the 2:28 trot, had Cutting to beat in every heat, and was obliged to step the last in 2:12¾, thus passing out of Cutting's class. Cutting was started back of the field in the second, but finished at the throat latch of the Montana horse.

The 2:07 pace today will be the big event of the meeting. Searchlight is barred in the pools, though Sally Toler, Lady Nottingham, Budge, and other fast ones will start.

The summaries:

[illegible]

The resignation of W. H. Hawkins, who has been connected with the internal revenue department in this district, has been announced to take effect September 1. Dr. McGeegan, of Arcola, is an applicant for the position.

**FOR RENT.**
**True Blue's hall, over 10 and 12 West Wayne street. Inquire at this office.** 10tf

# CURFEW WON'T RING

## But the Ordinance Will Pass the City Council.

### Committee Will Recommend Against the Bell and Whistle, but in Favor of the Law.

The committee on rules, regulations and ordinances at a meeting last night decided to recommend the passage of the curfew ordinance with the section providing for the ringing of a bell or the sounding of a whistle stricken out. This means that children must keep informed as to the hour. The committee was unanimous in its recommendations and this fact insures the passage of the ordinance, as the biggest opposition to its passage heretofore was by some of the members of this committee.

CITY LIGHTING.

The city lighting contract will come up before the council tonight for consideration. The board of works will submit a communication, which will probably explain that they cannot enter into a contract with the Jenney Electric Light and Power company to furnish light at $85 a lamp. An effort is being made by certain councilmen to make some provision for a municipal plant and when this is done many members who now oppose the $100 contract will support it.

APPROPRIATIONS.

Mayor Scheres will submit to the city council this evening his recommendations for appropriations with which to run the departments of the city during the next year. The sum total asked for will be $328,000, only $10,000 more than was appropriated last year. A little pruning was done by the mayor and Comptroller Berghoff in all the departments.

BOARD OF WORKS.

The board of public works yesterday received from the engineer plans for the following improvements:

For a sewer in the alley between Fletcher avenue and Grant avenue, from Penn street to the alley north; sewer in the alley between Alliger and Penn streets, from Fletcher avenue to Grant avenue.

For paving the alley between Baker street and Brooklyn avenue, from Calhoun street to the first alley west.

For constructing sidewalks on Poplar street, both sides, and grading that thoroughfare, from Fox avenue to the alley west of Oakley street.

For building sidewalks on the south side of Columbia avenue, from Old Fort street to the east line of lot 28, Lakeside Park addition.

The board approved all the plans and passed resolutions for the improvements as specified.

A communication from the council, instructing the board to erect a public drinking fountain on the Barr street market place, was received and placed on file. The board approved the contract and bond of Haiber & Schwartzkopf for constructing sidewalk intersections on the nowly paved south side streets and the bonds of J. W. Haiber and W. R. Smick, for relaying sidewalks by private contract

The board has sent to all plumbers, gas fitters, sewer and water works contractors, copies of the ordinance recently passed by the council, requiring the issuance of permits before streets or alleys can be torn up for any improvements. The board will enforce the ordinance.

MUNICIPAL NOTES.

A remonstrance signed by R. T. McDonald, George DeWald, P. A. Randall, Edward Seidel and others has been filed with City Clerk Monning against the removal of the street railway tracks from Columbia street.

The sheet asphalt is being laid on Hoagland avenue and the concrete is being put down on Calhoun street. President Williams, of the Alcatraz company, was here and says the work will be completed by September 20th.

Mass Meeting Tonight.

The following call was issued last evening:

The citizens of Fort Wayne are requested to meet in mass meeting at the city hall this evening at 7:30 p. m. to take some action which may result in our soldier boys of northern Indiana, who are not to be sent to the front, in being transferred from their present unwholesome quarters, where many of them are suffering from sickness and want of sufficient medical attendance and supplies, to our own state at Indianapolis, or better still, to Fort Wayne, where they can be properly cared for until they are mustered out. Ladies are requested to attend

C. B. OAKLEY,
F. W. KEIL,
ALLAN H. DOUGALL.

Magnificent Train Service

Michigan Green Gages, $1.10 bushel, or [illegible] quart.
Michigan Whortleberries, [illegible] quart.
Large Sweetheart Watermelons, [illegible]
Nutmeg Melons, [illegible] each.
Michigan Apples, [illegible] and [illegible] peck.
Jersey Sweet Potatoes, [illegible] peck.
Large Wax Messina Lemons, [illegible] doz.
California Fruits of all kinds.

WHITE FRUIT HOUSE.

Mrs. B. T. McDonald returned from [illegible] today.

Miss Blanche [illegible], of South [illegible] street, is very ill.

Mrs. Charles Pape and children are at the hotel at Rome City.

Mr. [illegible] Nash and Miss Daisy [illegible] have gone for an extended trip in the east.

Mrs. [illegible] Couty is visiting her [illegible] Mrs. W. A. Morras, at [illegible]

Miss Carrie Kamm, of No. [illegible] Wellson street, has gone to Lima to visit friends.

Mr. and Mrs. [illegible] Hall and daughters are spending a few days at Rome City.

The [illegible] Aid society met this afternoon with Mrs. Hulburd, on [illegible] avenue.

Bertha Wilkens is in Detroit visiting with Mrs. Samuel Mosshammer for a couple of weeks.

Mrs. A. Edlerman and daughter, of New Bremen, Ohio, are the guests of relatives in this city.

Miss Mary Krause, of Chicago, is spending the week with Miss Lena Lewzynski, of St. Martin's street.

Mr. and Mrs. Joseph Gair and daughter, Miss Emma, of Chicago, are visiting Mr. and Mrs. Frank Bo[illegible]

Chris. Paul was taken to St. Joseph hospital, where an operation for rupture of a blood vessel was performed.

Mr. and Mrs. Thomas Shull, Miss Mollie Shull and Miss Chella McGirmin, of Montpelier, visited in Fort Wayne yesterday.

Mr. and Mrs. A. C. Perry, of No. 42[illegible] South Lafayette street, have gone to the lakes about Angola for a two weeks' outing.

Lieutenant Frank Alderman, of the Twenty-eighth Indiana artillery, is in the city visiting his parents, Mr. and Mrs. Frank Alderman.

George Cummerow, the attorney, arrived in the city this morning and will enter into a law partnership with Phil B. Colerick. Mr. Cummerow will make his home with his sister, Mrs. A. Roggs.

The following building permits have been issued: Mrs. Julia Denninger, dwelling on east half of lot 221, Hanna's addition, $1,000; H. Lepper, dwelling on east half of lot 2[illegible], Hanna's addition, $1,2[illegible]

Frank Borash left for Glens Falls, N. Y., last evening. His namesake is entered in the fast pace there this week and Frank will drive him. They will make the grand circuit before Mr. Borash returns to Fort Wayne.

Mrs. J. Longfield, of No. [illegible] Charles street, gave a picnic at Robison park this afternoon in honor of her two nieces from Youngstown, Ohio, Misses Bertha and Rose Miller, and Miss Alice Conrad, of Defiance, Ohio.

The committee on statuary for the new court house will meet next Friday evening in the parlors of the Wayne hotel. They will discuss with Architect Tolan some of the historical statues to be placed on the court house.

Two of the prominent members of the Mackay Opera company, now appearing in the Robison park theater, have decided to unite their destinies for the future and the marriage of Miss Kitty Marcellus to Al. Wallie will take place tomorrow.

The second section of the Ladies' society of the Bethany church will tomorrow evening give a lawn social at the corner of Rumsey and Jessie streets. Should the weather be unfavorable the social will be held at the home of Mrs. Case on Jessie street.

At the recent session of the American Bar association, at Atlantic City, the Hon. Wm. P. Breen was elected a member of the general council for Indiana, and Mr. John Morris, jr., was chosen a member of the local council for the state. Both are places of distinction.

One of the finest peaches raised in the county was shown THE SENTINEL by Councilman Hench. It was of the early Crawford variety and measured in circumference one way 7½ inches and another 7¼ inches. The beauty about this peach is that there are several more on the tree from which it was plucked.

The Sunday school workers of Fort Wayne should not fail to hear Miss Harlow. Her whole life has been devoted to Sunday school work, and she is by common consent ranked as the leading instructor in this country. She will give two sessions each day, morning and evening, at the Baptist church.

Miss Bessie Hedekin gave a conundrum party yesterday which was a great success. There was about sixty invitations issued and nearly all responded. The yard was beautifully decorated in the national colors and the guests were entertained by answering conundrums by the names of some flowers—which was a good deal of thinking for the young ladies. The prize was won by Miss Allen, who is the guest of Mrs. Henry Freeman. The ladies from out of town who were present were Miss Grace McCarthy, of Carthage, Mo.; Miss Blanche Turner, of Wheeling, W. Va.; Miss Maud Gusman, of Huntington; Miss Allen, of New York city.

THE GREATEST GROCERY.

Walther League Orchestra tomorrow afternoon and evening at Swinney Park.

N. L. Jackson, of Water[illegible], was in the city today.

James B. White [illegible] is in the city.

The city [illegible] in [illegible] session this evening.

Mrs. Jane [illegible], of [illegible], Ala., have [illegible] for a few days.

[illegible] the [illegible] at [illegible]

Mrs. A. Prosser, of [illegible], has gone to Indianapolis to make a visit of several weeks.

Mr. Nordhaus, of [illegible], a former resident of Fort Wayne, is in the city visiting relatives.

Miss [illegible] and Miss Belle [illegible] two weeks visit [illegible]

[illegible] Sunday [illegible] afternoon [illegible] City.

The Fort Wayne [illegible] party will [illegible] Thursday evening in Vordermark's hall, No. [illegible] Calhoun street.

The Misses [illegible] of [illegible] Kepanger, [illegible] Henry Kepanger, are [illegible] Bucyrus, O.

Mechanics [illegible] Red Men will [illegible] smoker tomorrow evening, at [illegible] hall. [illegible] bers are invited.

Monday the family of [illegible] Bendl, living east of town, near New Haven, celebrated the fifty-ninth anniversary of Mrs. Bendl's birth. They had arranged several surprises, all of which were well carried out. The climax was reached about 9 o'clock, when the Walther League double quartet, of this city, appeared at the home of the unsuspecting celebrant, and by their artistic rendering of numerous appropriate selections, both vocal and instrumental, beguiled the hours until midnight. An elaborate luncheon was served at 11 o'clock.

## IN COLD ALASKA.

### Harry H. Edgerton Writes Home to Relatives.

Sends Some Pictures Taken by Himself and a Number of Relics Plucked From the Hills.

Harry H. Edgerton has written an interesting letter from Alaska to relatives in Fort Wayne. The letter is dated Camp No. 7, Skaguay Trail, July 30. Mr. Edgerton says that he has completed his labors as an engineer for the government, and is preparing to do some prospecting for himself. He anticipated leaving Skaguay for Lake Bennett on August 5. From the latter place he intended to take boats down the Youkon toward Dawson, a trip which would consume at least twenty days. Mr. Edgerton then proposed to strike out into the woods and wilderness for himself, and explained to the relatives that another letter would not be received from him for perhaps one year.

He sent home a number of pictures taken by himself of scenes along the route he traveled. There were two of Brackett's wagon road along White Pass, one showing the cold, dreary space for miles ahead and another a small bridge built through a ravine. Another picture showed Mr. Edgerton busy at work over a wash tub on wash day. There was a picture where he was coasting down a big hill covered with snow at Fork Falls on June 26. Another picture taken of Brackett's road along White Pass showed Mr. Edgerton's dog as the only creature alive. As relics Mr. Edgerton sent specimens of moss and flowers, among the latter some Johnny-jump-ups. The claws of an eagle and four rattles taken from a rattlesnake were also amongst the relics shown THE SENTINEL reporter by A. H. Bittenger this morning. Mr. Edgerton said he could not send nuggets as the miners would not part with them until they had been taken to an assay office.

## RETURNING FROM WINONA.

A Large Number of Ministers are In Fort Wayne.

A large number of ministers arrived on the noon train today from Winona, where they were attending the Bible conference.

They all report it the most successful conference yet held at Winona. The new man this year, Dr. Campbell Morgan, of London, is said to be the greatest preacher on the Winona platform. Next year they have the promise of Dwight L. Moody, John Wanamaker and F. B. Meyers, of London. The attendance this year was greater than ever before and the ministers all returned feeling that they had been greatly benefited by the conference and will come back next year in larger numbers. Among the preachers in the city today were Rev. Dr. John[illegible], of South Bend; Rev. Dr. Morehead, of Xenia, Ohio; Rev. George A. McIntosh, of Kendallville; Rev. J. D. Bailey, of Bluffton.

Spring Beach Hotel, at Rome City, is the place to stop while visiting that beautiful resort. 23-eod-tf

Mrs. W. T. Marks is visiting her sister in Van Wert, Ohio.

Mrs. Maud Jameson, of Douglass avenue, left yesterday for Noblesville to visit relatives.

Miss Ina Michael, of Fremont, [illegible], is the guest of Miss May Johnson, of West Creighton avenue.

Hon. R. C. Bell is entertaining his brother, [illegible] Bell, and his nephew, W. [illegible] Bell, of Arkansas City, Ark.

Mr. and Mrs. [illegible] Bett and Mr. and Mrs. Lewis [illegible] have returned from a trip around the lake.

Mrs. P. C. Bliss, of Grand Junction, Col., is the guest of her father, Salem Hartshorn, 1[illegible] Holman street.

The directors of the Home Telephone company will meet in adjourned session on Thursday afternoon.

Mrs. Grant Seavey has joined Miss Vora Harris at Indianapolis and is enjoying a visit with Miss Harris' relatives.

Miss Bertha Bauerman, of Monroeville, is the guest of Miss Ida Depoler, of No. 112 North Harrison street, for this week.

Reuben Webb and family have arrived in the city from Glenn Springs, Col., to spend the winter with Mrs. A. M. Webb, of this city.

J. Lynch, of Baltimore, who has been visiting his nieces, Mrs. J. Smith and Mrs. W. Burtsfield, of the north side, left this morning for the east.

Mrs. Sol Backels, of Duluth, Mont., who has been in the city for several days, left yesterday for Toledo to visit her brother, Nelson Maumee.

At a meeting of the Caledonian society last evening, it was decided to postpone their annual picnic and games until a later day, to be announced hereafter.

Willard Plogsterth, the traveling salesman of Indianapolis, formerly with Root & Co., of this city, is ill at the home of his parents on East Creighton avenue.

## SCHOOL WILL BEGIN.

Scholars of St. Augustine's Academy Will Commence Their Studies September 6.

Another scholastic year for the pupils of St. Augustine's academy will begin on Tuesday, September 6, and after a long and pleasant vacation the students will, no doubt, be in prompt readiness to resume their studies, and application to the various ornamental branches, pursued with every advantage at the academy.

The curriculum of study is complete in twelve grades, comprising all the essentials not only for a thorough education, but even for the highest attainments in those branches which give culture, refinement and ability of research to young lady graduates who complete the course of study and receive diplomas from this institution.

The national graded course of music is the one pursued and in its various requirements is complete in seven grades. The history of music is taught in connection with selections from the best masters. Theory is taught in class or privately to pupils who wish to avail themselves of these advantages. The system of technique is the same as that followed and adopted by the best conservatories. Vocal music and the various stringed instruments will also receive special attention from competent instructresses.

The art department will be in readiness from September 6 and the various branches will be arranged for the convenience of all. Oil, pastel, crayon, water colors, drawing, portrait and china painting will be taught.

Children's picnic and ice cream social at Swinney Park tomorrow afternoon and evening.

Now a treat for boys and girls. New '98 bicycles for boys and girls, $15; never before sold for less than $30—and remember our auction sale of Bellis bicycles, Thursday 2 p. m. and 8 p. m.

41 W. Berry Street.

Mr. Wyman L. Officer, of Chicago, has been secured to take charge of the shorthand department of the Peoples' Fort Wayne Business college, and will arrive in the city in a few days. Mr. Officer comes highly recommended as an instructor and business man. His recommendations are from some of the largest schools in the United States as well as from railroad companies, banks, etc. Those desiring to enter at the opening of the fall term should endeavor to make arrangements at an early date. Office open evenings, Odd Fellows' Blk.

Lots of sport, music and refreshments at Swinney Park tomorrow afternoon and evening.

BABY'S FACE

LOOKED LIKE RAW MEAT.

Our baby's face and neck was all raw meat, and something awful to look at. The way that child suffered, mother and child never had any rest day or night as it constantly itched, and the blood used to flow down her cheeks. We had doctors and the dispensary with no result. By using CUTICURA REMEDIES, CUTICURA (ointment), and CUTICURA SOAP, the child was entirely healed.

# HOME FOR SOLDIERS

## Great Volunteer Armies to be Mustered Out.

## One Hundred Thousand Men Will Quit the Service.

## All Facilities of the Railroads are Employed.

### Many Regiments Will Go to the Capitals of Their States, Others to Knoxville and Lexington.

WASHINGTON, Aug. 23.—It is expected that the order for mustering out 100,000 men of the volunteer forces will be issued tomorrow. The list of troops to be mustered out is nearly complete, but some changes no doubt will be made before the order is finally signed. This will reduce materially the number of troops in the different camps.

The third corps, which has been commanded by General Wade, has been ordered from Chickamauga to Huntsville, Ala. One regiment will be retained at Chickamauga, under General Boynton.

## ORDERS TO ABANDON CHICKAMAUGA PARK.

CHICKAMAUGA, National Military Park, Aug. 23.—The war department has ordered General Breckenridge to abandon Camp Thomas, at Chickamauga park, and the general is using every means to comply with the order as rapidly as possible. The various regiments have received orders to pack up and be ready to get out on short notice, and all have gone about obeying orders in a systematic and rapid manner. As fast as railroads can furnish transportation the men will move.

A large number of the regiments have been ordered to their state capitals. The others will be sent to Knoxville, Lexington and Huntsville, Ala. Many of the regiments of the second and third divisions of the First corps are already moving to Knoxville and Lexington and as soon as possible all the regiments of the Third corps not ordered home will go to Huntsville. Gen. Breckenridge, the commander of Camp Thomas, will go to Knoxville or Lexington. He states that he has not yet received definite information as to which of the two camps he will be ordered. All that will be left at Camp Thomas will be the hospitals where the men are too sick to be moved and one regiment which will act as a guard. It is not known where the light artillery and Colonel Grigsby's rough riders will be sent as no orders relating to them have been issued. The First Maine infantry broke camp and left for home today.

## PRESIDENT HEARS FROM DEWEY AND MERRITT.

WASHINGTON, Aug. 23.—The following dispatches from Admiral Dewey and Major General Merritt, acknowledging the president's congratulations on the fall of Manila, were made public today at the white house:

"Manila—To President McKinley, Washington, D. C.: On behalf of squadron and myself I thank you most heartily for the congratulations and thanks you were pleased to express. It will always be a source of pride to us all to have received such commendation. Your cable will be published on board the ships of the squadron tomorrow.

"GEORGE DEWEY."

From General Merritt:

"Manila—To the President, Washington, D. C.: For my troops and myself accept my sincerest acknowledgements for your generous praise of the success of our campaign. America may well be proud of the troops. MERRITT."

## SPAIN DECORATES FIVE FRENCHMEN.

MADRID, Aug. 23.—7 a. m.—The Official Gazette, which publishes this morning a decree conferring decorations upon M. Cambon, the French ambassador at Washington, M. Patenotre, the French ambassador at Madrid and M. Delcasse, the French minister of foreign affairs, names also for decoration M. Thiebaut, first secretary of the French embassy at Washington, and M. De Granpre and J. Beoufve, both of the French embassy at Washington.

Another decree appoints the Spanish military commissioners for Cuba and Porto Rico.

## ADMIRAL SCHLEY HAS BEEN SICK.

WESTPORT, Conn., Aug. 23.—Rear Admiral W. S. Schley, who has been indisposed at the Saugatuck residence of R. S. Wortley, his son-in-law, was feeling much improved when a representative of the Associated Press called this morning. The distinguished officer could not be seen. His physician had given strict orders for his patient's close seclusion. Mr. Wortley, however, announced that the admiral had passed a comfortable night and this morning was so far improved as to render it possible for him to leave his room and breakfast with the family.

Later in the day it is proposed to take the admiral on a carriage drive. The report that the patient is suffering from a Santiago contracted fever is announced to be erroneous. Dr. J. Gregory stated this morning that no symptoms of fever have been discovered. He characterizes it as nervous exhaustion and the reaction incident upon a sudden relief from the exciting events of the past few months.

Admiral Schley purposes to go to Washington tomorrow if possible.

## ARE PROMOTED FOR GALLANT CONDUCT.

WASHINGTON, Aug. 23.—The president today made the following promotions in the navy for "eminent and conspicuous conduct in battle:" Lieutenants Benjamin Tappan and Thomas M. Brumby to be advanced five numbers in the list of lieutenants, Ensigns Harry H. Caldwell and Wm. P. Scott to be advanced five numbers in the list of ensigns, Naval Cadet Wm. R. White to be advanced five numbers in the list of naval cadets performing service at sea.

The president also advances Acting Carpenter James I. Haley to be a carpenter in the navy.

## MUCH SICKNESS AMONG PORTO RICAN TROOPS.

PONCE, Porto Rico, Aug. 23,—Noon.—Illness among the American troops is on the increase, and there are now nearly a thousand cases of malaria and dysentery, with a few of typhoid fever. There is absolutely no recuperating property in the climate, and Surgeon General Greenleaf has urgently recommended that the sick be sent north as rapidly as possible.

It is reported that there is yellow fever at San Juan, but Surgeon General Greenleaf's advices do not confirm the rumor.

Last night the heavens seemed ablaze to the eastward and the fire alarm was given out. A detachment of the signal corps went as far as Santa Isabel, but found all quiet there. The fire was not located.

The yacht May, carrying Mrs. Van Rensselaer's party and Lieut. Col. John W. Clous, who has been designated as secretary and recorder of the commission on the government of Cuba, sailed for Havana today.

# A TUNNEL HORROR.

## Eight Laborers Killed Near Pittsburg.

### A Cave-In in the Carnegie Tunnel Sends Half a Score of Italians to Eternity.

PITTSBURG, Pa., Aug. 23.—Eight men were killed, possibly ten, and five more injured, two fatally, at the Carnegie tunnel on the Chartiers division of the Panhandle railway last night. The accident was due to the wall of the tunnel caving in on a number of workmen. The dead are:

John Jones, foreman, married and lived at Ashton, Va.

Felix Mills, laborer, married and lived at Glendale, Pa.

Six unknown, all foreigners.

Five men were injured. One of these, a negro, name unknown, was taken to the West Penn hospital in a dying condition. One of the others is also expected to die. The men were part of a gang of sixty-eight employed by Contractor Casparius, from Columbus, Ohio.

They were engaged in tearing out the tunnel on the Chartiers valley branch of the Pan Handle railroad, just west of the town of Carnegie.

The work is being done entirely at night, in order not to interfere with traffic during the day. It has progressed for a month without accident, and was nearing completion.

Last night the gang of workmen were engaged in loading the train used in hauling out the dirt from the tunnel. A blast had been set off about an hour before.

The men were preparing to pull down the west wall of the tunnel, had fixed a rope for this purpose and were preparing to drill some holes in it for blasting. Suddenly the wall fell over on them. Every man standing at that end of the big excavation was buried alive.

Without an instant's hesitation the other workmen at once began the work of rescue.

Felix Mills was one of the first taken out. He was still living and was sent to his home in Glendale. He died there about three hours later.

The unknown colored man was next reached. A special train brought him to the West Penn hospital at once, but it was not thought he will live. The bodies were recovered rapidly after that.

Seven of the men were taken out dead. The others are yet unaccounted for and are supposed to be under a great pile of rock at the eastern end of the tunnel.

Most of the men employed on the work are Italians. They go by numbers instead of names and nothing is known of their family relations. Their fellow workmen were too busy this morning seeking for more dead to identify any of the bodies.

# A PYTHIAN PARADE.

## Uniformed Knights March at Indianapolis.

## Six Thousand Men Participate in the Review.

## Greatest Military Spectacle Seen at the Capital.

### The Meeting of the Supreme Lodge Inaugurated—Reports of Supreme Officers Presented.

INDIANAPOLIS, Aug. 23.—The supreme lodge Knights of Pythias began its biennial session at the hall of the house of representatives at the state capital this morning. The supreme officers were escorted from headquarters at the Denison to the state house by the supreme representatives and a special guard of honor from the uniform rank. The rooms were beautifully decorated with the Pythian colors and emblems of the order and the galleries which were thrown open at an early hour were soon crowded with the wealth and fashion of the city. Caleb S. Denny, ex-mayor of Indianapolis, who is chairman of the citizens' executive committee, called the meeting to order.

Mayor Taggart, in a brief address, welcomed the supreme lodge and hoped that its session would be of great value to the order throughout the world. On behalf of the state of Indiana, Governor James A. Mount welcomed the lodge, and on behalf of the grand lodge of Indiana, Grand Chancellor Union B. Hunt made an address of welcome. Supreme Chancellor Colgrove replied for the supreme lodge in a speech of about ten minutes. One or two other prominent members of the order made remarks, and at 11 o'clock the supreme lodge settled down to business after the galleries had been cleared.

The supreme lodge is in poor financial condition, having less than $10,000 on hand, and this fact has caused some of the members to severely criticise the present supreme officers, and some of these charges found their way into the public press, causing a great sensation. The supreme lodge late yesterday afternoon appointed an investigating committee to ascertain who furnished the charges to the papers and it is the intention to expel the offending member, not only from the supreme lodge but from the order, and there is talk of suits against the papers that printed the charges. It is this condition of affairs that has caused a determination on the part of the supreme lodge to change the manner of raising revenues for the supreme lodge.

It is the intention to have passed at the beginning of each supreme lodge meeting an appropriation bill similar to the bills passed by congress and the state legislatures and to raise this money a tax will be levied on each member of the order. There is considerable opposition to this plan and a hot fight is anticipated. The officers of the supreme lodge will be elected Thursday morning and a hard fight is being made against the present incumbents but it is thought they will be re-elected except that Charles E. Shively, of Richmond, Ind., is leading for the position of vice chancellor.

There are about 45,000 strangers in the city, of whom 15,000 are in uniform. More than 8,000 members of subordinate lodges are in attendance.

The great Pythian parade this afternoon was witnessed by 75,000 people. About 13,000 members of the uniform rank, and 6,000 members of the subordinate lodges participated. The parade was reviewed by the supreme and grand officers and the officers of the state and city. It was the largest secret society parade ever held in this city. There is a strong fight between Louisville, Ky., and Detroit, Mich., for the next session of the supreme lodge and delegations from both cities have opened headquarters and are making things exceedingly lively.

The annual reports of the supreme officers were read this afternoon, after which the lodge adjourned to witness the parade.

The annual report of the supreme chancellor, Philip T. Colgrove, of Michigan, contained the following:

"Pythianism has found an abiding place in every part of this great North American continent. While in our upward career we have not reached the zenith, yet we have come to a place where our growth numerically must necessarily be less. During the past ten years our growth has been nothing short of phenomenal, and we have not been prepared to confront the fact that our order should ever reach the time when its growth should be less rapid. We cannot deny the fact that we are brought face to face with a condition that requires the united effort, the highest intelligence and the thoughtful consideration of every member of this body."

The report of R. L. C. White, supreme keeper of records and seal, was in part as follows:

"The total number of subordinate lodges December 31, 1897, was 6,663, and the total number of members 169,269—a net gain during the calendar year of forty-six lodges and a net loss of 1,022 members; and a net gain during the years 1896 and 1897 of 179 lodges and 3,730 members. We sustained a net loss of membership during the past year—the first since 1878. But, when we take into consideration the depressed financial condition of the country, we should congratulate ourselves that the loss was not larger. We have done as well as any of the fraternal organizations, and better than most of them."

The report of the board of control, Endowment rank, stated that the progress and continued success of the rank had been exceedingly gratifying in every particular. During the past biennial term there had been added 559 new sections and 18,569 new members, with insurance to the amount of $27,835,000. There are now 3,347 sections with 53,679 members carrying an endowment of $100,000,000. The last quarter ending June 30, 1898, gave promise for the present year, the books showing 93 new sections formed, 3,237 new members added and endowments secured to the amount of $3,100,500. During the last two years there had been paid to the beneficiaries of the deceased members $2,182,500 making the total paid to widows and orphans in twenty-one years, $12,445,000.

# THE MONIED MEN.

## Bankers' Association Meets in Denver.

### Large Attendance at the Twenty-Eighth Annual Session—President Hendrix's Address.

DENVER, Col., Aug. 23.—The twenty-fourth annual meeting of the American Bankers' association convened at 10 o'clock today at the Broadway theatre. Most of the 500 delegates expected were in their seats when President Joseph C. Hendrix rapped for order. Chancellor W. F. McDowell, of Denver University, invoked Divine blessing.

After roll call Governor Alva Adams, of Colorado, welcomed the association to the state. Governor Adams, himself a bank president, made a rather lengthy address in which he good naturedly criticised many of the methods of modern banking. He advocated a postal savings banking system and a government guarantee for all deposits in national banks. He predicted an era of prosperity to follow the season of uncertainty produced by the war with Spain and a great widening of operations and influence of American financiers.

Joseph A. Thatcher, president of the Denver Clearing house, delivered an address of welcome on behalf of Denver bankers.

President Hendrix spoke in response to the words of welcome, following those remarks with his annual address to the association.

President Hendrix spoke in part as follows:

"The hard times are over; popular discontent has vanished, and the great North American chase for the dollar—first to get it, then to spend it—is in full cry. The only thing that we know with certainty about hard times is that they at last come to an end. Our most recent period of depression ended so suddenly that we can hardly realize the why and wherefore of it. At the beginning of this year the music we all love began once more. The first six months of 1898 has broken the record. We have never seen such bank clearings, never have had so many deposits and have never held so much gold as in that period. The railroads have never carried so much freight. Three-fourths of all the staples were higher on July 1st than they were the year before. The money circulation in the past year increased $197,100,000, and most of it was gold. The per capita circulation increased $3.17 for 74,522,000 people. Two great harvests have been cashed, and through the car windows coming here we saw a third getting ready. Less than 5 per cent. of the railroad mileage, out of 20 per cent. in 1894, remains in hands of receivers. Georgia has sold her peach crop for $3,000,000, and is awaiting the returns from the watermelons. And this is but half the story."

Concerning bankers President Hendrix said:

"Is banking a trade or a profession? That depends upon the banker. The man who worms along in a narrow groove gets a fixed vision and a contracted brain, and becomes a shopkeeper of money. To one of wider view, the function takes on the dignity of a profession. The field of usefulness is wide. The range of activity is great. To analyze accounts, to read markets, to understand aright the tides and the cross currents in the habits of money, to judge human nature, to detect the approaching financial storm, to guess the crisis in its passage, to arrange maturities, to sharply define commercial credits, to fortify against speculative borrowings, to steer clear of real estate, to stubbornly hold assets at the melting point against the temptation of fixed or slow investments, to remember that the best as well as the worst market has a tomorrow, to know the paying value of a goodly amount of cash, to be able to give his duty the benefit of every doubt, and to have the courage not to take more than the ordinary risk of business, is to know a banker's primer."

Continuing, the speaker called attention to the world's gold production as follows:

"Every banker has his eye on the enormous gold production of the world, in which Colorado is taking such a commanding position in this country. From the figures at hand it appears that the world's gold production for 1897 was $240,000,000, coinage value, and that in less than ten years the annual yield has doubled, and is now greater than the combined production of both gold and silver was ten years ago. If the increase continues we have a bigger question than we now appreciate. The estimate of the gold production for 1898, based on the large returns already in, is $275,000,000. The gold production of Colorado last year placed her first in the list of gold-producing states. Her gold product this year will probably exceed in value the silver product of 1890, the year the Sherman law was passed."

Secretary James R. Branch then read his annual report. The secretary, who appeared in his uniform of major of the Seventh United States immune infantry, was received with enthusiastic applause.

# COLORED MASONS.

## Seventeenth Annual Convention Now in Session.

### The Attendance is Large and the Interest in the Sessions is Great—The Program.

The seventeenth annual convention of the Colored Royal Arch Masons of the Kentucky district is in session in the rooms of the local lodge, in the Tri-State building. J. W. Coleman, of Louisville, deputy grand high priest, called the meeting to order, and Grand High Priest N. N. Newman presided. Committees were appointed yesterday and the following officers were elected:

Most Eminent Grand High Priest—Companion J. W. Coleman.

Deputy Grand High Priest—J. W. Hopkins.

Grand King—Companion S. M. Raines.

Grand Treasurer — Companion George Sutton.

Then followed the installation of officers and the discussion of business pertaining to the good of the order.

The officers in attendance are Sir W. H. Perry, most eminent grand commander; R. A. Brown, right eminent deputy grand commander; J. R. Springer, very eminent grand generalissimo; J. W. Coleman, very eminent grand captain general; A. J. Lee, very eminent grand prelate; M. Graham, V. E. S. W.; W. Pettiford, V. E. J. W.; George Sutton, very eminent grand treasurer; W. H. Bullitt, very eminent grand recorder; James Smith, district deputy grand commander.

The visitors are being entertained by Lincoln Commandery, No. 8. This evening there will be memorial service at the African M. E. church, beginning at 8:30, opening with prayer by Grand Prelate Lee and memorial address by W. H. Brown, of this city. After this the grand commandery will hold services.

Thursday afternoon there will be a picnic at Centlivre park, the principal features of which will be a base ball game between Fort Wayne and Logansport commanderies, and a prize drill. Seventy-five dollars will be given as first prize and $50 as second prize. Preceding the picnic there will be a parade of all local and visiting knights.

Tomorrow evening Lincoln commandery will entertain the visiting and other guests at a reception and banquet at White's hall. Sir G. W. Brown will officiate as toastmaster, and addresses will be delivered by George A. Carter, of Louisville; Percy R. Peters, W. W. Bullitt, W. W. A. Kenzie and others.

## THE GOOD OF IT.

### London Newspapers Discuss the Canadian Commission and Its Purposes.

LONDON, Aug. 23.—The afternoon papers dwell upon the momentous subject of discussion before the Quebec convention and the gratitude the convention will deserve if, as expected, it succeeds in affecting a lasting settlement of the question at issue.

The Pall Mall Gazette says:

"The convention has an appreciable bearing upon international politics from the fact that the United States and Great Britain are giving the world so striking a demonstration of a desire for a complete mutual understanding. It is a visible sign to all that the two nations mean to bury their superficial differences for the sake of attaining a fundamental unanimity without which treaties and alliances, no matter how formal, cannot endure."

The Westminster Gazette says:

"The convention may easily prove to be the most important imperial event of the year. It offers the first opportunity of materializing the new and better sentiment between this country and the United States. Too much, however, should not be expected of the Canadians, who have scarcely yet become infected with the sentiments that have had free play in England during the war. We may expect them to stand out for what they conceive to be their rights, even at some inconvenience to politicians in London.

"On the other hand the United States senate, unless there has been a change in its spirit and temper, may refuse to ratify the concessions made by the American commissioners. We must be thankful if, in these circumstances, a substantial first step is taken toward Anglo-American good will."

# FOR THE NEW NAVY

## Bids Opened for Building of Torpedo Craft.

## Twenty-Eight Destroyers are to be Constructed.

## Also an Even Dozen Boats to Shoot Torpedoes.

### All are to be Best in the World and a Speed Approaching Thirty Knots Will be Required.

WASHINGTON, Aug. 23.—The navy department opened bids at noon today for sixteen torpedo boat destroyers, and twelve torpedo boats, to cost in the aggregate not exceeding $6,900,000, as provided in the last naval appropriation act. These twenty-eight destroyers and torpedo boats constitute the largest single addition ever made to the navy. The destroyers are to be completed within eighteen months, and the torpedo boats within twelve months. According to the requirements of the department the destroyers are to have a guaranteed speed of twenty-eight knots, and the torpedo boats twenty six knots. The destroyers are to be about 400 tons, and are to cost not more than $295,000 each, while the torpedo boats are to be about 150 tons and to cost not more than $170,000 each.

These destroyers will be the first vessels of that type added to our navy, except those improvised from yachts during the recent war exigency. They are to have twin screws, vertical engines and a bunker capacity for carrying at least 100 tons of coal, affording some protection to engines and boilers.

The vessels will be lighted throughout by electricity.

They are to be built staunch and strong, with good free board, good sea going qualities and designed to operate at high speed in a sea way.

The battery will be composed of seven rapid-firing guns. The ammunition required will weigh about seven tons. There will be mounted on the midship line two twenty-foot torpedo tubes to carry seventeen-foot torpedoes.

Berthing space will be required to accommodate a crew of sixty men and four officers, and provision space for twenty days.

The torpedo boats are of much the same design but will be smaller. Their coal capacity will be forty tons against 100 tons for the destroyers, and their berthing space for twenty-six men and three officers. The battery will be composed of three rapid-firing guns.

There will be mounted on deck three fifteen-foot torpedo tubes, with torpedoes.

Representatives of all the great ship-building firms were present when the bids were opened. The bids, plans, etc., were piled several foot high, and there promised to be much delay and confusion.

Some of the department officials thought it would take two weeks to get the bids fully tabulated as they took a wide range, owing to the department's call for two classes of propositions, one based strictly on the department's plans and specifications, and others based on the individual ideas of the builders, all essential requirements being followed.

The first bid was that of the Bath Iron Works, Bath, Me., for one torpedo boat—speed, twenty-nine and five-tenths knots—at $161,000, or four at $160,000 each; one destroyer of twenty-nine knots at $292,000; two at $281,000, or three at $280,500.

Union Iron works, San Francisco, Cal., destroyers, twenty-nine knots, one $291,000, two or three $285,000 each; also destroyers, under second-class, one $291,000, two $282,000, three $281,500.

Wolf & Zwicker, Portland, Ore., one torpedo boat, $170,000; two $165,000; three, $163,400; four, $162,500; also destroyers, 29½ knots, one, $289,000; two, $285,000; three, $282,000; also destroyers one $295,000; two $291,000; three $289,000. Neither Cramp nor Herreshoff bid. It will take some time to decide which are the most advantageous bids.

## DREW A CROWD.

### The Macbayes Please Audiences at the Park Theatre.

"La Mascotte" at the park theatre yesterday and last night was witnessed by a large audience, which included many of the most prominent citizens. A feature of the entertainment last night was a small crowd in the free section and the occupancy of every seat in the reserved section of the large auditorium. "The Mascot" was well rendered, each character being represented in a manner which reflected credit upon the individual taking it.

Today and tonight "Olivette" will be presented, and as it has been many moons since this popular comic opera has been presented on a Fort Wayne stage, it will doubtless draw largely. Indeed, the reserved seat section on sale at Woodworth's has already been nearly sold out.

## CRUSHED TO DEATH.

### Stephen Bohart Met a Violent Death at Huntertown.

Stephen Bohart, a twelve-year-old boy, was run over and killed at Huntertown Monday afternoon. He was playing on a hayrack, which was hitched in front of the house, and to which a team of spirited horses was attached. The horses frightened at some object and ran away. The boy was unable to maintain his hold on the swaying wagon, and fell from the rack to the ground. The wheels passed over his body, killing him instantly. His body was not much mangled, and death resulted from severe internal injuries. He was a particularly bright little fellow, and his tragic death has caused universal sadness. The lad was a stepson of Stephen Warcup. Mr. Warcup is a brother of Mrs. Thomas Wilkinson, of this city.

# SNATCHED A $5 BILL.

## One Lad Takes It From Another and Hides the Money.

### Officer Romy Gets After the Lad and Recovers the Money in the Lafayette Street Sewer—Notes.

Yesterday afternoon a resident of the south side gave his ten-year-old boy a $5 bill and sent him to a grocery to buy some groceries. On his way to the store the lad met a boy named Gay, about his own age, and the latter snatched the $5 bill and ran away. The matter was reported and Officer Romy made an investigation. The Gay lad for a time denied that he snatched the money, but when the officer threatened to arrest him he acknowledged his guilt and told that he had thrown the money in the Lafayette street sewer. He went with Romy to the sewer, crawled down into it and soon found the bill. He was then taken home, where his mother was sick in bed. She begged the officer not to arrest the lad and he could not resist the sad pleadings of the poor mother. The money was returned to the owner.

TOOK HER PICTURE.

Dora Rollins and her paramour, Wallace Haynes, were this morning taken to the city building to have their pictures taken. The woman objected strenuously but it did her no good. Her portrait will now grace the rogue's gallery Superintendent Gorsline has in his possession.

POLICE COURT.

Thomas Shaughnessy was arrested last evening for an alleged attempt to rob the rooms over Ed Keever's Columbia street saloon. This morning Mayor Scherer bound him over to the circuit court in the sum of $300.

Two tramps arrested by Detective Sommers were sent to jail.

Earnest Whiteman, a drunk, was sent to jail also.

# A RIPE OLD AGE.

## Mrs. Katherine Bastian Lived Almost a Century.

### She Died Monday Morning, Leaving Descendants to the Number of One Hundred—Funeral.

Monday morning at 8 o'clock, at the home of William Soest, in Marion township, occurred the death of Katherine Bastian, the aged mother of Mrs. Soest. Mrs. Bastian was ninety one years of age and up to last Saturday was in apparently good health, except that the ravages of old age had made inroads upon her strength. On Saturday evening she was taken ill and grew worse until Monday morning, when she passed away. Mrs. Bastian was born in Germany and came to America in 1808, locating in Allen county, where she has resided ever since. She was the mother of nine children, six of whom are still living as follows: Mrs. William Soest, Mrs. William Adams, John Bastian, of Allen county, Jacob Bastian, and Mrs. Louis Soest, of this city, and Mrs. John Pfeiffer, of Elgin, Ill. Surviving her besides the children are thirty-one grandchildren and sixty-three great grand-children, making a total of one hundred living descendents.

The funeral will be held from the home of William Soest, nine miles from the city, tomorrow afternoon at 2 o'clock. The remains will be laid to rest in the Lutheran cemetery near by.

## LOCAL LINES.

George Fisler, of Grand Crossing, Ill., is the guest of Miss Carrie Weldon.

Mrs. Geo. E. Crane is the guest of Mrs. E. L. Siver at Rest cottage, Rome City, Ind.

George H. Kndop, the coal merchant, and Henry Franke, have gone to St. Louis on business.

The L. Y. L. will picnic at Swinney park next Friday afternoon and evening. W. C. T. U. and families are invited.

F. M. Smith, the hardware merchant, leaves tomorrow for Detroit. From the City of Straits he will go to Buffalo and then to his old home in Watertown, N. Y., where he will visit for a short time.

The semi annual convention of the W. C. T. U. meets at Maysville next week. Members will be present at the next meeting, Tuesday afternoon, to make arrangements to attend.

Word has been received from Los Angeles, Cal., announcing that Mrs. Fannie Webber, formerly of this city, is dangerously ill in that city. Her eye-sight is almost gone. Mrs. Webber went to California for her health about two years ago.

# WHAT DOES IT MEAN?

## Fort Wayne Battery Will Not be Mustered Out.

## A Preference Expressed to Remain in the Service.

## Such is the Telegram Received by Governor Mount.

### Rank and File Have Petitioned to be Mustered Out—One Hundred and Fifty-Seventh Will be Ordered Home.

INDIANAPOLIS, Aug. 23.—[Special.]—The Fort Wayne battery, now at Chickamauga park, will not be mustered out of service. A telegram from the company to the governor expresses preference to remain in the service.

Governor Mount has a telegram from Colonel Studebaker, of the One Hundred and Fifty seventh regiment at Fernandina, saying that the officers of the regiment were willing to await orders from the war department, but that the men were anxious to come home.

Governor Mount telegraphed immediately to the secretary of war for orders and the regiment will be ordered to Indianapolis immediately.

Elsewhere in this issue of THE SENTINEL is published a copy of a petition sent to Congressman Robinson asking that an effort be made to have the Twenty-eighth Indiana light battery, now in camp at Chickamauga Park, mustered out of service. The petition is signed by nearly all of the non-commissioned officers and a great majority of the rank and file of the company.

Congressman Robinson has telegraphed the substance of the petition to Washington and dispatched the document itself by mail.

In view of these facts the foregoing telegram received this afternoon by THE SENTINEL from its regular correspondent at Indianapolis arouses something more than interest.

It cannot be conceived that the members of the Twenty-eighth have signed two petitions, each diametrically opposite the other in purpose and purport, nor can it be credited that the members who signed the petition sent to Congressman Robinson have so soon and in anything like unanimity repented of their action. There will be curiosity to know who was assuming to speak for the Twenty-eighth Indiana battery in the telegram sent to Governor Mount.

# ZION'S CLASSIS

## Of the Reformed Church Holds a Sunday School Convention.

### Teachers From all Parts of Indiana are in Attendance—Miss Irma Miller Delivered the Address of Welcome.

The Sunday school convention of the Zions classis of the Reformed church of the United States met this morning in the Salem Reformed church with delegates from all the Sunday schools of Northern Indiana. A great many teachers were present, all showing great interest in the work which lies before them and showing their love for their work—feeding the lambs in the fold of the Lord. They met for the purpose of discussing the best methods of carrying on the work of the Sunday school and of disseminating to children those truths which shall serve to keep them in the path of the righteous.

At 10 o'clock the meeting was called to order by the president, Rev. B. Ruf, of Berne, Ind. He conducted the devotional exercises which were inspiring and helpful for all. Having thus invoked the blessing from on high, the address of welcome, delivered by Miss Irma Miller of this city, was heard. The address was cordial and Rev. B. Ruf responded, after which the Rev. J. Bosh of this city, gave an excellent address on "The Necessity of Teachers' Meetings for the Purpose of Studying Sunday School Lessons." The address was masterful, containing many helpful and encouraging thoughts. A lively discussion followed, in which many more inspiring, uplifting thoughts found expression.

This afternoon the meeting will be continued and many addresses will be delivered.

## LOCAL LINES.

Misses Theresa and Lizzie Bott, of Taylor street, who have been visiting relatives in Willmotte, Ill., have returned home.

Miss Kittie Barkmeyer has returned from a two weeks' visit at Philadelphia and Atlantic City. While there she was the guest of Mr. and Mrs. Ed. Smith, formerly of this city.

Born, to Mr. and Mrs. Robert Klaehn—a son. The little one was born last Saturday, and while the newspaper fraternity has noticed Bob's peculiar actions for a few days they never suspected the real cause. He hasn't had any sleep for three nights.

TUESDAY, AUGUST 23, 1898.

## TONIGHT.

Reception—Colored Masons at A. M. E. church.

Machinists' Union—Regular meeting.

Board of Safety—Special meeting.

City Council—Regular meeting.

Lodges—Grand Fraternity; Hibernian Rifles; Fort Wayne, No. 155, B. P. O. E.; Fort Wayne lodge, No. 1, Daughters of Workmen; Edwards Camp No. 3127, Modern Woodmen; Wayne Castle, No. 2, Knights of the Golden Eagle; Degree of Honor, Nos. 2 and 22; Fort Wayne No. 116, K. of P.; St. Julian council No. 87, C. B. L.; Daniel O'Connell council, C. B. L.; Deborah, No. 110, D. of R.; Darius council, Princes of Jerusalem. Robison Park—Mackey Opera company every afternoon and evening this week.

MARK HANNA has evidently resolved himself into a presence to be felt, not heard.

THE council can adjourn tonight with the consciousness of having "done the best it ever done" if the curfew ordinance is passed.

LET the volunteers be sent home. This republic must not require as a useless sacrifice the lives, or even the health of her brave sons.

THE liquid-orbed and gentle Hawaiians are now our fellow citizens. The next move will probably be to realize on the votes that are going to waste over there.

THE fact that inventors do not always enjoy the fruits of their ingenuity is recalled by the recent death of George B. Richmond, at Lansing, Mich. Mr. Richmond, says the New York Commercial Advertiser, was the original inventor of the electric telephone, which was in use before the Bell patent was filed. He never realized anything from his invention.

THE Evening News of Dayton, Ohio, has passed under new management, a syndicate of democratic politicians being now in control. The News made its salutatory Monday as a full-fledged democratic organ. It has heretofore been independent.

FROM conservative Boston comes the suggestion, printed in the Evening Transcript, that with the requisite change in the constitution Miss Helen Gould would make a more popular candidate for governor of New York than even "Teddy," and she could get there on the strength of her war record.

AGAIN the country hears that "the colored troops fought nobly." That has been their record in war. The tenth regiment of regulars (colored) performed heroic service at Santiago. They participated in some of the fiercest fighting around the ancient Cuban capital in those first July days. Complete reports of their commanders will no doubt do them full justice.

VERILY your Uncle Samuel will be "the greatest on earth" when he gets all his islands annexed and under the flag. With the addition of the Malays of the Philippines and including the Chinese within the borders of the United States, the five great races of men will be gathered together into one great national family. That it will be a happy family is expecting too much harmony from so many voices.

THE resignation of Colonel Camo, chief officer of the military staff of Captain General Macias, in Porto Rico, becomes significant when coupled with the fact that his action is due to his desire to remain in Porto Rico, instead of returning to Spain when the Spanish troops are withdrawn from the island, in accordance with the conditions of peace. That means he desires to remain under the protection of the American flag.

IT is not generally known that the Suez canal, besides being a wonderful convenience for the freighters of the world and the mall of scattered humanity, is also a phenomenally successful project from a financial point of view. Earning annually about $13,000,000, it divides $12,000,000 among its stockholders, its operating expenses being but 9 per cent of its earnings, so that its stock, with a par value of 500 francs a share, now sells (and has for many years) in London and Paris, for 2,300 and 2,400 francs. It is safe to assume that a canal at Nicaragua, under American dominance, would be as successful.

BRING THE BOYS HOME.

A mass meeting has been called for tonight to unite our citizens in a petition to the war department that the volunteer soldiers from Fort Wayne be mustered out of service or at least that they be sent north. That meeting should be attended by every person who may find it convenient to go and it should speak with vigor.

The war is over. There will be no more fighting. For such garrison duty as may be necessary in Cuba and Porto Rico troops may easily be found when needed. There is no necessity to keep the volunteers away from the comfort of their homes, from the companionship of their friends and from the duties of their civic lives. In keeping these young men in service a day beyond the actual need of the government a useless sacrifice is being required.

Above and beyond these considerations, however, is the health of the volunteers. The southern camps where they are held are hotbeds of deadly malaria. Few of the soldiers may be said to be in good health. Many are very sick, some desperately and a few have died. Unless they are promptly sent north the death rate will increase alarmingly. The One Hundred and Fifty-seventh Indiana regiment, now at Fernandina, has been ordered into camp at Huntsville, Alabama. It is doubtful if any marked beneficial change will be found there. The boys should be sent north to Indiana. If they must remain in service until peace is formally declared they can serve the government as well from camp on the cool, wind swept, well-drained, health-giving hills about Fort Wayne as they can from the fever-infested swamps of the south.

Let the citizens of Fort Wayne speak for the more than three hundred young patriots who marched bravely from this city at the first trumpet-call to arms. The people of Fort Wayne want back every brave life that is yet spared. Peace has been purchased by other lives, no sacrifices are now needed to seal the pact.

Demand that "the boys" be sent home—sent home now.

## SWITZERLAND VS COLORADO

Charles M. Hobbs' Matchless Lecture at Winona.

The spirit of Stoddard has fallen upon Hobbs, was the feeling of not a few of the large audience which gathered in the Winona auditorium last Saturday evening to listen to the gifted lecturer from Denver. If Charles M. Hobbs can be induced to abandon his present important occupation as purchasing agent of the Denver and Rio Grande and devote himself entirely to the stereopticon lecture field he would confer an inestimable favor upon the vast traveling and vaster non-traveling public.

Those who have seen would see again with a keener and more intelligent relish than ever under the spell of his exquisite pictures, and still more exquisite word painting. Those who have not seen would leave his presence with a far more vivid and comprehensive appreciation of the world's choicest treasures of nature and art than many who think they have seen them.

Mr. Hobbs possesses the chief elements of the really great stereopticon lecturer. He is discriminating in a rare degree in his subjects. He is exceedingly accurate. He wields the king's English with a master tongue. He combines with the practical turn of mind of the railway official a rare sensitiveness of spirit which enables him to peer into the very heart of the beautiful.

He did not in the slightest sense depreciate the marvelous beauty and sublimity of the wonderland of Europe. He did, however, what his audience had probably never seen effected before. He opened their eyes to the matchless sublimity of our still more wonderful American wonderland.

The closing of the lecture was unique and the very finale itself was simply inspiring. In a series of striking illustrations he gathered up the great commercial, agricultural, mineral and other wealth producing qualities of Colorado. As these facts passed before his listeners they could have exclaimed:

"Colorado could have no greater advertisement than the repetition of this lecture throughout the east."

The very closing scene of the lecture, the mountain of the Holy Cross, was burned into all hearts forever by the eloquent words of the speaker and the deep sweet strains of the organ in "Rock of Ages," which is indeed the true foundation of Colorado's greatness and of our greater America.

Berry Street Church Social.

The choir of the Berry Street M. E. church will give an ice cream social, with musical accompaniments, at the home of G. L. Wefel, 161 High street, this evening. The following program will be rendered:

| | | |
|---|---|---|
| 1. Overture—"America Forever" | Orchestra. | E. T. Paull |
| 2. "Hail Glorious Country" | Choir. | Desiewitt |
| 3. "Night, Lovely Night" | Choir. | Berger |
| 4. Overture—"Poet and Peasant" | Orchestra. | Suppe |
| 5. Trinity M. E. Church Choir | | Selected |
| 6. "Song of the Vikings" | Choir. | Faning |
| 7. "Bridal Chorus" | Choir. | Cowen |
| 8. Selection | Orchestra. | |
| 9. "The Heavens are Telling" | Choir. | Haydn |

Bucklen's Arnica Salve.

The best salve in the world for cuts, bruises, sores, ulcers, salt rheum, fever sores, tetter, chapped hands, chilblains, corns, and all skin eruptions, and positively cures piles, or no pay required. It is guaranteed to give perfect satisfaction or money refunded. Price 25 cents per box. For sale by Dreier & Bro.

The Hartzell ice cream is absolutely pure. Office, 103 East Wayne street. 16-eod

## MAYOR PROTESTS

Against Keeping the Fort Wayne Boys in the South.

He Wrote Letters to Secretary Alger and Governor Mount—Battery Boys Want to Come Back.

Mayor Scherer yesterday wrote letters to Secretary of War Alger and Governor Mount protesting against keeping the Indiana soldiers in the south any longer. In his letters the mayor requests that some arrangements be made to bring the One Hundred and Fifty-seventh Indiana regiment away from Fernandina, Fla. Other citizens have also written letters and Colonel Oakley and others have called a meeting to be held tomorrow evening to protest against keeping the Fort Wayne boys in the extreme south any longer.

Congressman J. M. Robinson is in receipt of the following petition from the members of the Twenty-eighth artillery, now encamped at Chickamauga, near Lytle, Ga.:

CAMP GEO. H. THOMAS, Chickamauga Park, Lytle, Ga., August 19.—When the United States was plunged in war with the Spanish nation and our president called for volunteers to sustain our position we came forward eagerly to the support of our flag, our country, and our national honor.

We have waited patiently but anxiously to be ordered to the front to stand by the American flag in conflict with the enemy. But since that is impossible, as actual hostilities have ceased and victory is ours, we have no desire to leave our homes and friends and sacrifice our business interests to go to a distant land to do garrison duty, unless it is a necessity, and which to not do would embarrass our country, which we have no thought of doing.

Therefore, we the undersigned members of the Twenty-eighth battery, volunteer light artillery, do petition that we be mustered out of the service of the United States as soon as possible:

Sergt. Geo. T. R. Durfee,
Sergt. Charles C. Mungen,
Sergt. J. E. Costen,
Sergt. Edward J. Dierkes;
Corp. John F. Vordermark,
Corp. O. P. Haag,
Corp. Geo. W. Zollinger,

Frank Hensel, John Sheffer, Birchard Wilson, H. F. McNutt, Andy Christon, Henry A. Zollinger, Morald C. Boyer, Chas. Webster, Marshall Hewitt, Wm. H. Murphy, C. S. Naker, Arthur Suter, E. G. Buck, John Murphy, Clem J. Noll, W. M. C. Rodgers, John L. Jones, Jos. E. Pettit, W. E. Brown, Roy Southard, Harry H. Knoll, Martin D. Wright, J. Leslie Buckes, George Knecht, Jesse Snyder, Dayton H. Jenness, Jack Fromuth, Chas. J. Eckart, Dalmore Bowser, Harry J. Young, W. Buckes, Herman Schroeder, C. F. Hohnholz, Edward Mangorsson, James Murphy, Victor A. Blaising, Herbert S. Hollopeter, Chas. Soest, Wm. Broeking, Walter Freese, Edward Lasher, C. H. Wilcox, J. F. Sullivan, Hugh Hartman, Morgan Harrod, Rad Blackburn, Herman Bradmiller, Chas. S. B. White, Geo. A. Scheid, Geo. Karriger, Frank P. Sherbondy, W. B. Carson, John C. Hazelet, Joe P. Smith, J. M. Bringingsthall, Chas. Nowolstein, Henry C. Moriarity, G. W. Wehrmeister, Frank O. Johnson, Jacob H. Zuber, Martin Nagel, W. H. Butler, Harvey S. Banks, Thomas A. Shepherd, George H. Schafer, Rollie Gorrell, Fred J. Ranney, P. Walsh, Guy O. Farquharson, Stephan Swank, Jerry Surfus, Jos. B. Seaman, J. F. Freese, William Browand, Samuel L. Grabner, John F. Bartles, Harry Eckart, Frank W. Reese, George J. Murphy, G. Clink, Fred C. Gumper, Alvin P. Double, John J. Geary, Hallo D. Stocks, R. W. Erickson, Omar J. Brubaker, Earl Meyers, Royal Tilberry, L. Charles Jocquel, Frank Shafer, Edward Wefel, Charles J. Nolan, Otto E. Didion, M. Motherwell, Paul J. Hafner, John S. Harper, Harry Lindeman, Charles H. Ueake, T. F. Merilatt, Soldmon Ely, Geo. Jully, A. Redelsheimer, Charles B. Shreve, Frank DeTurk, Frank W. Thiebold, Paul C. Carle, William Bierbaum, Jos. B. O'Connell, Harry V. Edgar, B. L. Ritchin.

Accompanying the petition was a letter requesting the congressman to use his efforts to secure the discharge of the company. Mr. Robinson notified the authorities at Washington by telegraph that he had the petition, which was later forwarded to the war department.

The Fifteenth Anniversary.

The fifteenth anniversary of the Reformed Orphans' home will be celebrated on Thursday, the 25th of August, in the usual manner, to which the public is cordially invited. The ladies of the Reformed churches of the city will serve dinner and supper in their usual cheerful manner in the large dining rooms at the home, while booths containing refreshments will be erected in the beautiful grove in the rear of the institution. Music will be furnished by the Googlein band. Rev. Dr. Bachmann, of Cincinnati, and Rev. Keller, of Orrville, will be the speakers of the day. A number of visitors are expected from Toledo, and other neighboring cities. Will not our friends near by also come and enjoy the festivities with us?

The street car company will bring the visitors to the end of their line at the Driving park, and 'busses will be in waiting to convey them to the home. Come one, come all!

JOHN RETTIG,
Superintendent.

## BIG TIME AT AUBURN.

Grand Carnival and Peace Jubilee Commences in Two Weeks.

As many of our citizens as possible should visit Auburn during her grand carnival and peace jubilee, September 7, 8 and 9. Last year her carnival was a grand success and the program for this carnival should insure a crowded city. Some of the principal features are the royal illuminated pageants, parades of character, floats built by professionals, beautiful flower parade, given by the ladies, Pain's world renowned fireworks, including a remarkable collection of set pieces, mammoth bombs and novelties, open air vaudeville, electrical fountain and search lights, mammoth peace arch, masked festivity of children, the battle of Santiago de Cuba—a sham battle by 250 soldiers and artillerymen, with specially painted scenery and pyrotechnic effects. The best of band music and grand electrical displays. Special trains and half fare on all railroads.

## UNDER OLD GLORY.

Stars and Stripes Now Float Over Hawaii.

Impressive Scenes Attend the Formal Transfer of the Islands to the United States.

WASHINGTON, Aug. 23.—The state department has received the following from the late minister to Honolulu, Sewall, announcing the raising of the American flag over Hawaii:

"HONOLULU, Aug. 16.—Day, State Department.—Flag raised Friday, the 12th, noon. Ceremonies of transfer produced excellent impression. SEWALL."

IMPRESSIVE CEREMONIES.

HONOLULU, Aug. 12.—Via San Francisco, Aug. 23.—Precisely at 11:52 o'clock today the Hawaiian flag descended from the flagstaffs on all the government building and at exactly 11:55 the stars and stripes floated on the tropical breeze from every official flagstaff.

The ceremony of today was a most impressive one. To hear the strains of "Hawaii Ponoi" for the last time as a national anthem; to hear the bugle blow taps as the Hawaiian ensign sank from its position, and to notice the emotion of many who had been born under it and had lived their lives under it, was solemn.

But then came the bright call for the raising of old glory, and the strains of "The Star Spangled Banner" broke forth as that banner was unfurled to the breeze.

Then the cheers broke forth and eyes that had been dim for a few minutes became bright and lightened up when the stars and stripes blew out.

The ceremonies began with the departure of the First regiment of the National Guard of Hawaii from its drill shed at 8:50 this morning. The parade was headed by a detachment of twenty-six police under command of Captain Kane and Lieutenant Warren. Then came the Hawaiian band and drum corps.

The regiment marched to the boat landing to escort the troops from the Philadelphia and Mohican, which were already drawn up on shore. The United States forces were commanded by Lieutenant Commander Stevens, and consisted of one company of marines and two of blue jackets from the Mohican and an artillery detachment of two guns and forty-two men. The naval detachment was headed by the flagship's band.

The ceremonies opened with prayer by Rev. G. L. Peterson, pastor of the First Methodist church of this city.

United States Minister Sewall then rose and addressing President Dole, who had risen, presented him with a certified copy of the joint resolution of congress annexing the Hawaiian islands to the United States.

President Dole answered, acknowledging the making of a treaty of political union, and formally yielded to Minister Sewall, as the representative of the government of the United States, the sovereignty and public property of the Hawaiian islands.

Mr. Sewall replied:

"Mr. President: In the name of the United States I accept the transfer of the sovereignty and property of the Hawaiian government. The admiral commanding the United States naval forces in these waters will proceed to perform the duty intrusted to him."

The Hawaiian band played "Hawaii Ponoi," the national anthem. Colonel Fisher gave the order to the national guard battery stationed on the executive grounds in command of Lieutenant Ludwig, to fire the national salute of twenty-one guns, which was also repeated by the Philadelphia.

As the echo of the last gun reverberated in the hills a bugle sounded and the national ensign of Hawaii came slowly down until it reached the ground, never to go up again.

There was a short pause and then the admiral nodded slightly to Lieutenant Winterhalter, who gave the order "colors, roll off."

The flagship band struck up the well-known strains of "The Star Spangled Banner," and as the stars and stripes slowly ascended there was breathless suspense. But as it reached the top cheers broke forth from the crowds below and salutes of twenty-one guns were again fired by the Hawaiian battery and the Philadelphia.

The Spanish War Is Over.

The people of Greater America will now be in a position to pay more attention to domestic affairs transpiring in our midst, among which we know of none more interesting to contemplate than the Trans-Mississippi and International Exposition, popularly recognized as our Omaha Exposition. The Columbian Exposition at Chicago in 1893 may have been of greater proportions, but we are assured the Great Omaha Exposition is, in all essential particulars, possessed of equal merit. Reduced rates are authorized via the Nickel Plate road every day. Look out for special train excursions at low rates on dates to be announced later. 17-18-23-21

When in Rome City stop at Spring Beach Hotel. Rates, $1.50 per day. Special rates by the week. 22-eod-tf

## ANOTHER GAME WON.

Mansfield's Cripples Were Not in It With the Hoosiers.

Brodie Was Effective Until the Game Was Won, When He Let Down—Toledo Won—Notes.

The Mansfield cripples played another game with the Fort Waynes yesterday and were easily defeated. Tillie McShane is out of the game and while he is able to limp about he will probably not be allowed to get back at third for some days. Dr. Brott is playing the third sack and Kellum is taking care of right field as good as anybody can. Brodie and Kostal were pitted against each other and "Smoke" pitched the best game, although one more hit is credited against him than Kostal. He kept the visitors' hits well scattered until the seventh when he weakened a little. There was no time in the nine innings when the Haymakers had a chance to win out. Griffin did fine work at short again, while the fielding of Norcom was execrable. Fisher was back in the game and Colgan made the decisions. There was far less kicking than for two or three weeks past. Score:

Struck out—By Brodie, 3; by Kostal, 2. Double plays—O'Meara to Griffin to O'Meara; Griffin to O'Meara; Francis to Werrick to Howard; Werrick to Francis to Howard. Umpire—Colgan. Time of game—1:35.

Other Inter-State Games.

TOLEDO, 5; GRAND RAPIDS, 1.

TOLEDO, Ohio, Aug. 23—The game was won by the local team by very timely batting. Keenan was a puzzler for the furniture makers, and while Harper was not hit hard the hits came when they meant runs. Myers, who has fallen off in batting for some time, led with three two-baggers and did much toward winning the game. The score:

Toledo.......0 0 0 1 0 1 2 1 0—5
Gr. Rapids...0 0 0 0 1 0 0 0 0—1

Base hits—Toledo, 9; Grand Rapids, 5. Errors—Grand Rapids, 4. Batteries—Keenan and Arthur; Harper and Cote. Umpire—John Keefe.

DAYTON, 6; SPRINGFIELD, 4.

SPRINGFIELD, Ohio, Aug. 23.—Pitcher Crabill allowed the visitors one single in the first six innings, but weakened in the seventh. Relman opened the inning with a home run, followed by four singles, winning the game. The score:

Dayton......0 0 0 0 0 0 4 2 *—6
Springfield....2 0 0 0 0 0 1 0 1—4

Base hits—Springfield, 6; Dayton, 8. Errors—Springfield, 5. Batteries—Crabill and Graffius; Brown and Lattimer. Umpire—Donovan.

YOUNGSTOWN, 6; NEW CASTLE, 2.

YOUNGSTOWN, Ohio, Aug. 23.—Knepper was in the box for the home team and pitched a fine game. The visitors were unable to hit him at any stage. Bickert was fined by Umpire Lally for abusing him. The score:

Youngstown. 0 1 1 2 1 0 1 0 0—6
New Castle...2 0 0 0 0 0 0 0 0—2

Base hits—Youngstown, 11; New Castle, 5. Errors—Youngstown, 2; New Castle, 3 Batteries—Youngstown, Knepper and Schrecongost; New Castle, C. Smith and Zinram. Umpire—Lally.

NATIONAL LEAGUE.

Cincinnati, 7; Boston, 3.
Cincinnati, 5; Boston, 5.
Pittsburg, 6; Washington, 4.
Pittsburg, 3; Washington, 2.
New York, 11; Cleveland, 4.
Baltimore, 6; St. Louis, 1.
Philadelphia, 18; Louisville, 9.

WESTERN LEAGUE.

St. Paul, 8; Milwaukee, 4.
Indianapolis, 2; Minneapolis, 1.
St. Joseph, 7; Detroit, 3.

NOTES.

Colgan is umpiring here again and has some control of the players.

Norcom has won seven and lost seven games for Fort Wayne. Herr has won thirteen and lost fifteen.

Now that Tom Campbell has been released Patterson and O'Meara will probably alternate behind the bat and in the field.

The last game at home during August will be played tomorrow. There should be a big crowd to give the boys a royal send-off for their fine playing recently.

The hit the grand stand applauds is the long fly that is almost invariably pulled down. The bleachers have a better eye for a ball as a rule and are much quicker to appreciate a swift, clean play. There is a knowledge of the intricacies of the game displayed in the cheap seats that might frequently give points to the press box. The man who comes to sit on the bleachers also comes to see the game; he is not there to spend the afternoon or give his best girl an airing. He roots a good deal and jollies the players, but he is a ball fan right.

Mansfield News: "The so-called 'official' standing recently sent out by the president of the league isn't correct, as it gives New Castle one victory too many and one defeat too few, gives Dayton one victory too few and one defeat two many, Fort Wayne one defeat too many and Toledo one victory too few. But the president does manage to give correctly the won and lost for Springfield, Grand Rapids, Mansfield and Youngstown. There are opportunities for sixteen errors, but the president accepts but six of them."

The Brooklyn league team passed through Fort Wayne on Pennsylvania train No. 6 last evening en route from Chicago to Pittsburg. Brodie and Flood were at the depot to greet some of the players with whom they are acquainted.

The French Town Juniors defeated the Bob Whites yesterday by a score of 25 to 1. The feature of the game was the batting of the French Town Juniors. Batteries—French Town Juniors, Smith, Koons and Longfield; Bob Whites, Menefee and Hayes.

"Cy Swaim threatened to divorce a bunch of base ball fans from their breath last fall," says Cy Young in the Washington Post. "Cy's farm is located a few miles from my patch of ground and one day last October he came over to my house and induced me to go over to Dennison and play for a picked team that he had organized for the purpose of beating his brother's team. 'You play first base for four or five innings and I'll pitch. Then I will take your place on first and you pitch. Is it a go, Cy?' said the other Cy. I said it was a go, and we started for Dennison. Cy's brother had a husky looking lot of lads on his team, and they swung at Cy's speedy slants with the free and easy movement of a rail splitter employed in chopping down a tree. But they discovered Cy's curves for about ten hits in the first three innings, and the Dennison crowd got after Cy. 'You're a big Rube. So you pitched in Washington, did you? Why, you had better go back and toss fodder to the calves Cy,' was one of the cheerful compliments hurled at Cyrus. This was the unkindest cut of all. There was a man on the third base when this allusion to the calf was made. But Cy didn't care a tinker's cuss for that man on third. He turned and hurled the ball in the direction whence the gag about the calf and the Rube came. Then he walked off the diamond, expectorated in the hollow of his hand, flourished his fist, and bawled: 'Come on, gurl dern yer. Who's a Rube? If I had three shells or a gold brick here, we would find out who is the Rube in the party. I'll lick yer all in a bunch, or I'll take yer single-handed, ur my name an't Hillary Swaim.' I led Cy back to the pitcher's rubber, sent him to first base in the next inning, and finished up the game on the rubber. We won by one run, and that was all the satisfaction that Cy wanted."

## MUST PAY TAXES.

Prosecutor Will Prosecute Those Who Fail to Do So.

County Treasurer Hunter Has Submitted a List of Those Persons Who are Delinquent.

County Treasurer Hunter has turned over to the prosecuting attorney a list of those persons who are delinquent in taxes for three years or longer. The treasurer finds it impossible to collect from many persons who are able to pay and have their property in their wife's name. The buyers of property sold for delinquent taxes will not purchase certain kinds of property because the title cannot be made clear and the treasurer is confident that a few prosecutions will compel many of these delinquents to settle and will increase the revenues of the county and city several thousands of dollars.

A GARDENER ROBBED.

Last evening some thief or thieves entered the home of Michael Spitz a gardener who lives about one mile north of Centlivre's, and stole $30 in cash, which Mr. Spitz had in the house. The prowlers overlooked or did not care to take a certificate of deposit for $400, which was lying near the money. Sheriff Melching was notified of the crime and has been watching a suspected party all day.

COURT NOTES.

In the superior court Jennie Hibler makes application for a divorce from Anthony Hibler. P. B. Colerick penned the complaint.

John Zurbuch and Carrie M. E. Zurbuch have been given a temporary order by Judge Dawson restraining Constable Kennelly from taking possession of certain real estate alleged to have been purchased by Mr. Zurbuch from Emmet Martin.

## FIRST SESSION.

International Arbitration Commission Assembles in Quebec.

QUEBEC, Aug. 23.—At noon today the first meeting of the international arbitration commission was called at the parliament building. Nothing was done beyond the preliminary work of organization. This was followed by an informal reception by the city officials and an address of welcome delivered by the mayor of the city.

An informal meeting of the American commissioners was held last evening in Senator Fairbank's rooms, but nothing definite as to the work of the commission was decided upon.

Mr. Dingley has not yet arrived but is expected hourly. Senator Gray, of Delaware, came in from Montreal late last night.

Dallas Coleman, of Delaware county, Ohio, who has been visiting his uncle, J. M. Stahl, of this city, for the past two weeks, started for his home this morning. He made the trip on his wheel, starting from Ashley, August 9, at 9 a. m., reaching this city at 12:45 p. m. the next day, a distance of 158 miles.

$2.00 to Chicago and return, via Pennsylvania, next Sunday. Train leave at 3:55 a. m. 3w,t,f,s, tf

SPANISH VS. GREEK.

Ex-Secretary Hoke Smith Advocates Its Teaching in Place of the Classics.

Hon. Hoke Smith of Atlanta was at the Riggs last evening. Mr. Smith lately was a subject of comment in the press of the country because he favored making the study of Spanish optional with Greek in the boys' high school of his city. Mr. Smith's idea is based on the utilitarian proposition that a knowledge of the language of Spain, which is a live tongue, is worth immeasurably more to a youth than the ability to read the odes of Horace, the orations of Cicero, or even the soul-stirring poetry of old Homer.

"It is an acknowledged fact," said he, "that men soon forget the classics after they retire from college. Ten years after the exit of the brightest student from his alma mater, he is unable to interpret a line from Ovid, and you had as well ask him to translate a sentence in Sanscrit as to explain the meaning of a passage from Euripides. Outside of the mental training developed in their study time put on the ancient languages is worse than wasted. We don't care a fig for Spain or the Spaniards, but that shouldn't blind us to the fact that the speech of the enemy is the dominant tongue of countries contiguous to us and with which we expect to establish the closest trade relations. It is the language of Mexico, of the Central American republics, of nearly all the South American governments, and of the West Indies. The English, German, and French merchants who have made big fortunes by opening houses in all these countries use the speech of the people, and in that way have an enormous advantage over our own citizens who on going down there find themselves handicapped by being able to speak nothing save English. It is better to train our young men in those things that may be of service to them in maturer life, and the knowledge of a modern language must be regarded not only as an accomplishment, but as part of a thorough business equipment. As our next door neighbors speak Spanish, and as we want to sell them the bulk of the goods they buy instead of having them continue to buy of Europe, it seems the part of common sense that American boys should be taught Spanish in the regular curriculum of our public schools."—Washington Post.

The Flight of Time.

"Who was that young man who stood out at the front gate so long last night?" asked Mabel's father. "That was Herbert," she replied as she wiped the corner of her eye. "He came to say good-bye forever." "Humph! I thought he must have some such ambition, and it's a good thing I slammed the shutters. He said good-bye for two hours and a quarter as it was."—Washington Star.

Deepest Hole in the Earth.

The deepest hole in the earth is at Schladebach, near Ketschau, Germany. It is 5,735 feet in depth and is for geological research only. The drilling was begun in 1880, and stopped six years later because the engineers were unable with their instruments to go deeper. This hole was expensive, as its cost was $53,000.

Care for the Sparrows.

I do not find any sparrows with large storehouses, or any swallows with a great quantity of grain laid up for the morrow, and yet I have never taken up a sparrow that has been starved to death, and seldom or ever do you find a swallow that has perished of cold. God "careth for them; and are ye not much better than they?"—C. H. Spurgeon.

Neighborly Interest.

"It's kind of encouragin'," said Farmer Corntassel, "to hear o' Joe Backtigger sort o' gittin' up to date." "But hes arguin' agin the annexation of Hawaii, which is all past an' done." "I know it." But its a good sign. It shows his gittin' his mind off o' '16 to 1.'"—Washington Star.

The Dog of It.

"So you call your dog Dewey, do you? It seems to me that he's a very homely looking cur to be honored with such a name." "But Dewey is an especially appropriate name for this dog." "How so?" "It doesn't matter what he happens to be doing, he's always ready to suspend operations for breakfast."—Chicago News.

A Chinese Typewriter.

The Rev. Sheffield, a Presbyterian minister at Tung Chow, has invented a typewriter for the Chinese language. This machine is capable of writing 4,000 characters, which are carried around the circumference of numerous type-wheels. It requires the depression of two keys in order to print a simple character.

Heroic Resolve.

"Any war spirit out your way?" asked the grocer. "You bet," answered Farmer Green. "Only last week the wimmern got together at the schoolhouse and passed a resolution to not wear no Paris-made gownds."—Indianapolis Journal.

A Narrow Escape.

Thankful words written by Mrs. Ada E. Hart, of Groton, S. D. "Was taken with a bad cold which settled on my lungs; cough set in and finally terminated in consumption. Four doctors gave me up, saying I could live but a short time. I gave myself up to my Savior, determined if I could not stay with my friends on earth, I would meet my absent ones above. My husband was advised to get Dr. King's New Discovery for Consumption, Coughs and Colds. I gave it a trial, took in all eight bottles. It has cured me, and thank God I am saved and now a well and healthy woman." Trial bottles free at Dreier & Bros.' drug store. Regular size 50c and $1.00. Guaranteed or price refunded.

The Sure La Grippe Cure.

There is no use suffering from this dreadful malady if you will only get the right remedy. You are having pain all through your body, your liver is out of order, have no appetite, no life or ambition, have a bad cold, in fact are completely used up. Electric Bitters is the only remedy that will give prompt and sure relief. They act directly on your liver, stomach and kidneys, tone up the whole system and make you feel like a new being. They are guaranteed to cure or price refunded. For sale at Dreier & Bros.' drug store, only 50 cents per bottle.

"Our Nation in War."

YOUNG WOMEN desiring to make their home at the new

Y. W. C. A. Rooms,
49 and 51 W. Berry Street,

Should apply at once. Miss Johnson has charge of the rooms to be rented and may be seen after 5 o'clock at the association house West Berry Street.

## STRONG STATEMENTS.

Three Women Relieved of Female Troubles by Mrs. Pinkham.

From Mrs. A. W. SMITH, 59 Summer St., Biddeford, Me.:

"For several years I suffered with various diseases peculiar to my sex. Was troubled with a burning sensation across the small of my back, that all-gone feeling, was despondent, fretful and discouraged; the least exertion tired me. I tried several doctors but received little benefit. At last I decided to give your Lydia E. Pinkham's Vegetable Compound a trial. The effect of the first bottle was magical. Those symptoms of weakness that I was afflicted with, vanished like vapor before the sun. I cannot speak too highly of your valuable remedy. It is truly a boon to women."

From Mrs. MELISSA PHILLIPS, Lexington, Ind., to Mrs. Pinkham:

"Before I began taking your medicine I had suffered for two years with that tired feeling, headache, backache, no appetite, and a run-down condition of the system. I could not walk across the room. I have taken four bottles of the Vegetable Compound, one box of Liver Pills and used one package of Sanative Wash, and now feel like a new woman, and am able to do my work."

From Mrs. MOLLIE E. HERRELL, Powell Station, Tenn.:

"For three years I suffered with such a weakness of the back, could not perform my household duties. I also had falling of the womb, terrible bearing-down pains and headache. I have taken two bottles of Lydia E. Pinkham's Vegetable Compound and feel like a new woman. I recommend your medicine to every woman I know."

Victory on Our Banners.

The position of the American symbol of victory on an article of our craft is meant to signify just what you already have guessed. Our work has been successful and victory has indeed perched on our banners. What others have found true of us you will also.

FALL HATS

From time immemorial the 1st of September has sounded the "sunset gun" of the straw. It's bad form—very—to wear a straw hat longer—"but that's another story"—what we want to say to you is that the Fall blocks are now all in—the stock's complete, and handsomer Hats we've never handled.

THE—
Howard Derby Hat

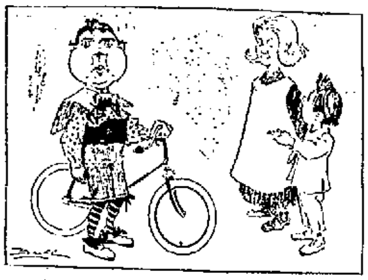

For which we are sole agents in Fort Wayne, is without question the peer of any $5.00 agency Hat on the market—but when we control anything the price is bound to be the lowest, and that's why we sell the Howard for $3.00.

Our Hats at $2.00 come in both Derby and Fedora styles, and in all the newest shades—no $3.00 Hat in town can touch these in the salient point of style, quality and finish.

At $1.50 and even at $1.00 we show both Derby and Fedora Hats that are really price wonders. Dealing as we do directly with the manufacturers, we are enabled to save you the jobbers' profit.

# A BIG AFFAIR

Is the Excursion to Petoskey Today.

The Grand Rapids Road Takes Nearly 100 of Our Citizens North—Shop and Rail.

The excursion to Petoskey and Mackinac Island today over the Grand Rapids and Indiana road was well patronized by Fort Wayne citizens. The morning train carried eighty-eight Petoskey passengers and twelve Mackinac passengers, and from the number of inquiries by telephone and otherwise Agent Ross was led to believe that at least seventy-five more would leave on the afternoon train. This excursion started from Fort Wayne. Next Tuesday the company will run another, starting the train from Richmond and taking on excursionists at all points on route until Grand Rapids is reached.

COAL DOCK LABORER HURT.

Fred Foss is lying at his home, 12 Custer street, with injuries received while working upon the Nickel Plate coal docks. At noon yesterday he fell from the top of one of the big engine tanks to the bottom of the cinder pit, a distance of sixteen feet, and striking upon the draw bar heads of a car in the descent. He was picked up in a dazed condition and taken home, where Dr. J. M. Dinnen found that his injuries were a bad cut in the head and bruised and sprained back and hips. Mr. Foss will be unable to work for some days.

BIG ORDERS FOR CARS.

Within the past sixty days the receivers of the Baltimore and Ohio have ordered almost 6,000 new freight cars, of which the Pullman company is building 1,000 box and 1,000 drop-end gondolas; the Michigan Peninsular 3,000 box cars, and the South Baltimore car works 200 box cars, 500 hopper coal cars and fifteen four-wheel cabooses, making a total of 22,735 freight cars ordered in less than two years. These cars are all of modern construction, are fully equipped with air brakes and automatic couplers, and average 60,000 pounds capacity. It is estimated that fully 85 per cent. of the Baltimore and Ohio freight cars have air brakes and automatic couplers in accordance with the inter-state commerce law.

A FAST RUN.

Last week a train consisting of an engine, four coaches and a Pullman palace car broke the Philadelphia and Reading record for speed. The record run was made between Elizabeth and Jenkintown, a distance of sixty-nine miles, which was covered in sixty-one minutes, including the time consumed in twice slowing up for water, once near Bound-Brook, and once on the Delaware river bridge. Some of the miles were reeled off in thirty eight seconds. When the train left Jersey City it was eighteen minutes late; when it pulled into the station at Jenkintown it was exactly on time. The ordinary running time for the full ninety-two miles is one hour and fifty-eight minutes; the time for the full trip on Monday, including the run between Jersey City and Elizabeth, as well as between Elizabeth and Jenkintown, was one hour and forty minutes.

WEHRENBERG & BUESHING GOT THE CONTRACT.

When Charles R. Wermuth, the contractor, figured upon the cost of building the Hoagland school for the purpose of submitting a bid, he forgot to include painting and consequently his bid was the lowest of the dozen or more submitted. When he discovered his error he refused to take the contract and the next lowest bidder, Messrs. Wehrenberg & Bueshing, were awarded the contract for the erection of the building for $24,240. Wermuth's bid was for $23,233. Work upon the building will commence at once.

General and Local Gossip.

John Connors, of the Pittsburg blacksmith shop, is sick and off duty.

The Baltimore and Ohio has created the position of "commandant manager."

Nickel Plate Conductor J. R. Meyers is taking a lay off to attend to some private business.

Fireman John Vasserict, of the Nickel Plate, has gone to Bellevue to spend a vacation with friends.

Machinist Frank Saffen has recovered from his recent illness and is again at work in the Bass shops.

After a week at his old home in Michigan, Nickel Plate Brakeman F. Magill has resumed his duties on the road.

E. M. Briggs, of New York, is here taking measurements for the winter suits of the Pennsylvania trainmen.

The Wabash in the second week of August, shows an increase in earnings over the corresponding week of 1897 of $4,021.

John Sanders, of the Pittsburg paint shop, went to Maples, Ind., this morning to assist his father, who is a farmer, with his threshing.

E. H. C. Bruns, who was taken sick last May, has recovered sufficiently to resume his place in the Pittsburg shops. He is a cab builder.

The Western Union linemen, who have been working here for the past four or five weeks, finished their task today and tomorrow will go to Quincy, Ill., to take up a similar one. There are twelve men in the party.

Homer Carpenter this morning resumed his place at the desk in the office of the Electric corporation, after a most pleasant two weeks' vacation.

J. F. Nolan, trainmaster of the eastern end of the Indianapolis division of the Panhandle, has removed his headquarters from Bradford to Columbus.

Engineer Peter McGuire, of the Pittsburg, who has been sick for several weeks, suffered a relapse last night, and is again confined to bed nearly all the time.

The Wabash has secured the contract for hauling west one hundred new street cars that the John Stephenson company, of Troy, N. Y., is building for Chicago lines.

Thomas Pritchard, a moulder at the Bass works, who has been in poor health for some time, has gone to Northern Michigan in the hopes of receiving physical benefits.

Hiram Crego, conductor of the first Pullman car run, which was in 1858, from Chicago to Freeport, is now a switchman in the Panhandle yards at Chicago. He is sixty years old.

James Nicholson, yard foreman of the Nickel Plate, has gone to Buffalo, N. Y., to join and accompany his wife home. The lady has been visiting there the past week or two.

The Illinois Central Sunday run a business men's excursion from New Orleans and Memphis to Chicago at a $10 rate, and it required seven special trains to carry the excursionists.

The semi-annual meeting of the American Association of General Ticket and Passenger Agents will be held at Detroit October 18, when action will be taken on using safety ticket paper.

It is said that in adopting its present system of looking after fuel supplies, the Wabash has effected a saving of $165,000 during the past fiscal year. George M. Burns has charge of this department.

Thomas Stonebrook, painter employed in the Pittsburg shops, is very sick. His little son has been quite ill, and the worry and loss of sleep brought on the illness which has prostrated Mr. Stonebrook.

The Fort Wayne Spoke company is preparing to ship a car load of wheel material to the Standard Wheel company at Sandusky, Ohio. Business in the wheel line has been steadily improving for the past year.

Conductor Addy Dawson has returned from Donaldson, where he spent a week fishing. He was successful to a remarkable degree and several of his Fort Wayne friends are indebted to him for a nice mess of fish.

Conductor M. E. Baum and Brakeman C. M. Tindall have resumed their respective duties on the Nickel Plate after attending the funeral of Mrs. Baum at Seneca, Ohio. The dead lady was a sister of Mr. Tindall's.

A special carrying Vice President Wood, of the Pennsylvania lines, on Friday, in running from Chicago to Pittsburg, made the run from Bradford to Columbus, eighty-three miles, in ninety-seven minutes, stopping once for water.

It is learned that an important meeting of the traffic managers of the Vanderbilt lines will be held this week at Buffalo to arrange the minor details for consolidating the eight fast freight lines operating on the Vanderbilt systems.

Fenimore Elliott, who has been under quarantine restriction for two weeks on account of scarlet fever at his home, expects to go to work again in a day or two. The patient, a little girl, has recovered, and the premises were fumigated yesterday.

Barry Shives, one of the members of a hammer crew at the Bass blacksmith shop, was struck on the breast yesterday with a piece of iron and severely injured. He was taken to his home on Charles street, where Dr. A. J. Kesler attended him.

H. C. Medorwell, of the Nickel Plate, will entertain the local freight agents at his home this evening. Notwithstanding the great competition for business the freight agents of Fort Wayne are a social set, and these meetings are most enjoyable affairs.

The bans of Charles F. Dunn and Miss Celia McMahon were announced for the first time from the pulpit of the Cathedral last Sunday morning. Mr. Dunn is a machinist in the Pittsburg shops and Miss McMahon is the daughter of a well known citizen of Detroit. The wedding will take place September 7, and after an eastern tour, the bride and groom will return here and go to housekeeping in the south side.

On October 1 the the Santa Fe will again try the experiment of establishing a line of steamers between San Diego and China and Japan. The management thinks it a more opportune time to establish such a line than was its first experiment in that direction.

It is interesting to note that the Baldwin locomotive works have just completed the first engine for England. For years the works have been building locomotives for British provinces and colonies, but this is the first foothold one of them has secured for the island itself.

Ed. Hall, a fireman on the Grand Rapids and Indiana road, who has been suffering with appendicitis for some time, is getting better, and will probably recover without undergoing a surgical operation. He is still confined to his bed, however. Mr. Hall resides on Wallace street.

Ed. Alway is probably one of the worst afflicted of the many hay fever subjects in Fort Wayne. He was so ill yesterday and the preceding day that he was unable to leave his bed, and is but little better today. Mr. Alway is a car repairer, employed in the Nickel Plate yards.

T. P. McArdle, a local conductor on the Pennsylvania road, is the most popular conductor in the city, if we are to judge by the vote on the lantern at the Bloomingdale Catholic church fair. He received 1,515 votes. Other contestants were William Decterman, 1,005 votes, and C. Bell, 693½ votes.

The Chicago-St. Paul roads have hit the Canadian Pacific another hard blow. At this season of the year there is always an exodus of farm laborers from eastern Canada to Manitoba, and this year it is larger than ever before. Over 3,000 passengers of this class have been hauled in one week. Formerly the Canadian Pacific had a monopoly of this business; now the American lines have gone in as competitors and have succeeded in diverting a large per cent. of travel via Chicago and St. Paul.

# RACES AT DUBUQUE.

Lena N. Won the 2:12 Pace in Straight Heats.

Querist Forced to Trot in 2:12 3-4—Great Event Will be the 2:07 Pace Today—Searchlight Will Start.

DUBUQUE, Iowa, Aug. 23.—The Nutwood park meeting opened under bright skies and a torrid heat with an attendance of 1,000 or more. Lena N. took the 2:12 pace without extending herself, but otherwise the sport was first-class.

McHenry was behind Alice Dorman, the favorite in the 2:40 trot, and was forced to drive her out the first two heats. The third went to Aggie Medium and then McMillan took the race. McHenry made a great effort in the final heat, but the bay horse was game and steady and carried the mare off her feet near the wire.

Querist, in the 2:28 trot, had Cutting to beat in every heat, and was obliged to step the last in 2:12¾, thus passing out of Cutting's class. Cutting was started back of the field in the second, but finished at the throat latch of the Montana horse.

The 2:07 pace today will be the big event of the meeting. Searchlight is barred in the pools, though Sally Toler, Lady Nottingham, Badge, and other fast ones will start.

The summaries:

# CURFEW WON'T RING

But the Ordinance Will Pass the City Council.

Committee Will Recommend Against the Bell and Whistle, but in Favor of the Law.

The committee on rules, regulations and ordinances at a meeting last night decided to recommend the passage of the curfew ordinance with the section providing for the ringing of a bell or the sounding of a whistle stricken out. This means that children must keep informed as to the hour. The committee was unanimous in its recommendations and this fact insures the passage of the ordinance, as the biggest opposition to its passage heretofore was by some of the members of this committee.

CITY LIGHTING.

The city lighting contract will come up before the council tonight for consideration. The board of works will submit a communication, which will probably explain that they cannot enter into a contract with the Jenney Electric Light and Power company to furnish light at $85 a lamp. An effort is being made by certain councilmen to make some provision for a municipal plant and when this is done many members who now oppose the $100 contract will support it.

APPROPRIATIONS.

Mayor Scherer will submit to the city council this evening his recommendations for appropriations with which to run the departments of the city during the next year. The sum total asked for will be $228,000, only $10,000 more than was appropriated last year. A little pruning was done by the mayor and Comptroller Berghoff in all the departments.

BOARD OF WORKS.

The board of public works yesterday received from the engineer plans for the following improvements:

For a sewer in the alley between Fletcher avenue and Grant avenue, from Penn street to the alley north; sewer in the alley between Alliger and Penn streets, from Fletcher avenue to Grant avenue.

For paving the alley between Baker street and Brooklyn avenue, from Calhoun street to the first alley west.

For constructing sidewalks on Poplar street, both sides, and grading that thoroughfare, from Fox avenue to the alley west of Oakley street.

For building sidewalks on the south side of Columbia avenue, from Old Fort street to the east line of lot 28, Lakeside Park addition.

The board approved all the plans and passed resolutions for the improvements as specified.

A communication from the council, instructing the board to erect a public drinking fountain on the Barr street market place, was received and place on file. The board approved the contract and bond of Haiber & Schwartzkopf for constructing sidewalk intersections on the newly paved south side streets and the bonds of J. W. Haiber and W. R. Smick, for relaying sidewalks by private contract.

The board has sent to all plumbers, gas-fitters, sewer and water works contractors, copies of the ordinance recently passed by the council, requiring the issuance of permits before streets or alleys can be torn up for any improvements. The board will enforce the ordinance.

MUNICIPAL NOTES.

A remonstrance signed by R. T. McDonald, George DeWald, P. A. Randall, Edward Seidel and others has been filed with City Clerk Menning against the removal of the street railway tracks from Columbia street.

The sheet asphalt is being laid on Hoagland avenue and the concrete is being put down on Calhoun street. President Williams, of the Alcatraz company, was here and says the work will be completed by September 20th.

Mass Meeting Tonight.

The following call was issued last evening:

The citizens of Fort Wayne are requested to meet in mass meeting at the city hall this evening at 7:30 p. m. to take some action which may result in our soldier boys of northern Indiana, who are not to be sent to the front, in being transferred from their present unwholesome quarters, where many of them are suffering from sickness and want of sufficient medical attendance and supplies, to our own state at Indianapolis, or better still, to Fort Wayne, where they can be properly cared for until they are mustered out. Ladies are requested to attend.

C. B. OAKLEY,
F. W. KEIL,
ALLAN H. DOUGALL.

Magnificent Train Service

Of the Union Pacific from Council Bluffs or Kansas City makes it the popular line to all points in Nebraska, Kansas, Colorado, Wyoming, Utah and the Pacific coast. Three trains daily from Council Bluffs. Two trains daily from Kansas City. Pullman Palace Double Drawing Room Sleepers. Buffet Smoking and Library Cars. Free Reclining Chair Cars. Dining Cars. J. H. JUNE,
Trav. Pass. Agent, Union Pacific Railroad Co., Room 9, Jackson Place, Indianapolis, Ind. aug8tf

Dr. A. L. Jones, of Lima, Ohio, formerly of this city, was married Saturday to Miss Hattie Wilson, of Defiance. Miss Wilson has many friends in this city. Mr. and Mrs. Jones will go to housekeeping in Lima immediately.

Which Rules?

When a man is sick his work rules him instead of his ruling his work. His daily task, instead of being the means which supports and contributes to comfort and prosperity becomes an over whelming burden weighing him down. He has no strength, no ambition. He feels that there is nothing left but for him to stagger along until the awful pressure of disease and trouble at last crushes him to earth.

The prosperous man is the one who keeps the upper hand of his work, because he is strong, capable and energetic. Dr. Pierce's Golden Medical Discovery has brought the best kind of prosperity to thousands of weighed-down, over-burdened men and women by giving them the physical strength and stamina to carry on their work forcefully and easily.

"For the last three years" says Mr. J. C. Morgan, of Monongah, Marion Co., W. Va., in a letter to Dr. Pierce, "I have been a constant sufferer from indigestion complicated with complaints that generally accompany such cases. Always after eating there would be a formation of gas and a heavy feeling in my stomach. I would belch up my food after eating, bowels were very irregular. I would imagine I saw objects floating before my eyes. I had pain across my back. About December, 1897, I began feeling much worse than usual and was beginning to think I would have to suffer the remainder of my life. I was greatly discouraged. I described my case to Dr. Pierce's staff of physicians and they directed me to begin at once taking the 'Golden Medical Discovery' according to directions. I did so and am happy to state I experienced most gratifying results as all the unpleasant feelings have entirely left me. I have now a very good appetite, relish my food, and am pleased to say I feel once more like my former self. I recently walked a distance of one hundred and ten miles in about four days."

No remedy relieves constipation so quickly and effectively as Dr. Pierce's Pleasant Pellets.

**Culver Military Academy**

## THE STERLING TRADE OF THE DAY.

THE ALL YEAR ROUND BUSINESS.

# WOMEN'S MUSLIN UNDERWEAR.

It used to be when Fall came these were packed away till Spring. But the demand is as big in the Fall as in the Spring and in the Spring as in the Fall. Makers have got Muslin Underwear to such perfection, few care to make it at home. Then they are better made, better shaped and less in price. Temptingly pretty muslin wear for women will interest lovers of dainty garments today.

**AT 50c**—Of good muslin, square yoke gowns, trimmed with embroidery and tucks—58 and 60 inches long.

WHITE FRUIT HOUSE.

Mrs. R. T. McDonald returned from the east today.

Miss Blanche Lindsey, of South Calhoun street, is very ill.

Mrs. Charles Pape and children are at the hotel at Rome City.

Mrs. T. E. Nash and Miss Daisy have gone for an extended trip in the east.

Mrs. J. M. Gouty is visiting her daughter, Mrs. W. A. Morras, at Franklin.

Miss Carrie Kanne, of No. 170 Madison street, has gone to Lima to visit friends.

Mr. and Mrs. L. O. Hull and daughters are spending a few days at Rome City.

The Lakeside Aid society met this afternoon with Mrs. Hulburd, on Columbia avenue.

Bertha Wiebke is in Detroit visiting with Mrs. Samuel Mosbaumer for a couple of weeks

Mrs. A. Lallerman and daughter, of New Bremen, Ohio, are the guests of relatives in this city.

Miss Mary Krause, of Chicago, is spending the week with Miss Lena Lenczynski, of St. Martin's street.

Mr. and Mrs. Joseph Gair and daughter, Miss Emma, of Chicago, are visiting Mr. and Mrs. Frank Benoy.

Chris. Paul was taken to St. Joseph hospital, where an operation for rupture of a blood vessel was performed

Mr. and Mrs. Thomas Shull, Miss Mollie Shull and Miss Chella McBirnan, of Montpelier, visited in Fort Wayne yesterday.

Mr. and Mrs. A. D. Perry, of No. 423 South Lafayette street, have gone to the lakes about Angola for a two weeks' outing.

Lieutenant Frank Alderman, of the Twenty-eighth Indiana artillery, is in the city visiting his parents, Mr. and Mrs. Frank Alderman.

George Cummerow, the attorney, arrived in the city this morning and will enter into a law partnership with Phil B. Colerick. Mr. Cummerow will make his home with his sister, Mrs. A. Rogge.

The following building permits have been issued: Mrs. Julia Denninger, dwelling on east half of lot 231, Hanna's addition, $1,000; H. Lepper, dwelling on east half of lot 235, Hanna's addition, $1,200.

Frank Bogash left for Glens Falls, N. Y., last evening. His namesake is entered in the fast pace there this week and Frank will drive him. They will make the grand circuit before Mr. Bogash returns to Fort Wayne.

Mrs. J. Longfield, of No. 67 Charles street, gave a picnic at Robison park this afternoon in honor of her two nieces from Youngstown, Ohio, Misses Bertha and Rose Miller, and Miss Alice Conrad, of Defiance, Ohio.

The committee on statuary for the new court house will meet next Friday evening in the parlors of the Wayne hotel. They will discuss with Architect Tolan some of the historical statues to be placed on the court house.

Two of the prominent members of the Mackay Opera company, now appearing in the Robison park theater, have decided to unite their destinies for the future and the marriage of Miss Kitty Marcellus to Al. Wallo will take place tomorrow.

The second section of the Ladies' society of the Bethany church will tomorrow evening give a lawn social at the corner of Rumsey and Jessie streets. Should the weather be unfavorable the social will be held at the home of Mrs. Case on Jessie street.

At the recent session of the American Bar association, at Atlantic City, the Hon. Wm. P. Breen was elected a member of the general council for Indiana, and Mr. John Morris, jr., was chosen a member of the local council for the state. Both are places of distinction.

One of the finest peaches raised in the county was shown THE SENTINEL by Councilman Hench. It was of the early Crawford variety and measured in circumference one way 7¾ inches and another 7¾ inches. The beauty about this peach is that there are several more on the tree from which it was plucked.

The Sunday school workers of Fort Wayne should not fail to hear Miss Harlow. Her whole life has been devoted to Sunday school work, and she is by common consent ranked as the leading instructor in this country. She will give two sessions each day, morning and evening, at the Baptist church.

Miss Bessie Hedekin gave a conundrum party yesterday which was a great success. There was about sixty invitations issued and nearly all responded. The yard was beautifully decorated in the national colors and the guests were entertained by answering conundrums by the name of some flowers—which was a good deal of thinking for the young ladies. The prize was won by Miss Alton, who is the guest of Mrs. Henry Freeman. The ladies from out of town who were present were Miss Grace McCarthy, of Carthage, Mo.; Miss Blanche Turner, of Wheeling, W. Va.; Miss Maud Gusman, of Huntington; Miss Allen, of New York city.

**Walther League Orchestra tomorrow afternoon and evening at Swinney Park.**

N. L. Jackman, of Waterloo, was in the city today.

James B. Williams of Huntington, is in the city.

The city council meets in regular session this evening.

Mrs. Jane Chinworth and daughter, Ida, have gone to Auburn for a few days.

Stephen Stutesman is off duty at the Randall on account of an attack of rheumatism.

Mrs. A. Pressler, of Lakeside, has gone to Indianapolis to make a visit of several weeks.

Mrs Nirdlinger, at one time a resident of Fort Wayne, is in the city visiting relatives.

Miss Julia Emanuel and Miss Belle Graham have returned from a two weeks' visit in Cleveland.

Misses Laura Walter and Emma Sinclair came home last evening, after a ten days' outing at Rome City.

The Fort Wayne Theosophical society will meet Thursday evening in Vordermark hall, No. 32 Calhoun street.

The Misses Constance and Hazel Kephuger, daughters of Harry Kephuger, are visiting their aunt at Bucyrus, Ohio.

Mecheeamochque tribe of Red Men will hold a smoker tomorrow evening, at which all of the ex members are invited

Monday the family of Gottlieb Brudi, living east of town, near New Haven, celebrated the fifty-ninth anniversary of Mrs. Brudi's birth. They had arranged several surprises, all of which were well carried out. The climax was reached about 9 o'clock, when the Walther League double quartet, of this city, appeared at the home of the unsuspecting celebrant, and by their artistic rendering of numerous appropriate selections, both vocal and instrumental, beguiled the hours until midnight. An elaborate luncheon was served at 11 o'clock.

## IN COLD ALASKA.

**Harry H. Edgerton Writes Home to Relatives.**

Sends Some Pictures Taken by Himself and a Number of Bellis Plucked From the Hills.

Harry H. Edgerton has written an interesting letter from Alaska to relatives in Fort Wayne. The letter is dated Camp No. 7, Skaguay Trail, July 30. Mr. Edgerton says that he has completed his labors as an engineer for the government, and is preparing to do some prospecting for himself. He anticipated leaving Skaguay for Lake Bennett on August 5. From the latter place he intended to take boats down the Yukon toward Dawson, a trip which would consume at least twenty days. Mr. Edgerton then proposed to strike out into the woods and wilderness for himself, and explained to the relatives that another letter would not be received from him for perhaps one year.

He sent home a number of pictures taken by himself of scenes along the route he traveled. There were two of Brackett's wagon road along White Pass, one showing the cold, dreary space for miles ahead and another a small bridge built through a ravine. Another picture showed Mr. Edgerton busy at work over a wash tub on wash day. There was a picture where he was coasting down a big hill covered with snow at Fork Falls on June 26. Another picture taken of Brackett's road along White Pass showed Mr. Edgerton's dog as the only creature alive. As relics Mr. Edgerton sent specimens of moss and flowers, among the latter some Johnny-jump-ups. The claws of an eagle and four rattles taken from a rattlesnake were also amongst the relics shown THE SENTINEL reporter by A. H. Bittenger this morning. Mr. Edgerton said he could not send nuggets as the miners would not part with them until they had been taken to an assay office.

**RETURNING FROM WINONA.**

A Large Number of Ministers are in Fort Wayne.

A large number of ministers arrived on the noon train today from Winona, where they were attending the Bible conference.

They all report it the most successful conference yet held at Winona. The new man this year, Dr. Campbell Morgan, of London, is said to be the greatest preacher on the Winona platform. Next year they have the promise of Dwight L. Moody, John Wanamaker and F. B. Meyers, of London. The attendance this year was greater than ever before and the ministers all returned feeling that they had been greatly benefitted by the conference and will come back next year in larger numbers. Among the preachers in the city today were Rev. Dr. Johnson, of South Bend; Rev. Dr. Morehead, of Xenia, Ohio; Rev. George A. McIntosh, of Kendallville; Rev. J. D. Bailey, of Bluffton.

The directors of the Home Telephone company will meet in adjourned session on Thursday afternoon.

Miss Urma Seavey has joined Miss Anna Harris at Indianapolis and is enjoying a visit with Miss Harris' relatives.

Miss Bertha Bauerman, of Monroeville, is the guest of Miss Ida Deppler, of No. 112 North Harrison street, for this week.

Reuben Webb and family have arrived in the city from Glenn Springs, Col., to spend the winter with Mrs. A. M. Webb, of this city.

J. Lynch, of Baltimore, who has been visiting his nieces, Mrs. J. Smith and Mrs. W. Bartsfield, of the north side, left this morning for the east.

Mrs. Sol Buckols, of Duluth, Mont., who has been in the city for several days, left yesterday for Toledo to visit her brother, Nelson Maumee.

At a meeting of the Caledonian society last evening, it was decided to postpone their annual picnic and games until a later day, to be announced hereafter.

Willard Plogsterth, the traveling salesman of Indianapolis, formerly with Root & Co., of this city, is ill at the home of his parents on East Creighton avenue.

**SCHOOL WILL BEGIN.**

Scholars of St. Augustine's Academy Will Commence Their Studies September 6.

Another scholastic year for the pupils of St. Augustine's academy will begin on Tuesday, September 6, and after a long and pleasant vacation the students will, no doubt, be in prompt readiness to resume their studies, and application to the various ornamental branches, pursued with every advantage at the academy.

The curriculum of study is complete in twelve grades, comprising all the essentials not only for a thorough education, but even for the highest attainments in those branches which give culture, refinement and ability of research to young lady graduates who complete the course of study and receive diplomas from this institution.

The national graded course of music is the one pursued and in its various requirements is complete in seven grades. The history of music is taught in connection with selections from the best masters. Theory is taught in class or privately to pupils who wish to avail themselves of these advantages. The system of technique is the same as that followed and adopted by the best conservatories. Vocal music and the various stringed instruments will also receive special attention from competent instructresses.

The art department will be in readiness from September 6 and the various branches will be arranged for the convenience of all. Oil, pastel, crayon, water colors, drawing, portrait and china painting will be taught.

**Children's picnic and ice cream social at Swinney Park tomorrow afternoon and evening.**

Now a treat for boys and girls. New '98 bicycles for boys and girls, $15; never before sold for less than $30—and remember our auction sale of Bellis bicycles, Thursday 2 p. m. and 8 p. m.

# INDIANA MEDICAL & SURGICAL INSTITUTE.

Dr. Youngs & Co., have treated more patients, cured more people, and made more men and women healthy and happy than any other medical firm in Indiana.

*SWORN TESTIMONIALS*

Are the only testimonials upon which reliance can be placed. We are the only physicians in the United States today who have sworn statements to show that we can cure what we claim to cure. Cases that other doctors did not, could not cure, have given us their affidavits that we have cured them after all other doctors have failed.

We positively cure Piles, Rupture, Varicose Veins, Varicocele, Hydrocele, Gleet, Stricture, Night Losses, Drains in Urine, Weak Backs, Sexual Weakness, Premature Discharges, Private Diseases, Blood Poison, Pimples and other bad results of secret vice, excesses and exposure; Catarrh, Rheumatism, Dyspepsia, Kidney and Bladder Trouble, all Chronic and painful complaints.
